CULLMAN, Ala. – The Cullman City Council on Monday evening approved a 10-year tax abatement for a yet-unnamed industrial development project currently termed "Project York." According to a source at Cullman City Hall, the project is still in the planning stages between the City and company, and the company cannot be identified until the plan is completed and a contract is finalized.

The project is predicted to represent a $24.25 million capital investment by the company and will bring up to 130 new jobs to the Cullman area.

Provisional votes counted, certificates of election issued

The council opened and counted provisional ballots from last Tuesday's Municipal Election, which totaled only five additional votes and could not affect the outcome of any race. Afterward, certificates of election were issued to the elected officials: Mayor Woody Jacobs, Councilman Andy Page, Councilman David Moss, Councilman Johnny Cook and Councilman Clint Hollingsworth.

St. Bernard Prep teaching in-person classes

Joyce Nix
Contributor

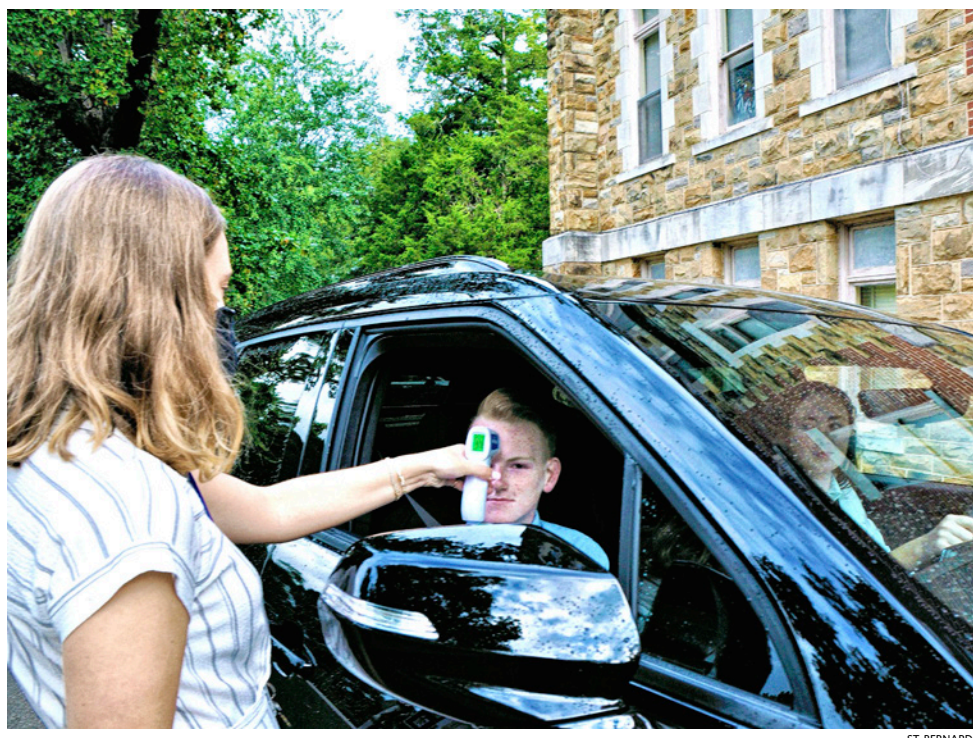

CULLMAN, Ala. – Two weeks into the academic school year students at St. Bernard are experiencing a different kind of environment as they take extra precautions to reduce the threat of COVID-19. In all, 129 St. Bernard students arrived on campus Aug. 17 for the first day of class.

Upon arrival, parents and students drive through the temperature check line on the quad for a temperature scan before students exit their automobiles to their classrooms. Students then proceed to classes donning facemasks.

To date, no COVID-19 cases have been reported on campus.

Headmaster Fr. Joel Martin said, "We feel very fortunate to be able to have in-person classes. Our students and faculty have been real troopers in wearing masks and wiping down desks after class changes."

The volleyball and cross country teams are practicing as well as competing. School officials are asking all guests to practice social distancing and wear facemasks while attending games.

