C.A.S.T. for Kids– The anglers

'They are one of the most important parts of this event'

Maggie Darnell
maggie@cullmantribune.com

CULLMAN, Ala. – This year's C.A.S.T. for Kids Smith Lake Park event is set for Saturday, Sept. 19, 2020 from 8 a.m.-noon. Space is limited, so participants are encouraged to sign up soon. The event is free for participants. The only requirements are children must 6-18, and parents or guardians must be with participants at all times during the day.

"C.A.S.T. for Kids is a national organization that gives children with special needs, ages 6 to 18, a chance to spend the day fishing," said Coordinator Taylor Cain.

"Some of the children have never been fishing, most have never been on a boat. Each child is assigned their own boat captain for the day. They will receive everything needed for a day of fishing, a tackle box, fishing pole, bait, hat and a shirt.

"Once all the kids come in, they will receive lunch and then we have an awards ceremony where each child gets a plaque." » PAGE 6

Explore: Art and functionality at Cullman's Art Park

CHRISTY PERRY/THE CULLMAN TRIBUNE

Xena catches some shade at Cullman's Art Park on the city's southwest side.

Recently, the Tribune set out to explore all of the many beautiful parks within Cullman County. We'll visit one each week.

CULLMAN, Ala. – At the corner of Main Avenue Southwest and Second Street Southwest is the 1.8-acre Cullman Art Park. Once a bit of an eyesore, the former Cullman Park is now an inviting and whimsical space with unique features that are sure to bring out everybody's inner artist. Art Park has been a welcome change to those in the neighborhood adjacent to it.

One of the first things guests may notice when entering the park is the small amphitheater. The three rows of seating are perfect for a small poetry reading or even an outdoor classroom. It is also a nice place to sit with friends for lunch.

Leading from the amphitheater is an ornate bridge crossing over the creek that runs through the park. The bridge is dedicated to the memory of Samuel J. Arrington, a much-loved employee of the Cullman Street Department. The dedication plaque at the bridge reads, "Sam was as solid as the concrete he worked with. This bridge was his final project."

Once you have crossed the bridge, get ready to make some music. The park has several outdoor instruments for you to play and enjoy. If you have a percussionist in the family, be prepared to sit a minute as the music section is perfect for the family drummer.

Just past the instruments is the first of many major focal points Art Park has to offer. The playground is probably different from any of the other playgrounds you have seen. It has a rock-climbing challenge with the polyhedral climb. These fun geometric shapes create a great play option as well as a funky art piece.

Next to the polyhedral climb is the swing set/merry-go-round hybrid that is tons of fun. The playground also has two slides built into a hill, making the slides even with the ground. You can't fall off a slide that's already on the ground! Another unique feature of this playground is that, rather than dirt, mulch or grass, the ground is covered with soft, eco-friendly outdoor artificial turf.

Another great aspect of the park's transformation to Art Park is the brilliant landscaping that not only makes the creek a centerpiece, but also opened the park up to the sunlight. » PAGE 2

Sonya Mabry Adams announces re-election bid for South Vinemont Town Council, place 2

Wendy Sack
wendy@cullmantribune.com

SOUTH VINEMONT, Ala. – Sonya Mabry Adams on Monday announced her re-election bid for South Vinemont Town Council, place 2. The Municipal Election will take place Tuesday, Aug. 25, 2020.

As a newlywed, Adams said, "I have a new name, but my intentions and my heart remain the same. I have had the honor to serve two terms for the Town of South Vinemont, and I would be honored if the town will allow me the opportunity for a third. Sometimes it's not an easy job, but I try to consider the best interests for our town and its citizens. As a teacher at Vinemont Middle School for 28 years, I try to keep a connection between the Town and the schools. I have learned a great deal about how small-town government works. I am very proud of our town and its growth and accomplishments."

She continued, "I've lived in South Vinemont for all but 11 years of my whole life. I can't imagine living anywhere else. Vinemont will always be home to me. "

Adams has three children: Katie Thompson Velarde, Braxton Thompson and Mabry Thompson. She is married to Jeff Adams.

