Baileyton considers Parkside gym donation, talks Wi-Fi concerns

BAILEYTON, Ala. – The Baileyton Town Council at its meeting this week heard from Parkside Basketball Coach Danny Weaver about the school's efforts to raise money to redo the gymnasium floor. The school hosts basketball games, volleyball games and tournaments.

"Our school is so nice on the inside and all the stuff they've done there, but a lot of people don't get to see that. They just see our gym and kind of base our school off our gym," Weaver said to the council.

The coach said the school is selling ads to place around the gym floor to raise money.

"Several businesses have decided that they might be able to do that," said Weaver, "but any donation maybe to the school or athletic program, we would take that."

He said the cost of the new gym floor is estimated to be $16,000.

The council agreed to help the athletic program's efforts with a donation, but did not specify an amount during the meeting.

Mayor Johnny Dyar said, "I think we can do something."

(BONUS) PET OF THE WEEK

Puppy time - meet Betty Boop!

CULLMAN COUNTY ANIMAL SHELTER

Betty Boop

W.C. Mann
craig@cullmantribune.com

CULLMAN, Ala. – The Cullman County Animal Shelter has plenty of love to share right now, so Donna Ruttkay shares a bonus Cullman Tribune Pet of the Week:

Betty Boop is an 11-week-old (Yep, she's a puppy!) terrier mix. She's an animated medium-energy pup who's looking for a worthy leader to call her own.

She likes being with her people, but is learning the importance of personal space. Ruttkay reports that Betty is intelligent and picks things up quickly.

Betty Boop has the makings of an excellent companion or therapy dog.

Betty Boop's adoption fee is $100 which includes: DHLPP vaccine, Bordetella vaccines, rabies vaccine, wormer, general exam at the vet, spaying, microchip, free 30-day health insurance policy issued by 24PetWatch (with valid email only) and a free bag of food from Cullman Pet Depot (you must pay sales tax).

Animal shelter staff and volunteers work with their dogs to make sure they are accustomed to being around people, walking on a leash and practicing good behavior.

Several of the shelter's canine friends have even been "hired" to work as therapy and special needs service dogs.

Please consider adopting, to give a rescued pet a chance at a happy and healthy life.

Contact the Cullman County Animal Shelter at 256-734-5448 or cullmancountyanimalshelter@gmail.com. Visit the shelter at 935 Convent Road NE.

ALEA: Pre-spring break talk with teen drivers key to safe road trips

Lieutenant J.R. Ward II
Contributor

MONTGOMERY, Ala. – With heavier-than-usual traffic expected during the spring break months of March and April, the Alabama Law Enforcement Agency (ALEA) encourages motorists- particularly teen drivers and their parents- to make highway safety a priority. Now is the time to plan and discuss travel issues with your teens. Now is the time to discuss safety and arriving alive. We are asking parents to help us make this season of spring break a safe one. Take a few minutes to go over traffic laws with your teens, especially if they will travel with teen friends.

Remind them to buckle up, to focus on the road, to avoid such distractions relating to social media / texting while driving and to obey speed limits and other traffic laws. In Alabama this year, we are up 32 traffic fatalities. We have had a » PAGE 5

Coronavirus quarantine: Be prepared

Justin Miller
Contributor

AUBURN UNIVERSITY, Ala. – Coronavirus (COVID-19) has appeared in the South. It is important that people prepare to face the possibility of diagnoses in Alabama. In fact, the Centers for Disease Control and Prevention (CDC) recommends that people have all of the necessary things in order in the event they have to be quarantined at home. Many will recognize these items as traditional emergency weather supplies.

Preparing the home
A COVID-19 quarantine could last up to two weeks. It is important to gather the necessary things in the home to function for that period of time. Ruth Brock, an Alabama Extension family and consumer sciences specialist, offers some guidance on what to have in supply.

"There is no need to buy things you will not use later or to stockpile more than you would need for two weeks," Brock said. "People need to have a two-week supply of things such as food, medicines and other general household items."