ST. BERNARD

Middle School student Gavitt Lewis and his senior sister Alex are greeted by St. Bernard Prep instructor Alli Messick on arrival at school. Students have temperatures taken every morning before exiting their cars.

"We all have been touched with loved ones who have experienced the coronavirus. Some made it and some weren't so lucky. We are doing the best we can to avoid this terrible pandemic and praying for all who are suffering as a result," continued Fr. Joel.

St. Bernard Prep is operated by the Benedictine monks of St. Bernard Abbey and is Alabama's only Catholic boarding school for students in grades 7-12. St. Bernard is considering applications for the first semester through Labor Day weekend. Anyone interested should contact Fr. Linus Klucsarits at 256-739-6682. Ivey awards $10M in CARES Act funds for the Alabama Forestry Commission timber owners program

Office of Gov. Kay Ivey
Contributor

MONTGOMERY, Ala. – Governor Kay Ivey on Monday awarded $10 million of the Coronavirus Relief Fund for a statewide program to assist Alabama timber owners impacted by the COVID-19 pandemic.

"The forestry industry has an economic impact of over $23 billion in the state of Alabama and provides over 40,000 jobs in some of the most rural parts of our state," Ivey said. "CARES Act funds are intended to stabilize our economic losses and help our state recover from COVID-19. This program is designed to reduce the burden of Alabama's 23 million acres of timberland and the subsequent jobs that depend on a healthy timber industry."

This grant program will be administered through the Alabama Forestry Commission and will include grants of up to $10,000 on a first-come, first-serve basis to qualifying timber owners who harvested timber in Alabama during the months of March through July.

"The Alabama Forestry Commission understands that forest landowners in the state have been negatively impacted by the coronavirus. These assistance payments will not make landowners whole, but they will help," State Forester Rick Oates said. "An even more important effect of this program will be that this money will not sit in people's bank accounts. It will help landowners better care for the forest resources with which they are entrusted, and in doing so, will be reinvested in the economy and be spent several times. We are pleased that Governor Ivey chose to use CARES money to help Alabama forest landowners."

Alabama received approximately $1.9 billion of federal Coronavirus Aid, Relief, and Economic Security Act (CARES Act) funding to respond to and mitigate COVID-19. Alabama Act 2020-199 designated up to $300 million of the Coronavirus Relief Fund to be used to support citizens, businesses, and non-profit and faith-based organizations of the state directly impacted by the coronavirus pandemic.

Gov. Ivey awards grant to aid prosecution of impaired drivers

Office of Gov. Kay Ivey
Contributor

MONTGOMERY, Ala. – Gov. Kay Ivey has awarded a $164,421 grant to improve safety on Alabama's highways by stepping up prosecution in cases involving impaired driving.

The grant will enable the state Office of Prosecution Services to provide local prosecutors and law enforcement with the proper training and technical assistance to obtain convictions in traffic stops and crash-related cases involving impaired drivers.

"Our law enforcement and judicial system provides the accused an opportunity to prove their innocence. At the same time, those who are guilty of traffic crimes need to be held accountable for their offenses," Gov. Ivey said. "This program is a valuable tool to provide local officials with the resources needed to obtain convictions of the guilty."

In addition to providing training and expertise for the state's 42 elected district attorneys, the program is intended to be used to develop strategies and methods to reduce impaired driving.

The Alabama Department of Economic and Community Affairs is administering the grant from funds made available to the state from the National Highway Traffic Safety Administration.

"ADECA joins with Gov. Ivey and the Office of Prosecution Services to take dangerous drivers off Alabama roads," ADECA Director Kenneth Boswell said. Gov. Ivey notified Barry Matson, executive director of the Office of Prosecution Services, that the grant had been approved. ADECA administers a wide range of programs that support law enforcement, victim programs, economic development, water resource management, energy conservation and recreation.

Council (from Front)

at the intersection of Alabama Highway 69/Cherokee Avenue and 24th Street on Cullman's southwest side to Stone and Sons in the amount of $246,260.

