County passes $65.6M budget; Gudger announces resurfacing of Welcome Road

CHRISTY PERRY/THE CULLMAN TRIBUNE

Sen. Garlan Gudger, R-Cullman addresses the Cullman County Commission Tuesday morning, Sept. 22, 2020.

CULLMAN, Ala. – The Cullman County Commission passed a $65.6 million budget for FY 2021 Tuesday morning. It includes a $23.6 million General Fund budget with $13.1 million, or 55.2%, budgeted for the Cullman County Sheriff's Office and Detention Center. The budget for the road department, which includes the new gas tax and diesel tax, is $11.2 million.

"The total budget is a decrease of about 4%," County Administrator Gary Teichmiller said. "That's due to, this current year, we bought all this sanitation automated equipment, something we won't have in next year's budget."

He added, "Most line items stayed the same. CARTS (Cullman Area Rural Transportation System) is buying some buses, but the CARES Act (Coronavirus Aid, Relief, and Economic Security Act) is paying for them, $700,000. Then there is a one-step increase across the board for all county employees."

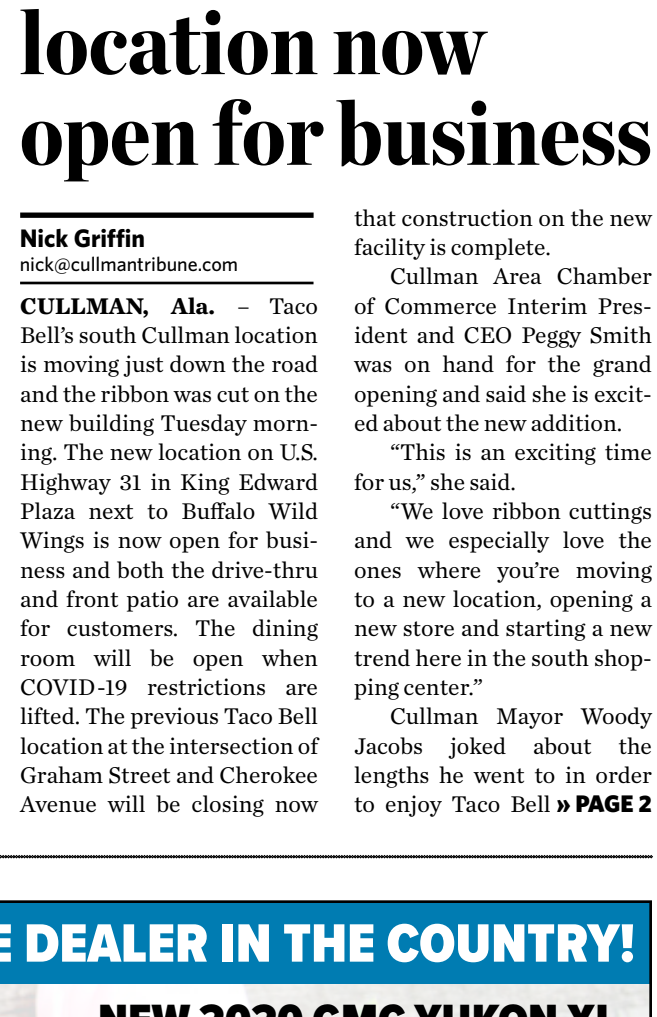

Teichmiller explained that the County "played it safe" when creating the new budget. He explained, "Internet sales tax, we may lose some of that. They might pass legislation to give some of that to the schools. With COVID and legislation, you don't know what's going to happen."

The County is also waiting for a clarification on how money from the CARES Act can be used.

Said Teichmiller, "The $2 million, we used some of it for cleaning supplies, masks, computers and stuff like that. It's not clear from the ACCA (Association of County Commissions of Alabama), if it can be used for public safety, and at one point in time, they were saying all deputies and detention are considered public safety. Now, they are coming back and saying that you've got to- The Department of Treasury and the Department of Finance differ on it- one of them is saying you have to document how that deputy's job duties are different and how much of his time is devoted to COVID versus being out on patrol."

Cullman County Attorney Emily Johnston added, "We've received multiple directives on how the money can be used."

Sen. Garlan Gudger, R-Cullman stopped by the commission meeting to announce the resurfacing of Welcome Road/County Road 1564 in the Fairview and Baileyton communities. He said, "I'm thankful that this is money, through relationships I have built in Montgomery, that we are able to get that is not coming out of the taxpayer's General Fund budget, your budget, in Cullman County. We are thankful that this money is » PAGE 6

CULLMAN, Ala. – Taco Bell's south Cullman location is moving just down the road and the ribbon was cut on the new building Tuesday morning. The new location on U.S. Highway 31 in King Edward Plaza next to Buffalo Wild Wings is now open for business and both the drive-thru and front patio are available for customers. The dining room will be open when COVID-19 restrictions are lifted. The previous Taco Bell location at the intersection of Graham Street and Cherokee Avenue will be closing now that construction on the new facility is complete.