STATE

Ivey awards $48M to state department of education as part of Roadmap to Reopening Schools

Gina Maiola
Contributor

MONTGOMERY, Ala. – Gov. Kay Ivey on Monday awarded $48 million of the Governor's Emergency Education Relief Fund (GEERF) to the Alabama State Department of Education (ALSDE) in response to challenges related to COVID-19. This allocation will enable schools to enact policies established in the ALSDE's Roadmap to Reopening Schools.

As schools across Alabama are navigating increased challenges related to COVID-19, this initial investment will assist by providing budget stability, enable distance learning for any student who seeks it, and get additional resources to students most in need.

The allocation will be used as follows:

- $10 million to equip all school buses with Wi-Fi capabilities to increase internet connectivity and help bridge the digital divide
- $4 million to improve remote learning opportunities by providing digital textbook and library resources for all students
- $26 million to provide additional academic support to bridge learning and achievement gaps
- $9 million to support intensive before and after school tutoring resources for learning and remediation in schools

Additionally, Alabama institutions of higher education will be able to submit requests for a combined reimbursement of up to $50 million of the federal Coronavirus Aid, Relief, and Economic Security Act (CARES Act). Alabama received approximately $1.9 billion of CARES Act funding to respond to and mitigate the coronavirus pandemic. Alabama Act 2020-199 designated up to $118.3 million of the Coronavirus Relief Fund for any lawful purpose as provided by the United States Congress, the United States Treasury Department, or any other federal entity of competent jurisdiction.

"I am pleased to invest in our state's greatest asset – our students," Ivey said. "As we respond and adapt to COVID-19, we must ensure that our local school districts and institutions of higher education receive necessary support and provide our students full access to their educational opportunities. Closing school during the pandemic disproportionately impacts students who are already struggling, and it is our obligation to provide as much stability and access possible in these uncertain times."

Park (from Front)

There are still many trees for shade, but by removing some and replacing them with native wildflowers and plants, the space was made incredibly welcoming. Sidewalks now flank the creek for a nice place to walk or jog.

Pets will also love Art Park. There is plenty of room for them to run, play or even jump in for a quick splash in the water. Don't forget to bring what is needed to pick up after your pet.

Art Park's clever architects found a way to incorporate three well-kept bathrooms without ruining the artsy vibe.

What simply appears to be a giant graffiti style mural actually houses the three amazingly spacious restrooms.

So if someone tells you the restroom is by the Mona Lisa, they aren't crazy.

Following the sidewalks closer to Main Street, you will be greeted by more artwork including a piece by Cullman native Heath McClain and more murals by local artist Donald Walker and Adrian Scott from the Wallace State Community College Graphic Art & Design program. Make sure to look under the bridge and spot the giant octopus!

There are many seating options in Art Park, including what first looks like strange round sculptures.

They are actually comfy benches to lie in while reading a book or just relaxing to the sounds of the nearby water.

Everything about Art Park is a combination of art and functionality, which makes this particular park a true gem.

Art Park is open from sunrise to sundown. It is a wonderful escape and a fun place to play. It is also located in a neighborhood setting, so guests are reminded to be mindful of that. Art Park is maintained by Cullman Parks, Recreation & Sports Tourism.

Local racer qualifies for Loretta Lynn's National Championship

Nick Griffin
nick@cullmantribune.com

HURRICANE MILLS, Tenn. – This year's AMA Amateur National Motocross Championship is coming up next month and there will be a young, local racer in the field at Loretta Lynn's Ranch. 11-year-old Lilly-Ann Pettus is currently the youngest qualifier in this year's age 11-16 division.

The full schedule and race order will be released at a later date, but this year's event will be held Aug. 3-8 at Loretta Lynn's Ranch in Hurricane Mills, TN.