Food
Having a two-week supply of water and food is important. If there are young children in the home or people with specific dietary requirements, be sure to have an adequate supply of infant formula and other foods needed.

"It is unlikely there will be disruptions to the power or water supply, but canned foods, bottled water and shelf-stable milk are good choices to keep on hand," she said. "Remember, the general rule is to store one gallon of water per day per person."

General household items
Brock said people should keep the following household items in supply in the event of a quarantine.

- Toilet paper
- Paper towels
- Dish and laundry detergent
- Hand soap
- Bleach, both liquid and wipes
- First-aid supplies
- Toiletry items such as toothbrushes/paste, contact solution, denture supplies, feminine products and deodorant
- Garbage bags
- Facial tissues
- Pet supplies including food, medications and litter

Medicines
People should prepare to have an adequate supply of both prescription and over-the-counter medicines. Brock said people should contact their pharmacist to help with the timing of their refills.

"Fill any prescriptions as soon as they are eligible to ensure that you have an ample supply to last through a two-week quarantine," Brock said. "You should also have over-the-counter items such as pain relievers, antidiarrheal medicine, cough suppressant or any routine items your family uses."

Items for children
Two weeks is a long time for children to be kept in one space. Brock said in addition to the essential things such as formula and diapers, people need to have things that will help occupy a child's time. Things such as books, coloring pages and board or card games can help the time pass a lot easier.

More information
As people prepare for the possibility of a quarantine, remember to check on family members and neighbors who may need assistance with preparations. There is no need to panic, but people should be prepared to keep their households running normally for two weeks.

Spencer Ryan
Contributor

MONTGOMERY, Ala. – The 2020 Statewide "Don't Drop It on Alabama" Spring Cleanup will be held the entire month of April. The cleanup is held annually and coordinated by Alabama PALS (People Against a Littered State), which also coordinates and implements the Alabama Coastal Cleanup (partnership with ADCNR), the Alabama Clean Campus Program, the Alabama Adopt A Mile and Adopt A Stream programs (partnership with ALDOT) statewide. Each of these efforts are made possible through partnerships with business and industry, state associations, and state agencies that are committed to making Alabama a leader in environmental volunteerism and awareness. The "Don't Drop It on Alabama" Spring Cleanup is offered to all 67 Alabama counties and statewide volunteer groups.

PALS is once again proud to continue and expand its partnership with Coca-Cola as the Title Sponsor for the 2020 cleanup effort. This partnership has enabled PALS to further incorporate the recycling of plastic bottles and aluminum cans into the annual cleanup effort.

"The Coca-Cola System is proud of our role as the Title Sponsor of the statewide 2020 Don't Drop It on Alabama Spring Cleanup," said Andy Britton, director of public affairs and communications for Coca-Cola.

"We are especially pleased with our annual partnership with Alabama PALS as we all move forward towards our goal of a world without waste."

The 2020 "Don't Drop It on Alabama" Spring Cleanup is also made possible through PALS Sustaining Partners, ALDOT, ALFA, Coca-Cola, Alabama Farmer's Cooperative, Vulcan Materials Company, Honda Manufacturing of Alabama, the Association of County Commissions of Alabama and The Poarch Band of Creek Indians. Alabama PALS is also proud to announce the partnership with the Alabama Community College Systems campuses for the 2020 statewide cleanup effort in April.

Spencer Ryan, executive vice president of Alabama PALS stated, "We are extremely proud of the commitment from the Alabama Community College System, and appreciate the dedication form the ACCS, as well as the enthusiasm displayed from each ACCS campus."

PALS distributed approximately 185,000 bags statewide for the 2019 cleanup, as well as all materials and supplies to all participating cities, counties and volunteer groups.

Volunteers interested in participating in Cullman County can contact Cullman County PALS at 256-775-4696. For more information go to alpals.org or www.facebook.com/CullmanCountyPALS.

This reflection day will focus on the core principles of Twelve-Step Spirituality and the gift of spiritual freedom that is experienced when these principles are put into practice.