Cullman Area Chamber of Commerce Interim President and CEO Peggy Smith was on hand for the grand opening and said she is excited about the new addition.

"This is an exciting time for us," she said.

"We love ribbon cuttings and we especially love the ones where you're moving to a new location, opening a new store and starting a new trend here in the south shopping center."

Cullman Mayor Woody Jacobs joked about the lengths he went to in order to enjoy Taco Bell » PAGE 2

Berlin moves forward on development of town facilities

W.C. Mann
craig@cullmantribune.com

BERLIN, Ala. – The Berlin Town Council on Monday evening moved forward with measures to continue the development of its municipal facilities.

The council:

• Awarded a $450 contract to Vinemont Welding and Fabrication for sand blasting and powder coating to complete a permanent sign for the Berlin Farmers' Market. The powder coating should be good for up to 30 years.

• Approved the purchase of a fire extinguisher for the new town hall from Alabama Fire and Safety, and a contract with the company for a fire safety inspection of the facility.

• Discussed planned town hall improvements. Mayor Patrick Bates told the council that Berlin has been approved for a state "Rivers and Streams" grant to build steps and handicapped parking spaces for the facility. The Town has not yet been informed of the amount of the grant.

• Discussed building a covered vendor area at the farmers' market. Bates told the council that he is applying to the Appalachian Regional Commission for a grant to build a roof at the market, noting that a common reason given by farmers for lack of participation this year was the lack of a covered vending area.

The council also passed a motion to put bush hogging in the town out for bid, seeking a service provider with a minimum of $100,000 in liability coverage.

Discussion items

The council discussed, without taking immediate action:

• Possible uses of remaining CARES Act funds, which must be used to respond to issues created by COVID-19. Two possibilities presented were purchasing Plexiglas dividers for use in classrooms at Welti and Holly Pond Elementary Schools, both of which serve the Berlin community, and the possible distribution of boxes of masks, sanitizer and other supplies to Berlin households.

• Washed out spots on the sides of County Road 747 both north and south of the U.S. Highway 278 intersection. Bates said that he would contact the County about what to do.

Bates had planned to present the Town's 2021 budget Monday evening, but said that he will present it at the next meeting.The Berlin Town Council meets at 7 p.m. the third Monday of each month at the Berlin Community Center. The public is invited to attend, subject to building occupancy restrictions.

Garden City Town Council approves lease for boutique

Nick Griffin
nick@cullmantribune.com

GARDEN CITY, Ala. – The Garden City Town Council on Monday night approved the lease for a new boutique in town. Keith Sanders brought the request before the council, and after some discussion, it was approved.

The boutique will be in a house directly across U.S. Highway 31 from the municipal building.

The council approved the deal with the stipulation that the outside of the property be maintained and kept orderly.

The council discussed options for the Garden City Elementary School building after council members visited and evaluated the facility earlier this month.

They considered several options for what to do with the building, which is now a Town property, before ultimately tabling the discussion to be continued later.

The council also heard from township deputy, Sgt. Jeff Rainwater, who warned of recent thefts in the county.

He specifically mentioned riding lawnmowers, trailers, four wheelers and vehicles.

He said he wanted to alert everyone to be more careful locking up and storing their vehicles.

The Garden City Town Council's next meeting is scheduled for Monday, Oct. 19 at 6 p.m. at Garden City Town Hall.

West Point (from Front)

Christy Perry
christy@cullmantribune.com

WEST POINT, Ala. – The Town of West Point passed its FY2021 budget this week, with $337,183 in expenditures, a slight increase from 2020. The Town expects total revenue to be $415,812 for the coming year.

Tony Turbyfill, CPA with Segroves & Company, PC said the Town is in great shape financially, giving his summaries of West Point's 2017 and 2018 audits.

"As far as financial shape, as far as the Town is concerned, y'all are probably in better shape than any of the other audits that I have, financially," he said. "From 17-18, you had an increase of roughly $146,000 from your net position. Then from 18-19, you had about a $175,000 increase. Things are steadily progressing in your favor financially."

The council was asked to address a few minor concerns, including a better way to log and track umpire pay and having a backup plan if someone other than the town clerk needs to access the Town's financials.

Turbyfill also reported a decrease in the amount of money the Town has had to transfer to cover sewer operations. He said, "In a long-term aspect, that's going to be a positive for the city."

The council approved the paving of the Town's portion of County Road 1141. The County will soon begin the paving of the portions of the road outside of town limits. The cost to West Point for the paving of 1141 from County Road 1117 to 1246, a total of 1.9 miles, is $283,642, with Good Hope Contracting doing the work. Mayor Gerald Schafer said that cost includes the road's shoulders but does not include striping.