The racetrack is utilized just twice a year for the AMA Amateur National Motocross Championships (since 1982) and AMA ATV Motocross Championship (since 1985).

A track used so little ensures a fair playing field, and no "hometown advantage," since no one will have a chance to ride or race on it before the rest of the competition arrives.

Lilly fought through Area Qualifiers and Regional Championships to earn this chance to compete on this stage and her mother, Jessica Pettus, has been extremely proud to watch her work and accomplish her goals.

"I'm just so proud of her. She has worked so hard to chase this dream," Pettus said.

"She was the underdog in the class because of her age.

"She was competing with girls much older than her and they were on bigger bikes as well, but she never gave up and raced for that golden ticket!"

If you want to learn more about Lilly's path to Loretta Lynn's Ranch or continue to track her career going forward, you can follow her on Instagram @lillyann_716.

Good Hope's Malin earns invite to Top Gun Showcase

Sammy Confer
sammy@cullmantribune.com

GOOD HOPE, Ala. -- After earning the opportunity to start under center for the Good Hope Raiders in 2019, Tanner Malin put up huge numbers through the air and on the ground as he helped lead the Raiders to an 8-2 record and another trip to the postseason. Because of that performance, Malin has now earned another opportunity. The local standout received an invitation to compete in this year' FBU Top Gun Showcase at the new Paradise Coast Sports Complex in Naples, Florida July 10-12. Malin can't wait to get started at the Top Gun Showcase and is ready to learn a lot while he's there.

"It's very exciting really knowing they think I'm able to compete with some of the best players and I feel like it'll be a great learning opportunity for me," Malin said. "It'll help out my passing game tremendously. The camp consists of certain throws, seven-on-seven competitions, one-on-ones, and a whole lot of competing."

Tanner learned a lot from former Good Hope Quarterback Bailey Quick during his freshman season and he thinks that experience has really helped him get to where he is now.

"I learned a lot from Bailey," Malin said. "He definitely brought me up under his wing my freshman season and showed me the ropes. Bailey is one of those players that he's always going to do whatever the team needs to do to win. But I'd have to say the biggest thing I learned from Bailey is strive to always be a leader and show the young guys the way to go."

Malin also got some advice from Cole and Drew Maddox that really helped him improve even more as a passer and a leader during his first season under center.

"The advice I'd say that they gave me is always teach others and be a leader instead of being a boss and bossing people around because you gain more respect teaching and leading people the right way rather than demanding them to do something when they can be taught."

Malin has stepped up even more in a leadership role and his head coach, Alan Scott, has been one of the key reasons why.

"I believed I've stepped up to where everyone on the team knows if they need anything or question anything, I'm the guy to go to and anytime anyone wants to do extra work or for me to tell them a play, I'll for sure be the guy to do it," Malin said. "Coach Scott is honestly like another father figure in my life. He has taught me so many things on and off the field by keeping Jesus first and foremost. He also taught me to always go by his rules and repenting when wrong, to always stay close to family and making a brotherhood with your teammates. He makes sure everyone is taken care of and always reaches out to players and does everything in everyone's best interest and what would benefit them the most."

Tanner's father, Blake Malin, has also had a big impact in Tanner's development on and off the field. Being a former player himself, Blake taught his son everything he needed to know to become a great player and leader.

"My dad has taught me the ins and outs of the game of football and life," Malin said. "He is my biggest supporter and my worst critic, but it's because he loves me. He's taught me to never be satisfied because there is work that can be done. He also taught me to always take charge and lead the way for everyone else while keeping God as the main focus."

Another former teammate that Tanner has learned a lot from is Matt Hancock. Hancock tore his ACL his last two years of high school and despite not playing as much due to an injur, Hancock taught Malin a whole lot about how to handle yourself on and off the field and how to be a true leader.

"He showed leadership how it was supposed to be handled," Malin said. "Whether injured or not, he was a true team player and wanted the best for the team even if he couldn't be on the field with us. He showed me a lot of how I handle myself on the field and off, being a kind person and doing whatever I can for the community around me."