Alabama drops final home contest, 87-79, against Vanderbilt

Aaron Jordan
UA Athletics

TUSCALOOSA, Ala. – The Alabama men's basketball team fell short in its final home contest of the season, 87-79, against the Vanderbilt Commodores in Coleman Coliseum Tuesday night.

Sophomore guard Kira Lewis Jr. finished with a team-leading 30 points on his way to collecting his 1,000th career point (1,013). He became the second person this season to eclipse the milestone (John Petty Jr.) and joins James "Hollywood" Robinson as the only two players to reach the milestone in just two seasons. Robinson reached the milestone in a school-record 57 games, while Lewis played in his 64th game on Tuesday night to become the second-fastest in Alabama history to achieve the feat.

Graduate senior Beetle Bolden, who was honored as part of Senior Night prior to the game, scored a season-high 24 points, sinking a career-high 7-of-12 threes. Meanwhile freshman Jaden Shackelford added 18 points, all coming in the second half. The three combined to score 72 of the Tide's 79 points.

Vanderbilt (10-20, 2-15 SEC) was led by Saben Lee who finished with a game-high 38 points and eight rebounds, while Dylan Disu added 14 points.

Coach Nate Oats Post-game Comments

"Obviously a super disappointing loss. That probably buries our tournament chances which we kind of knew, barring us winning the SEC tournament, we probably aren't going to be playing in it. I thought we could have had a lot better effort than what we gave. I'm frustrated as the guy that's responsible for this whole program.

"I obviously didn't do a good enough job getting these guys ready to play, because we didn't give the effort that demanded a win tonight. You have got to give Vanderbilt a lot of credit, they have basically been playing without any NCAA tournament hopes for a while. They're just playing to get better, playing for pride and character, and they came out ready to play. I've said it for a while watching them, Coach (Jerry) Stackhouse has had them in games. They're more than capable. Saben Lee is a good player. We tried to warn our guys. We've shown these tendencies before. We talk about max effort here and we didn't give it tonight. I am really disappointed. This is not the first time we've done this though. We are good enough. We lost at Kentucky, but when you look at the other top teams in this league, we beat LSU, we beat Auburn, go to overtime at Auburn, up 21 at Florida and end up losing, Mississippi State is in front of us in the rankings and we beat them. To me, that's inconsistency and effort. We have to get that changed. Effort and all that stuff falls on the head coach. We've got to get that changed and we're working on it, but it's obviously not changed enough. I'm as disappointed as the fans are, I know they're super disappointed. I'm not going to sleep well tonight, hopefully we have a lot of players that are just as disappointed as we are, and we can make some changes. We've got to get it changed."

Team Stats

- Shackelford finished with 18 points to mark his 14th consecutive game reaching double figures
- Lewis collected his third 30-point game of the season and has scored 20 or more points in 11 of Alabama's 30 games

First Half

- Bolden knocked down his first two attempts from beyond-the-arc to push Alabama to an early 9-7 lead with 14:39 on the clock
- Bolden's third and fourth triples of the half extended the Tide's lead to 21-15 with 11:01 remaining
- With 8:07 left until the break, Alabama held a 27-22 edge, however, the Commodores went on a 13-3 run over the next 2:11 to take a 35-30 lead
- Vanderbilt would go on to lead by seven, 42-35, at intermission
- Beetle Bolden and Kira Lewis Jr. combined for 30 of Alabama's 35 first half points, with Bolden scoring 17 and Lewis adding 13

Second Half

- Jaden Shackelford converted a three-point play to give Alabama a 59-58 lead with 13:20 to play, which gave the Tide its first lead since the 7:55 mark of the first half
- Both teams exchanged buckets, as the Tide and Commodores were deadlocked at 68-68 with 7:45 remaining
- A three by Vanderbilt pushed the Commodore advantage to 75-71with 4:09 left to go

Baileyton (from Front)

countywide effort to make sure everyone is counted in the 2020 Census. Baileyton will host a community event with free food, door prizes and other fun activities for families.

Volunteers will be available April 4 from 11 a.m.-2 p.m. at the town park to assist people with filling out their census forms. Those who bring proof of completing their census form or complete it at the event will be entered into the prize drawings.