The Cherokee Avenue/24th Street intersection is known to be quite busy at various times, and was the scene of a December 2018 wreck that claimed the life of Hanceville resident April Dawn Landinger, who was a passenger in one of the vehicles. Both drivers were charged with criminally negligent homicide, with additional individual charges of failure to yield right of way and exceeding reasonable and prudent speed.

The light is also needed for industrial development projects.

The placement of the signal has been a cooperative effort between the Cullman Economic Development Agency, the Alabama Department of Economic and Community Affairs (ADECA) and Alabama Department of Transportation (ALDOT) on the placement of a traffic signal in a busy industrial area along a state thoroughfare.

Cullman County Fair Parade is on

The council approved a request from President Javon Daniel of the Cullman Lions Club to hold the 2020 Cullman County Fair Parade. The request was supported by the Cullman Police Department, Cullman Fire Rescue and Cullman Parks, Recreation and Sports Tourism, contingent on a signed agreement from the Lions to comply with COVID-19 restrictions.

The fair parade will take place Saturday, Oct. 3 at 2 p.m. along U.S. Highway 31 in downtown Cullman.

Other council business

• The council had a first reading of Ordinance No. 2020-41 to amend regulations for small cell technology facilities. The ordinance will facilitate and govern the placement of small cell phone antennas within the city to improve wireless communication and data reception.

• The council passed Resolution No. 2020-121 to apply for Fiscal Year 2021 Airport Improvement Program funds from the Alabama Department of Transportation for unspecified improvements at the Cullman Regional Airport.

• The council passed Resolution No. 2020-131 to award the bid for tree removal and stump grinding at Heritage Park to the lowest responsible bidder, Michael's Tree Service, in an amount not to exceed $4,700.

• The council appointed Leslie Echolls to the Wellstone Behavioral Health Board of Directors.

During the public comment portion of the meeting, the council welcomed Renee Welsh and Amy Leonard of the Friends of the Public Libraries of Cullman County, who were promoting the group's upcoming "Book It" virtual 5K run Sept. 25-30, 2020. For more information or to register, visit https://raceroster.com/events/2020/33358/1st-annual-book-it-virtual-5k.

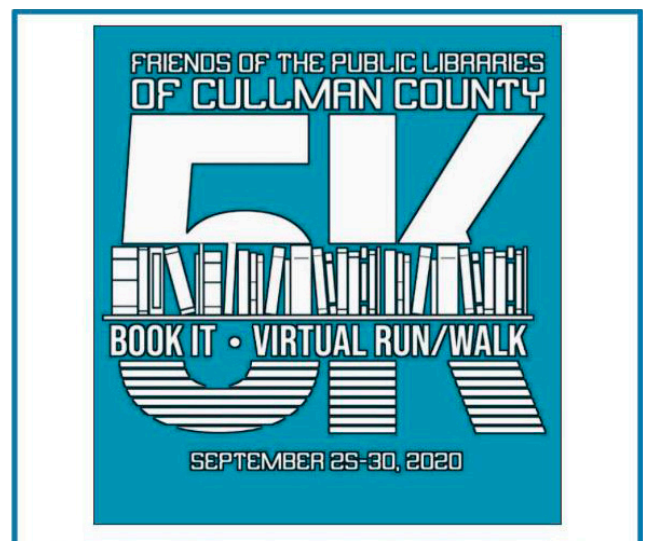

The Cullman City Council meets at 7 p.m. the second and fourth Mondays of each month in the Cullman City Hall auditorium. The public is invited to attend, subject to COVID-19 occupancy restrictions.

Cullman shuts out Jasper 21-0 in home opener

Nick Griffin
nick@cullmantribune.com

CULLMAN, Ala. – Storms pushed this week's showdown between the Jasper Vikings and Cullman Bearcats back to Saturday but that didn't seem to bother the 'Cats one bit. The latest edition of this tight rivalry kicked off at Oliver Woodard Stadium at 11 a.m. Saturday and while keeping the Vikings off the scoreboard, Cullman found the end zone once in the first, once in the second and once more in the third quarter to secure a 21-0 win in its home opener and improve to 2-0 on the season.