When this season gets underway, Malin and the rest of his team will be aiming to repeat the success of the past two season starting with a season-opening road trip to on West Morgan August 20.

MARTHA NEEDHAM/THE CULLMAN TRIBUNE

Good Hope Quarterback Tanner Malin will participate in this year's FBU Top Gun Showcase in Naples, Fla. July 10-12.

RED, WHITE, BULLS & BARREL

People all over the nation celebrated Independence Day over the weekend and the Tribune's Martha Needham captured one of those celebrations Friday night. No Fences Cowboy Church of Morgan County hosted a riding event to celebrate the holiday: "Red, White, Bulls & Barrel". Younger riders enjoyed some "Mutton Bustin'" before the main event as well.

What about the boat captains?
"All of the boat captains are volunteers," Cain said. "We spread the word through community involvement, social media and word of mouth. The entire fishing community has come together to make sure we have enough captains.

"One of our sponsors is a local fishing club, SLABS, they have been a huge part of the event and spreading the word."

Cain talked a little bit about what boat captains do.

"The anglers will help teach the children how to fish, and they all go out of their way to make sure each child has an amazing day. I could never say enough good about our boat captains," she smiled.

"They are one of the most important parts of this event.

"The participants spend most of the day on the boat with their own angler, and the anglers make sure it is a day the participants will never forget.

"By days end the participant and angler are best friends, and they can't wait to spend the day together again the next year. After the first year, most anglers want to come back year after year."

C.A.S.T. for Kids released the following statement concerning its COVID-19 event policy and procedures:
The CAST for Kids Foundation will be holding all 2020 events in compliance with CDC, National, State and local guidelines for Covid-19. We will be following these guidelines for the safety, health and well-being of our participants, families, volunteers and staff.

If we can hold an event according to state guidelines, as states phase in their re-opening, we will. However, our events may look different than they have in the past. Lunch and awards may be broken into separate groups to enhance social distancing.

At a minimum, we will be implementing 6' social distancing guidelines and the use of protective measures like masks and hand sanitizers.

We are confident we have figured out how to provide a safe, relaxing, fun environment for everyone to enjoy at CAST for Kids events in 2020! However, it will be impossible to guarantee the safety of all CAST participants and volunteers.

Please consider each of your individual risks associated with the COVID-19 pandemic when making your decision to attend any CAST event.

OPINION

Evangelism, part 10

Tom Fillinger
Tribune Columnist

Today we continue our focus on Effective Evangelism. George Barna's research reveals that only 6% of professing Christians declare the Gospel to anyone in an entire year. What about you?

Yesterday we provided the profile of natural man. They are dead spiritually. Dead people are not capable of doing anything spiritual much less respond to the gospel. They need the regenerating power of the Holy Spirit.

Most, nearly al,l churches declare that people are able to respond to the gospel message by the power of the will.

The Scripture states that they are unable to do so. Consider the following:

- **John 1:13** who were born, not of blood, nor of the will of the flesh, nor of the will of man, but of God.

- **John 6:44** No one can come to me unless the Father who sent me draws him. And I will raise him up on the last day.

- **John 10:26** but you do not believe because you are not part of my flock.

Scripture makes it clear that responding to the gospel message, the true gospel message, is not an exercise of the will of man. It is only those that the Father draws who come.

This inability of man to respond to the gospel apart from God's great grace is known as the Noetic Effects of Sin. We will consider 14 of these effects.

14 Noetic Effects of the Fall
While the noetic effects of the fall are inexhaustible, it is helpful to sketch out some of the ways in which they are noticeable.

1. Ignorance: Had there been no fall, there would have been no ignorance. The things of God, even his invisible attributes, are clearly seen in creation, but the fall has clouded our ability to see these things. Ignorance would have been impossible until the fall, whereas it is now axiomatic.