Baileyton T-ball, baseball and softball signups will continue until this Friday.

Town Clerk Patricia Gilbert reported, "We do have enough for four T-ball teams and possibly enough for two 7-8-year-old boys' (teams)."

She said very few girls had signed up for softball.

The council also discussed 17 acres of hayfields acquired in 2018. The Town accepted bids to lease the property for one year but felt the length of the lease should be extended. The council agreed that future bids will be for a two-year lease.

Councilman Greg Griffin explained, "If you put it up every year, nobody is going to fertilize it. They won't take care of it if you don't make it a longer period of time than one year. We are going to expect them to fertilize it and take care of it, then we need to give them the benefit of their fertilizer."

The land will be bid in November 2020.

Efforts to add Wi-Fi to the town park and to bring internet coverage to all areas of Baileyton continue to be difficult tasks.

Gilbert explained, "The guy who submitted the grant proposal to the State for internet, ATT has protested it and they say he has infringed on their coverage area."

Gilbert said she has letters from some residents stating they are unable to obtain internet or it's unreliable, causing much frustration. The council gave Gilbert approval to call the State and report discrepancies between what areas ATT claims to cover and residents' claims they are unable to obtain or have reliable coverage.

Another issue that has come to light is a strange surge in electricity occuring at the town's park. The council said the Cullman Electric Cooperative recently discovered that every four days, the concession stand power is surging during ball season. The lights at the park are on 4% and the park is at 8%.

Dyar said, "Somebody, when they opened up the park, they hooked the concession stand up with the ballpark.

"What they want us to do is run electricity from the old fire station to the concession stand and cut it loose from the ballpark and get it back to 8% instead of 4%."

total of 93 traffic fatalities and of those 84 were traveling in vehicles equipped with seatbelts.

At least 47 of those were not wearing a seatbelt and five are undetermined. One life lost is one too many.

Before allowing your teens to travel - Review Alabama's Graduated Driver License law, a three-stage licensing process that places certain restrictions on young drivers to ensure they acquire experience behind the wheel before driving without supervision or restrictions:

Stage I (learner's permit): A teen is authorized to drive when accompanied by a parent, legal guardian or licensed driver age 21 or older who is occupying the front passenger seat.

Stage II (restricted license): A teen age 16 or 17 who has passed the road skills test may drive without supervision, but he or she must not have more than one passenger in the vehicle other than parents, legal guardians or family members; must not use any handheld communication devices while driving; must not drive between midnight and 6 a.m. unless accompanied by a parent, legal guardian or licensed driver age 21 or older with a parent or legal guardian's consent. (Exceptions on time restriction include driving to or from events sponsored by a school or religious organization, or going to or from a place of employment.)

Stage III (unrestricted license): A teen age 17 who has held a Stage II license for six months or longer may obtain an unrestricted license. Anyone who is age 18 or older may bypass the first two stages and obtain a Stage III license after passing the road skills test.

CULLMAN, Ala. – Grace Place, Grace Episcopal Church's memory loss ministry which provides stimulating activity for dementia patients and hours of respite for their caregivers, will hold its third annual Caregivers' Conference Wednesday, March 11 at Grace Episcopal Church, 305 Arnold St. NE in Cullman. The event is free to all professional and family caregivers and will offer free CEUs for nurses and social workers.

Deacon Jerry Jacob told The Tribune the conference will offer "for a family caregiver, ways to deal with their family member, but also ways to address their grief in the process.

"When I say ways to deal with their family member: the legal aspects of- if your loved one is end stage or late stage dementia, this is stuff you should have done a long time ago.

"If they're early stage dementia, it's stuff you need to get on right now.

"Also, what are the options- I'm going to say the pluses and minuses- of the way you look down the road if you can no longer handle all the responsibility of taking care of someone?

"What are the options of a nursing home, assisted living, etc.? There are pluses and minuses to both.

"The complicating factor is every dementia sufferer is different from the next one.