"I think this is a game they're always going to remember. They're going to talk about that time we payed at 11:00 in the morning in Saturday and it was blazing hot and all that kind of stuff so to be able to come out and win is a great thing," Bearcats Head Coach Oscar Glasscock said. "You're expecting to play Friday and then you've got to go home and get in a new routine and change your plans so I couldn't be more proud of the kids."

Cullman struck first by capping off a methodical opening drive with a 5-yard touchdown run by Noah Kee. A 47-yard completion from Max Dueland to Jeb Bartle got the 'Cats deep into Jasper territory and set up the score. The extra point from Brody Adams split the uprights and the black and gold took a 7-0 just three minutes into the opening period. Neither team was able to get on the board for the rest of the quarter and the second quarter began with Cullman in front 7-0.

The Bearcats were forced to punt on their first possession of the second but later in the period with just under six minutes to play in the half Dueland found Jamar Kay running alone deep down the middle of the field and Kay sprinted beneath the pass and stretched out to make the catch as he crossed the goal line.

Adams' extra point put the 'Cats on top 14-0 midway through the second quarter. Cullman forced Jasper to turn the ball over on downs just before the break and the Bearcats went into the locker room with a 14-0 advantage over the Vikings.

Cullman was almost perfectly balanced on offense in the first half, running for 106 yards and passing for 103 while holding Jasper to just 64 yards of total offense on the other end.

The 'Cats turned the ball over on downs on their first possession of the second half, but the defense didn't let Jasper take advantage. The Vikings missed a 24-yard field goal early in the third quarter to keep the score locked at 14-0 and on the ensuing possession, the Bearcats began to put it away. Jaylen Hughey broke through the middle of the Jasper defense for 22 yards and ran through a man on his way down to the 4-yard line. One play later, Hughey finished it off and scored from 4 yards out to add to the lead. The extra point made it a 21-0 game with just under six minutes to play in the third. Cullman forced another Vikings punt on their next possession and the 'Cats went into the final frame leading by three touchdowns.

Neither team was able to find the end zone in the fourth quarter but outside of a fumble in their own territory, the Bearcats were able to stay in control of the game and run the clock out to seal an impressive, 21-0 win in front of their home crowd.

Jake Dueland had a huge day on the ground for Cullman, collecting 140 yards on 12 carries. Hughey carried it seven times for 33 yards and a touchdown and Kee posted 26 yards and a score on 10 carries.

Max Dueland added 40 yards on the ground and hit four of his nine passes for 106 yards and a touchdown. Jasper was forced to punt or turned the ball over on downs on all of its possessions. The Vikings were held to just 200 yards of total offense in the loss.

Glasscock was excited to see his team come together and show a lot of focus and intensity Saturday morning after a week full of distractions.

"We struggled early in the week. We started school this week and these kids haven't really done school since March. We've had them for a few hours a day for football but man it was tough the first part of this week," Glasscock said. "We thought we were going to play Friday and we got pushed back but those guys came in this morning and they were bright-eyed and ready to play."

The rivalry between Cullman and Jasper has been as close as any other in the state. With the win Saturday, the Bearcats have tied the all-time series with the Vikings 35-35-2. Glasscock credits his veteran group of players who lead the way during unusual circumstances this week and on top of getting the win, he was happy to see a successful game day on campus and senior recognitions before kickoff.

"Jasper does a heck of a job over there. They're physical, fast and well-coached and we're just super fortunate. I think this ties the series with them historically. This has been a great rivalry and they got us by a few last year. We've got a veteran group and that showed today because I thought they were really mature as far as how they handled changing conditions and I'm appreciative of the crowd," Glasscock said. "We had a great crowd today I thought, and it made it a lot of fun. I'm appreciative of our administration and everybody that helped put this thing together. It's a big undertaking to get a game together when you have to get your gate workers all lined up and stuff like that so I was really happy to see the crowd and to get a chance to recognize the seniors."