The council also approved several annexations, including property belonging to Frankie and Sharon Jones, Dan Willingham, Wesley Laney and Phillip Nichols.

Parks and Recreation Director Wesley Laney gave an update on how West Point's Coronavirus Aid, Relief, and Economic Security Act (CARES Act) money is being used. The bathrooms at the ballpark and town hall will be updated with touchless toilets, hand dryers and other features. The Town will also purchase two electrostatic foggers.

Said Laney, "That's the going thing now, and we've got them in the schools. We can go around and spray all this room and sanitize it in about two minutes and you can do it as often as you need to."

He said a maglock will be installed on the front doors of West Point Town Hall.

Coming Home: Troy Downs Middle Tennessee in return of the Battle for the Palladium

Andrew Stern
TROY Athletics

MURFREESBORO, Tenn. – The Troy football travel party will have an extra member on the way back home this evening, as the Trojans earned the coveted Palladium trophy after Saturday's convincing 47-14 victory over Middle Tennessee at Floyd Stadium in the first matchup between the former Sun Belt Conference rivals since 2012.

The Trojans (1-0), who scored 40 unanswered points after the Blue Raiders (0-2) tied the contest at seven, were sparked by a nine-point outburst over the final 90 seconds of the opening half that was powered by a Will Choloh safety and a 5-yard touchdown reception by Khalil McClain with three ticks remaining in the opening half.

In his first career start, sophomore signal-caller Gunnar Watson impressed completing 26-of-37 passes for 242 yards and two touchdowns. With the win, Watson became the first Troy signal caller to earn a victory in his first career start since Corey Robinson against Bowling Green in 2010.

B.J. Smith made his return to action Saturday afternoon, rushing for 81 yards on an efficient 10 carries. In total, four different Trojans rushed for a touchdown including highly touted freshman Kimani Vidal.

Troy received contributions up-and-down the roster in the convincing 34-point victory, as seven different Trojans recorded a touchdown and five different Trojans scored their first career touchdown.

On the defensive side of the ball, the Troy defense shined, allowing just 14 points and 242 yards of total offense. The performance was the fifth time since 2017 that the Trojans allowed fewer than 250 yards.

Terence Dunlap also made quite an impact in his return action with a pair of interceptions in a game.

Head coach Chip Lindsey became the first head coach at Troy to win his first two season-openers since Chan Gailey in 1983 and 1984, as the Trojans amassed 400 yards of total offense for the ninth time in Lindsey's short Troy career (13 games).

The Trojans drew first blood capping a 12-play, 73-yard drive on an 8-yard strike from Watson to McClain. The score was Watson's first career touchdown and marked the first time that the Trojans scored a touchdown on the opening drive of the season since 2016 (Austin Peay).

After stalling on its first two drives of the afternoon, MTSU and quarterback Asher O'Hara answered the Trojans strike with a 9-play, 69-yard drive that culminated with a 2-yard scamper by O'Hara. On the afternoon, O'Hara completed 16-of-23 passes for 109 yards through the air and rushed for 45 yards on 14 attempts.

Needing an answer, Watson showed off his poise, leading the Trojans on a 7-play drive that ended with Charles Strong's first career collegiate touchdown. The 1-yard rush gave the Trojans a 14-7 lead with 14:11 left in the opening half.

After the two teams traded punts on the next two drives, former walk-on Craig Slocum stepped in front of an O'Hara pass for the first interception of his Troy career.

Troy cashed the turnover in for three points when Evan Legassey connected on a career-best 47-yard field goal that gave the visitors a 17-7 lead with 6:50 left in the half.

On the next MTSU drive, the Trojans defense again proved to be up for the challenge, forcing the first of two turnovers on downs.

Following a stalled Trojan drive, Kyle Coale pinned the Blue Raiders back on their own 6-yard line. The punt proved to be a big turning point in the game, as Will Choloh on third down sacked Chase Cunningham in the end zone for a safety with 1:29 left.

Looking to seize control of the contest, the Trojans answered the safety with another seven points, as Watson found McClain in the right-corner of the end zone for the senior's second touchdown of the half.

The strike gave the Trojans a commanding 26-7 lead at the break.

On the opening drive of the second half, Dunlap picked off a Cunningham pass at the Trojans' 30-yard line, giving Watson and the Trojan offense the ball back. On the ensuing drive, Vidal capped an 11-play, 70-yard drive with a 2-yard scamper that gave the Trojans a 33-7 advantage with 9:56 left in the third period.