2. Distractedness: Every single human being has theological "attention deficit disorder." We are easily distracted.

3. Forgetfulness: Everyone has committed to memory things that he has now forgotten. Forgetfulness would be impossible had we not sinned.

4. Prejudice: Intellectual prejudice is one of our besetting problems. The problem is that we do not know ourselves well enough to know our intellectual prejudices, because we are prejudiced even in our thinking about our prejudices. One of the great achievements of the postmodern mind-set has been the forcing of an honest discussion of intellectual prejudices.

Next we will consider some additional effects of the Fall upon the minds of men. Carefully consider them and above all else, make certain that your profession of faith is real.

Fireworks over Cullman!

W.C. Mann
craig@cullmantribune.com

CULLMAN, Ala. – Despite concerns about COVID-19, the City of Cullman put on its 4th of July fireworks show at Heritage Park Saturday evening while taking precautions to protect attendees through social distancing.

Mayor Woody Jacobs on Saturday afternoon told The Tribune, "We felt like where Heritage Park was located, it was a good opportunity to be able to have fireworks, and people be able to watch it without having to gather in large groups. We're not letting them inside the park, but they can park all around and watch it, kind of like a drive-in movie kind of a situation. We wish we could have been able to do it the old-fashioned way like we used to, but it would have just been too many people in one place. And people, once you get them in a large group, they don't tend to keep their distance like they need to, right now."

The mayor was looking forward to a big show, saying, "I went by there earlier and the guys were setting up, and they were excited to be here. And they said that we had a really good show, so I'm kind of excited, waiting on it."

Fireworks and the Fourth
According to History.com, the use of fireworks in celebrations of American independence goes all the way back to the very first anniversary of the official adoption of the Declaration of Independence. On July 4, 1777 the city of Philadelphia held an observance that included the decoration of military ships in the river, the firing of 13-gun salutes from those ships to honor the 13 states, dinners, military drill demonstrations and music.

At the conclusion of the evening, according to Philadelphia's "Evening Post," "The evening was closed with the ringing of bells, and at night there was a grand exhibition of fireworks on the Commons, and the city was beautifully illuminated."

So, fireworks are, historically, an integral part of Independence Day celebrations that are not quite the same without them. Cullman's city government agreed.

Said Jacobs, "It is the 4th of July, and people expect a little fireworks, so we wanted to give it to them!"

Biggs (from Front)

under the Influence (DUI), DUI with blood alcohol concentration .08 or higher, reckless driving and failing to maintain lane were all dismissed.

Biggs could have received a life sentence if convicted on either of the Class A felony murder charges. Instead, for the Class B felony convictions he received 20-year sentences to be served concurrently in a state prison, with a further stipulation that he would serve five years in prison (with credit for 58 days already served) and five years' supervised probation. The remaining 15 years of the prison sentence were suspended. Court documents noted that Biggs had no prior felonies.

Biggs was also ordered to pay $14,000 in victim restitution plus other legal fees after his release.

All the charges stemmed from a fatal wreck that occurred Tuesday, March 28, 2017 at approximately 8:24 p.m., near the 8000 block of County Road 813, near the entrance to Smith Lake Park. The Busbees were traveling south in a 2003 Ford Ranger pickup truck when Biggs, driving northbound in a 2016 Chevrolet Impala, crossed the center line and struck them head on. Both victims were pronounced dead at the scene by Cullman County Coroner Jeremy L. Kilpatrick, while Biggs was airlifted to UAB Hospital in Birmingham. The next day, on March 29, 2017, the Alabama Law Enforcement Agency said both alcohol and speed appeared to be factors in the crash.

As of Monday afternoon, Biggs was still being held in the Cullman County Detention Center.

Karen Landers, M.D.

HUNTSVILLE, Ala. – Madison County Health Officer Dr. Karen Landers has issued a health order requiring most people to wear face coverings in public places in Madison County to help prevent the spread of the novel coronavirus COVID-19. The order takes effect July 7 at 5 p.m.