The 'Cats will have a quicker turnaround to prepare for next week's road trip to face another historic rival, the Hartselle Tigers. Glasscock and his staff will be keeping a close eye on how their players recover this week as they prepare for another rivalry game and the region opener.

"Playing on Saturday, we're going to have less of a window to recover so we'll have to be really smart with how we play in practice and help these guys recover," Glasscock said. "We got a few guys banged up today and we'll get a few guys back next week fortunately but we're going to have to be smart this week. We're going to enjoy this win and come back on Monday and figure it out but I'm just so happy for this group of seniors and the leadership that they showed. That maturity and toughness paid off today for sure."

Cullman will travel to Hartselle to face the Tigers next Friday, Sept. 4.

UAB Football opens 2020 season Thursday with Central Arkansas

Ted Feeley
UAB Athletics

BIRMINGHAM, Ala. – The UAB football team is set to open the 2020 season this Thursday, Sept. 3, by hosting Central Arkansas at Legion Field. Kickoff is scheduled for 7 p.m. on ESPN3.

The Blazers enter the season with extremely high expectations as the back-to-back C-USA West Division champions return 18 starters from last year's team.

UAB is the first FBS team to play a game this year, while UCA enters the game at 1-0 after a 24-17 victory over Austin Peay last Saturday in the FCS Kickoff Classic.

Who: UAB (0-0) vs. Central Arkansas (1-0)

Where: Birmingham, Ala. – Legion Field

When: Thursday, Sept. 3 – 7 p.m.

Watch: ESPN3

On the Call: Curt Bloom (play-by-play), Chad Pilcher (color)

Listen: WJOX 94.5 FM

On the Call: David Crane (play-by-play), Steve Irvine (color), Trey Ragland (sideline)

Series: First Meeting

WHAT TO WATCH FOR

• UAB looks to extend the nation's fourth longest active home winning streak to 19 straight games when they host the Bears on Thursday. The Blazers are a perfect 18-0 at Legion Field since returning to action in 2017.

• The Blazers return nine starters on defense and have finished Top 10 nationally each of the last two years in total defense. Linebacker Kristopher Moll and edge rusher Jordan Smith lead the charge as the two combined for 33.5 TFL and 19.0 sacks last season.

• UAB looks to continue dominating up front as the Blazers have compiled 92 sacks and 217 TFL combined over the last two years.

• The secondary boasts four All-Conference USA performers in cornerbacks Brontae Harris and TD Marshall, and safeties Will Boler and Dy'jonn Turner. Harris is back after missing all of the 2019 season with an injury, yet this unit was still able to rank eighth nationally in passing yards allowed in 2019.

• Offensively, UAB's career leading rusher Spencer Brown and standout wide receiver Austin Watkins Jr. lead the Blazers into the season opener. Brown is one of just two players in the nation to enter the season with 3,000+ career rushing yards, while Watkins Jr. became the third player in program history to have over 1,000 single season receiving yards last year, finishing with 57 catches for 1,092 yards and six touchdowns.

• Tyler Johnston III enters his redshirt junior year and his second full year as the starter, despite missing time last season due to injury. Johnston III is 10-4 as a starter and already ranks fourth in career touchdown passes (28) and eighth in passing yards (3,586) at UAB.

• Brown and Johnston III have the luxury of playing behind a veteran offensive line that returns four starters. Headlining that unit is a pair of All-Conference tackles in RT Sidney Wells and LT Colby Ragland.

• UCA scored the game-winning touchdown against Austin Peay with :34 remaining in the fourth quarter on a 10-yard touchdown pass from Breylin Smith to Lujuan Winningham. Smith finished the game 283 passing yards, one touchdown and two interceptions. Kierre Crossley led the ground attack with 12 carries for 110 yards and a touchdown (9.2 YPC).

UAB is planning on accommodating fans this season at Legion Field.