After yet another Dunlap interception, the Trojans offense again found pay dirt, as junior DK Billingsley's 2-yard run on third-and-goal gave the Trojans a 40-7 advantage with 3:22 left in the third quarter. Troy recorded its final touchdown of the afternoon midway through the fourth quarter, when Jacob Free found Tyler Hussey for an 8-yard touchdown strike. The connection was the first touchdown pass of Free's career and the first reception of Hussey's career.

A late MTSU 28-yard strike from Mike DiLiello to Jaylin Lane capped the afternoon for both sides, as the Trojans recorded the second-largest margin of victory in the Lindsey era (36 points, Texas State).

Up Next

Troy continues its three-game road trip to open the season with a visit to No. 22 BYU next Saturday. Kickoff is set for 9:15 p.m. (CT) and the game will be broadcast on ESPN.

Quotable – Head Coach Chip Lindsey

"It's extremely exciting [to start this season off with a win]. At one point we weren't sure if we would play. I told our guys that before we played today, 'Let's appreciate this opportunity to play, we weren't sure we were going to get to. Let's go out and play every snap like it could be our last, because you never know.' I think our guys have taken that to heart and I'm really proud of their effort today."

Sound Smart with Your Friends

Javon Solomon, Elgin Griffin, Craig Slocum, Reddy Steward, Gunnar Watson, Grant Betts and Bubba Hudson all made their first career starts for the Trojans.

Notable

• Troy Gunnar Watson's 248 passing yards is the most from a quarterback in their first career start since Corey Robinson passed for 252 yards in 2010

• Troy has now won seven of the last eight games vs MTSU and is now 9-4 since 1999

• Troy received the opening kickoff for the 10th time in 13 career games with Chip Lindsey as head coach; the Trojans have scored on seven of those drives with four touchdowns following a Khalil McClain touchdown against Middle Tennessee

• The game was the ninth out of 13 under head coach Chip Lindsey where the Trojans topped the 400-yard mark on offense

• Troy's three interceptions are the most in a game since recording four interceptions at Texas State last season. Troy is tied with App State for the most interceptions nationally since 2016 with 71

Office of Gov. Kay Ivey
Contributor

MONTGOMERY, Ala. – Governor Kay Ivey on Monday announced she has signed Executive Order No. 721, establishing the Alabama STEM Council. The Council will advise state leadership on ways to improve STEM (Science, technology, engineering and mathematics)-related education, career awareness and workforce development opportunities across the state.

"Alabama has continued to grow into an advanced manufacturing, aerospace engineering and cybertechnology center of excellence and as a result, the demand for qualified labor in these sectors has skyrocketed," Ivey said. "The Alabama STEM Council will play a vital role in ensuring that our state's future leaders have the opportunity to learn STEM-based skills that will help them transition into successful career pathways upon graduation."

STEM workers play a key role in the sustained growth and stability of Alabama's economy. As companies continue to relocate or expand in Alabama, the state must develop an adept workforce that is prepared to adequately meet growing labor demands.

Ivey appointed Dr. Neil Lamb, vice president for educational outreach at HudsonAlpha Institute for Biotechnology, as chairman of the Council.

"Our great state is home to several quality STEM-focused education and workforce initiatives. However, we lack a common system to weave these initiatives together into a network that reaches all learners across the state and expands the workforce pipeline," Lamb said. "Establishing a statewide Council was a key recommendation from the Governor's Advisory Council on Excellence on STEM, and I am thrilled to see that recommendation become reality through the Alabama STEM Council."

Rep. Terri Collins, R-Decatur, who chairs the House Education Policy Committee, sponsored a bill in the 2020 Regular Legislative Session that sought to create the Alabama STEM Council as an independent state entity within the Alabama Department of Commerce. Although HB293 passed in the House with unanimous consent, it failed to advance in the Alabama Senate due to the COVID-19 pandemic.

"I'm extremely pleased the governor is taking the lead with the Executive Order to form the STEM Council," Collins said. "Having the math and science experts from Alabama set high quality standards and guiding student growth in achievement will make a positive difference. Thank you, Governor Ivey, for prioritizing education!"

Deputy Commerce Secretary Ed Castile, who also serves as the director of the Alabama Industrial Development Training Agency, has played a substantial role in the development of the council.

"The state of Alabama is rapidly evolving in science and technology with new job opportunities developing daily that require a STEM education as a basic foundation. So, STEM education is rapidly becoming the new "basic education" that Alabama jobs require," Castile said. "With new tech companies developing, manufacturing moving to digital "smart factories" and numerous job opportunities that support these businesses, we must have a workforce that will meet the demands. The STEM Council will be crucial in working with K-12 education as they develop their STEM programs to align with Community Colleges and Universities to assist students move along the STEM pathways needed by our developing businesses. We, in the Department of Commerce are excited to assist with administrative support of the STEM Council and will be a natural link to the business and commerce of our state."

The Council will hold an initial organizational meeting within 90 days after the issuance of this order.