"We need to do all we can to limit the spread of COVID-19," State Health Officer Dr. Scott Harris said. "Until we have a vaccine or treatment for COVID-19, wearing a face covering in public is a key measure we have available to prevent transmission of the virus."

This health order has the unanimous support of the Madison County Board of Health, Huntsville Mayor Tommy Battle, Madison Mayor Paul Finley and County Commission Chair Dale Strong.

"This is a simple math problem," said Battle. "Since June 16, the number of positive cases in Madison County has tripled, and the number of hospitalizations has increased 660 percent. We need to take precautionary measures, such as wearing face covers, distancing 6 feet, and handwashing to provide a safe environment for our citizens."

Finley said, "Since day one we as elected officials have said we would work to find the balance of personal versus economic health.

"While personal responsibility is still paramount, our dramatic rising numbers dictate this step be taken to continue to support all citizens' safety."

A face covering is defined as a device to cover the nose and mouth of a person to impede the spread of saliva or other fluids during speaking, coughing, sneezing, or other intentional or involuntary action. Medical-grade masks are not required. Coverings may be made from scarves, bandanas, or other fabrics.

COVID-19 infection is usually spread to others through a respiratory route, and this can occur without symptoms.

Studies illustrate how COVID-19 can be spread through speaking, coughing, and sneezing--including by asymptomatic people.

Face coverings create a barrier between a person's face and the air around him or her. Face coverings prevent people from spreading respiratory droplets and can prevent them from acquiring the virus from others.

Face coverings are required in the following Madison County locations:

- Indoor spaces of businesses or venues open to the public, including stores, bars, restaurants, entertainment venues, public meeting spaces, or government buildings.
- Transportation services available to the public, including mass transit, paratransit, taxi, or ride-sharing services.
- Outdoor areas open to the public where 10 or more persons are gathered and where people are unable to maintain a distance of 6 or more feet between persons not from the same household.

Exceptions to wearing face coverings or masks include:

- Children age 2 and younger.
- Persons while eating or drinking.
- Patients in examination rooms of medical offices, dental offices, clinics or hospitals where the examination of the mouth or nasal area is necessary.
- Customers receiving hair care services, temporary removal of face coverings when needed to provide hair care.
- Occasions when wearing a face covering poses a significant mental or physical health, safety or security risk. These include worksite risks.
- Although not mandated, face coverings are strongly recommended for congregants at worship services and for situations where people from different households are unable to or unlikely to maintain a distance of 6 feet from each other.
- When effective communication is needed for hearing-impaired persons and those speaking to a large group of people, provided the speaker can stay at least 6 feet away from other persons.
- Indoor athletic facilities. Patrons are not required to wear face coverings while actively participating in permitted athletic activities, but employees in regular interaction with patrons are required to wear face coverings or masks.
- Private clubs and gatherings not open to the public and where a consistent 6-foot distance between persons from different households is maintained.

Parents, guardians and caregivers must ensure the proper masking of children older than 2 in public places, ensure face coverings do not pose a choking hazard for children and can be worn safely without obstructing a child's ability to breathe. Childcare establishments and schools are to develop their face covering policies and procedures.

All businesses and venues open to the public must provide a notice stating that face coverings are required inside the establishment. Signage is required at all public entrances

Harris said, "Wearing a face covering can help keep family, co-workers and community safe. This is the simplest act of kindness you can take for yourself, your family and your community, especially for those who are at high risk of contracting the virus."

The Alabama Department of Public Health advises these actions to prevent the spread of COVID-19:

- Wash your hands frequently with soap and water for 20 seconds.
- Social distance by staying 6 feet away from others.
- Avoid people who are sick.
- Stay home if you can; work remotely if possible.
- Cover your mouth and nose with a face covering when around others.
- Cover coughs and sneezes.
- Clean and disinfect frequently touched surfaces.
- Monitor your health.

The Centers for Disease Control and Prevention provides instructions about the use of face coverings at cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/diy-cloth-face-coverings.html.