Visit uabsports.com to read all the new and important gameday information regarding COVID-19 protocols.

Season and single game tickets are on sale, and the best way to guarantee your seat is by purchasing season tickets which start as low as $75.

Blazer Boosters members and current season ticket holders will also have top priority at Protective Stadium entering 2021.

LINDA WALKER

Mallory Campbell

WEST POINT, Ala. – West Point's Mallory Campbell has been awarded the 2020 Dr. Ruby T. Johnson Memorial Scholarship, an honor given annually by the Alabama Beta Delta Teachers' Sorority of Cullman, Alabama.

Campbell graduated from West Point High School in May 2020. At West Point, she was active in organizations such as Beta Club, student council, theater and Junior Ambassadors.

She was selected as a DAR Good Citizen and a Cullman Area Chamber of Commerce leader. Campbell is attending the University of North Alabama this fall and hopes to major in history and physical therapy.

Along with the scholarship, Beta Delta also showered Campbell with school supplies and gift cards to help her get started in the next step of her education.

"We congratulate and wish Mallory the best as she starts college!" said Linda Walker, 2018-2020 Beta Delta president.

Rudolf (from Front)

W.C. Mann
craig@cullmantribune.com

CULLMAN, Ala. – The Cullman County Animal Shelter's Donna Ruttkay shares The Cullman Tribune Pet of the Week.

Rudolf is a 1.5-year-old terrier mix. He's a laid-back, low- to medium-energy pet who is skilled at walking on his leash.

He is well-mannered and enjoys being around people. Ruttkay described him as "a swell, sturdy, humble fellow who loves to be loved on!"

Rudolf is a dog for dog people.

Shelter staff found that he is not a big fan of cats.

Rudolf has the makings of a good therapy, companion or hiking dog.

Rudolf's adoption fee is $100 which includes DHLPP vaccine, Bordetella vaccines, rabies vaccine, wormer, general exam at the vet, neutering, microchip, free 30-day health insurance policy issued by 24PetWatch (with valid email only) and a free bag of food from Cullman Pet Depot (you must pay sales tax).

Animal shelter staff and volunteers work with their dogs to make sure they are accustomed to being around people, walking on a leash and practicing good behavior.

Several of the shelter's canine friends have even been "hired" to work as therapy and special needs service dogs.

Please consider adopting, to give a rescued pet a chance at a happy and healthy life.

Contact the Cullman County Animal Shelter at 256-734-5448 or cullmancountyanimalshelter@gmail.com. Visit the shelter at 935 Convent Road NE.

Heroes (from Front)

This is part 1 of a special series in which The Tribune will visit with each volunteer fire department across Cullman County.

FAIRVIEW, Ala. – Heroes live among us all throughout Cullman County. They are among the first on the scene when tragedy strikes, and they do it for free, oftentimes putting themselves in harm's way for their neighbors. They are the firefighters and emergency medical personnel who make up the county's 26 volunteer fire departments.

Recently, The Tribune spoke with Fairview Volunteer Fire Department (FVFD) Chief Dr. Josiah Daily to learn more what his department does for the Fairview community.

The FVFD is made up of 21 volunteers, including Assistant Chief Doug Williams, and has one physician, one EMT and eight medical first responders.

When asked what services the FVFD provides, Daily said, "Fire suppression, medical first response.

"We're in the process of adding water search and rescue as we have eight certified divers.

"We are always looking for ways to improve the department and services we offer, and with the advancement in technology there are always options for upgrading equipment."

Fairview has three fire stations. Station 1 is located along Alabama Highway 69 next to Fairview Town Hall.

Station 2 is at the intersection of County Road 1527 and County Road 1518, and Station 3 is a joint station with the Berlin Volunteer Fire Department at the intersection of County Road 1670 and Alabama Highway 69.

So, how can the community support the FVFD?

"We are always looking for additional members," said Daily.

"We have recently started a junior firefighter program to help with recruitment.