"There's no commonality there. There's no cookie-cutter approach. I hate to use that term, but everybody's different."

Three professionals, representing various facets of dementia care, will lead the conference.

William G. "Bill" Nolan
Nolan is an elder law attorney in Hoover and a charter member of the Alabama State Bar's Elder Law section.

According to information provided by Grace Place:
"He has been a member of the State Bar since 1982 and over the course of his career as an attorney, has served on various committees, sections and task forces serving seniors in our state.

"He is now or has been on various nonprofit boards as well, such as Alzheimer's of Central Alabama and the Jefferson County Area Agency on Aging.

"He has been recognized nine years in a row as an 'Outstanding Attorney in Elder Law' by Birmingham Magazine.

"Bill's firm, Nolan Elder Law & Estate Planning, focuses its work on helping seniors and their families understand and manage the various risks facing families when they age.

"Unlike other areas of the law where the client recognizes the risk they face (getting a DUI, facing divorce or having to file for bankruptcy), many seniors fail to appreciate the financial risks they face as they age.

"Helping the adult children (as well as the senior) see these risks and take action, is what elder law is all about."

Elizabeth "Beth" Gregory, Ph.D.
Gregory is a Licensed Professional Counselor with Gregory Counseling & Consulting LLC in Leeds, Alabama.

According to information provided, "Her graduate degree in counseling was earned at UAB in Birmingham, AL in 1986.

"She is also licensed as a Psychiatric/Mental Health Clinical Nurse Specialist and holds national certification in counseling and alcohol/drug counseling.

"She completed training and was commissioned as a Spiritual Director in 2019 and serves on Adjunct Faculty for Metagem Institute.

"Beth was responsible for the development of a national behavioral health and dementia care program for Amedisys Home Health Care which earned the highest-level accreditation under ACHC.

"This program allowed her to provide training for medical professionals across the country on management of dementia symptoms in the home setting.

"She provides training in community settings, churches, business organizations, police departments and professional conferences.

"She now volunteers as a speaker and Caregiver Support Group Facilitator for Alzheimer's Association, Alabama Chapter."

Jacob told The Tribune, "Dr. Elizabeth Gregory is going to talk about the stages of grief with dementia. She was the only one I could find that mentioned that she counseled dementia caregivers, family caregivers, counseled them."

Tim Meehan
Meehan is president of Senior Placement Services. According to information provided, he "has served in the senior health care industry for more than a decade.

"Tim entered the field as a sales counselor for Brookdale Place University Park, then Somerby St. Vincent's 119.

"In 2013, Tim joined Always Best Care of Birmingham (ABC) as vice president of sales and marketing.

"During his five-year tenure, Tim helped ABC achieve one of the highest growth rates in the nation. During the course of his career, Tim has helped more than 3,000 families find the right place and care levels for their loved ones."

Jacob told The Tribune the conference will offer "something for caregivers to learn from.

"These three professional people is the level that we want to gear this conference to . . . We want to keep the level very high for the presentations, and not just have it to be having it. That's one purpose.

"Another purpose is to draw attention in the community to why what we're trying to do is so important . . . The more we can get different perspectives on dealing with dementia, if you're a caregiver, the more resources we can make available.

"Even if they don't utilize (Grace Place), just make people aware of what's available, because in Cullman County, there's next to nothing, period."

Jacob lamented that the county has few physicians, medical specialists and mental health providers who are trained and experienced in dealing with the particular needs of dementia patients, requiring many families to seek medical care in Birmingham or Huntsville.

Quilt raffle to support Grace Place
During the month of March, Grace Place will offer chances on a "biscuit quilt" completed in 2011 by Audrey Polk, mother of Grace Place volunteer Lora Raley. The quilt, made to fit a double bed, took an entire year to complete.

For you fans of the weighted blanket trend, this may be the quilt for you.

Made up of hundreds of overstuffed fiber-filled squares, it weighs approximately 15 pounds!

Polk was a resident at Woodland Village when she made the quilt, and it was displayed in her room for years, except for a short stint at the Cullman County Fair where it brought home a blue ribbon.