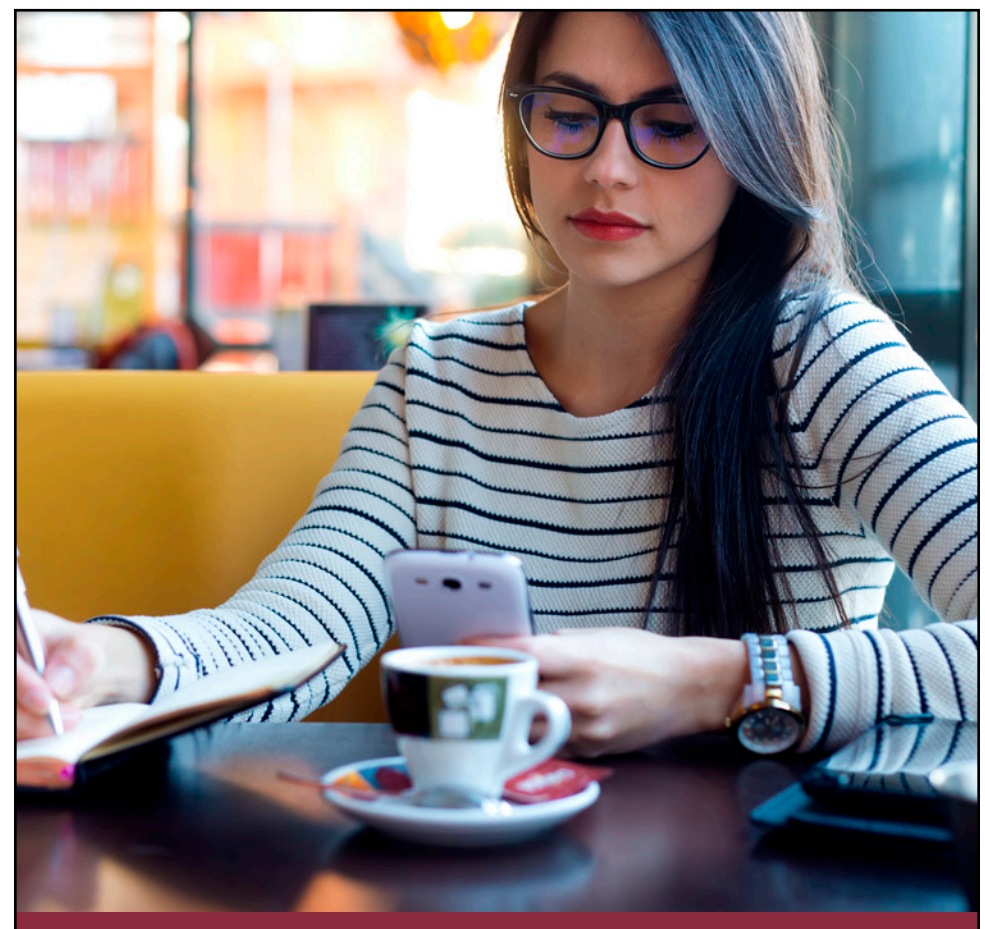

"Shopping local helps increase the tax revenue that supports volunteer fire departments.

"Safety is always a major issue; when we're responding and working on a scene, please be respectful and allow us to do our jobs."

OPINION

Leadership, part 7

Tom Fillinger
Tribune Columnist

Zenger and Folkman, writing in "The Extraordinary Leader," define character as the center tent pole in the issue of leadership. If you remove that pole – character – the entire tent collapses. That is a helpful definition. In many churches this issue is not carefully considered. When the character of leaders is flawed the testimony of the church and of Christ is damaged.

Character is *"the complex of mental and ethical traits marking a person."*

Character is *"the stable and distinctive qualities built into an individual that govern his response regardless of circumstances."*

Our character is what determines how we respond to the situations and circumstances of life.

The dictionary defines character as a *"complex of mental and ethical traits,"* that those traits, or qualities, are *"distinctive to an individual"* and that they are *"built into an individual's life."* It is those character qualities, those character traits, that determine a person's response in any given situation.

For example, a person with a strong character quality of *truthfulness* is much more likely to accurately report the facts in a given situation than a person who tends to be characterized by deceptiveness.

Someone who has the character trait of *alertness* will be more likely to be a better, safer, driver than a person who does not see or recognize the potential dangers around him (carelessness). A person with the character quality of *tolerance* will be more accepting of others – less prejudiced.

Success or failure in any situation or endeavor depends, more than anything else, on how we respond to events and circumstances. It follows that it is our character that substantially determines our success.

Of course, that doesn't mean that "good" people will always experience more "success" than "bad" people. There are, however, some character traits that tend to lead to "success" and others that tend to produce "failure." The question is, what are the "good" character qualities, and what are "bad" qualities?

The decline of the American church is an irrefutable fact. We are closing 200+ churches every week. The most common response to this reality is DENIAL. Those who respond with denial are almost always those who are lacking in this vital realm of character.

Max Dupree states very pointedly that the first responsibility of a leader is to define reality. If those with leadership responsibilities do not have an honest and accurate definition of reality the corrections and modifications needed in ministry will not be accomplished.

So here is the challenge before each and every person in a local church. Honestly evaluate those with leadership responsibilities. Character counts and is foundational for ministry effectiveness.

On Aug. 29, 2020 Judy Cason Jones, loving wife and mother of three children, passed away at the age of 60. Judy was born July 22, 1960 in Chicago, Illinois to Hershel and Meige Lee "Peg" Cason. On March 12, 1988, Judy married Chris Jones. Together they raised three sons, Clay, Christopher and Brandon. Judy had a passion for Alabama football and the beach as we all knew. Judy's infectious smile, and her kind, compassionate spirit impacted all who knew her whether it was her family, friends or co-workers. Judy was formerly the manager of Princeton's in Decatur for years before it closed and has been at the Hard Dock Marina ever since, where she will be greatly missed by all who were blessed to have known her. Judy was preceded in death by her father Hershel and her mother Meige and her brother Danny. Judy is survived by her husband Chris; sons Clay, Christopher (Deanna) and Brandon; three grandchildren whom she loved very much Kaleb, McKenzie and Connor; three brothers Jimmy (Betty), Gordon (Michelle), and John (Mindy); and a host of nieces and nephews. The family requests that in lieu of flowers, donations be made to the American Cancer Society in her name. A graveside service will be held Wednesday, Sept. 2, 2020 at 11 a.m. at Sardis No. 2 Baptist Church Cemetery, 3789 Sardis Airport Road, Addison, Alabama 35540.

CRANE HILL, Ala. – A little more than six weeks after the boat he was aboard capsized on Smith Lake in Cullman County, the body of Dustin New, 26, of Fultondale was recovered by divers Saturday, Aug. 29.

"Dustin New went missing on July 16 while boating in the Cullman County area of Smith Lake," Lt. Chad Pate with the Alabama Law Enforcement Agency (ALEA) Marine Patrol Division said in a statement late Saturday night.

"Divers recovered him from about 90 feet of water. He was recovered in the area where the accident was thought to have occurred."

Pate said Southeast Louisiana Underwater Search and Recovery, the Logan Volunteer Fire Department, the Cullman County Sheriff's Office dive team and ALEA Marine Patrol assisted with the recovery.

Cullman County Coroner Jeremy L. Kilpatrick officially identified the body once it was recovered from the water by divers Saturday night.

A boat New was aboard was found capsized near Trident Marina Thursday afternoon, July 16 at approximately 1:45 p.m.

That day, Maurice Reynolds with the Logan Volunteer Fire Department described the capsized vessel as a "work-type pontoon boat," and said, "It wasn't that far off the bank where the boat flipped, probably 30 yards, 40 yards at the most."

Along with the aforementioned agencies, the Crane Hill Volunteer Fire Department, Houston County Search & Rescue, Christian Aid Ministries Search & Rescue, Elite Detection K-9 and ALEA Aviation also participated in search efforts over the past six weeks.
