Cullman Fire Rescue donates $1,500 to Cullman County Bosom Buddies

NICK GRIFFIN/THE CULLMAN TRIBUNE

Cullman County Bosom Buddies Vice President Judy Grissom and President Lori McGrath receive a $1,500 check from Cullman Fire Rescue Lt. Neville Franks Wednesday afternoon.

Nick Griffin
nick@cullmantribune.com

CULLMAN, Ala. – The Cullman County Bosom Buddies Foundation received a $1,500 donation from Cullman Fire Rescue's Cullman Professional Firefighters Public Relations Board (CPFPRB) at Fire Station 3 Wednesday afternoon. Foundation President Lori McGrath and Vice President Judy Grissom met with CFR Lt. Neville Franks at the station to receive the donation.

Franks, who said he has dealt with the effects of breast cancer within his own family, is the president of CPFPRB and he talked about the organization's mission within the community.

"What we do is anything and everything that will help the community," he said. "That's what we're all about is helping in the community, whether it's for Bosom Buddies, Christmastime money for the CCCDC (Cullman County Center for the Developmentally Disabled) or if the Boy Scouts call and we send an off-duty fire engine to spend time with them. Basically, anything that'll help out the community, we'll try."

Franks and the board are also selling T-shirts to continue raising money for the Bosom Buddies Foundation and to help fund more community outreach events in the future.

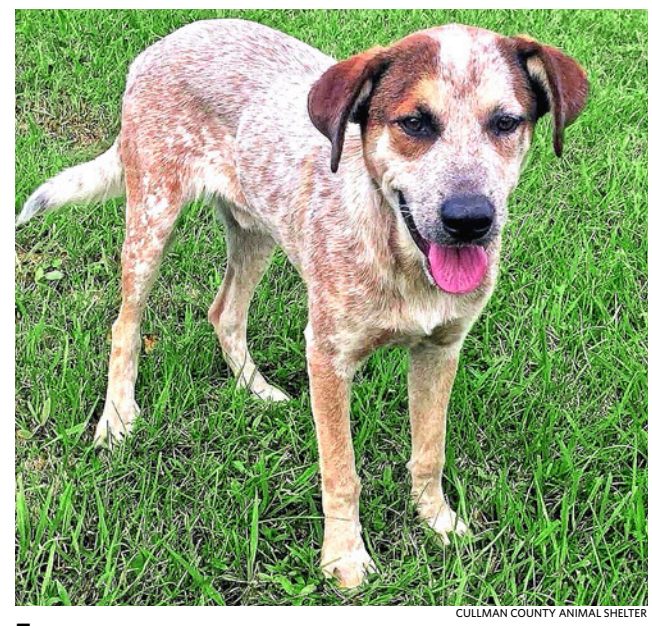

"90-plus percent of the money goes directly to (Bosom Buddies). We do keep $400 out of everything raised each year and we transfer that over to next year's stuff. For the Santa ride that we do we had the Santa suit that we bought, and the Grinch suit we had to buy, and it's really neat," Franks said. "It's a great opportunity to be with people outside of our normal everyday stuff. If everything goes right, we're hoping to add a second truck on for Christmas, so we'll have two Santas going on both sides of town."

To get your own shirt, contact Franks at nfranks@cullmanal.gov or order one through PayPal at cpfprboard@gmail.com.

PET OF THE WEEK

Truman is looking for a forever friend

CULLMAN COUNTY ANIMAL SHELTER

Truman

W.C. Mann
craig@cullmantribune.com

CULLMAN, Ala. – The Cullman County Animal Shelter's Donna Ruttkay shares The Cullman Tribune Pet of the Week:

Truman is a 1-1.5-year-old Heeler mix. He's a laid-back, low- to medium-energy pet who's skilled on his leash, has good spatial awareness and craves human company. He is submissive and is willing to take on challenges with encouragement from his folks.

Truman has the makings of a good therapy, companion or reading dog.

Truman's adoption fee is $100 which includes DHLPP vaccine, Bordetella vaccines, rabies vaccine, wormer, general exam at the vet, neutering, microchip, free 30-day health insurance policy issued by 24PetWatch (with valid email only) and a free bag of food from Cullman Pet Depot (you must pay sales tax).

Animal shelter staff and volunteers work with their dogs to make sure they are accustomed to being around people, walking on a leash and practicing good behavior. Several of the shelter's canine friends have even been "hired" to work as therapy and special needs service dogs.

Please consider adopting, to give a rescued pet a chance at a happy and healthy life.

Contact the Cullman County Animal Shelter at 256-734-5448 or cullmancountyanimalshelter@gmail.com. Visit the shelter at 935 Convent Road NE.

Truck (from Front)

Christy Perry
christy@cullmantribune.com

HANCEVILLE, Ala. – Hanceville Fire and Rescue will soon be getting a new rig. The department was given permission Tuesday night to purchase a Toyne Pumper truck. The custom-made truck is expected to take one year to be built and delivered.

The Hanceville City Council held a special-called meeting Tuesday night to discuss the request made by Hanceville Fire and Rescue at last Thursday night's regular council meeting. Chief Roger Green and Assistant Chief Bart Absher presented a proposal to purchase two fire trucks, one pumper and one mini pumper, to replace aging trucks currently in use. Councilman Jim Sawyer had not reviewed the information and asked the discussion be tabled.

Tuesday night, the council, Green and Absher discussed the matter at length before deciding to approve the purchase of just the larger truck. The financing for the purchase will come from the City's fire dues. The Toyne pumper truck is expected to cost $460,000.

"I, myself, I don't mind or have a problem with you having two payments somewhere down the road to buy another truck," said Sawyer about his opinion that the City should only buy one truck at this time. "With times as uncertain as they are right now, right now before this election and not knowing what is going to happen, I am a little nervous about buying two trucks. I think we should buy one truck, whichever one you want, and then maybe we can get another 6-8 months down the road. I'm just a little nervous. That's just a lot of money."

Councilman John Stamm agreed with Sawyer.

"We will look at this again next summer about getting the mini-pumper," Councilman Jimmie Nuss said.

"I'm ecstatic. I'm just worried 12 months from now when I come back, they're going to say we can't afford two payments and I'm going to be right back where I was. I'm still going to have a 20-year-old old truck and a new truck and multiple trucks that are falling apart," said Absher, who added, "It is better than what we got now. Any department in the county would be ecstatic to get what we got tonight."

Massive region matchups coming in week 6

Nick Griffin
nick@cullmantribune.com

CULLMAN, Ala. – Local teams are preparing to kick off the second half of the regular season this week and there are some critical region showdowns coming up with the postseason right around the corner. Cullman, West Point, Hanceville and Meek will be on the road to face region foes while Addison, Vinemont, Fairview and the undefeated, fifth-ranked Good Hope Raiders will be playing regional matchups at home. Holly Pond was scheduled to travel to Tarrant this week, but quarantine issues have brought the season to an early end for the Wildcats, giving the Broncos a forfeit and an off week. Arab was set to take on Pell City in a region matchup this week but the Panthers have been forced to forfeit as well and the Knights will now play Locust Fork in a game that will impact neither teams' overall record.

(5-1) Cullman at (0-5) Decatur
Last Friday was not a great night for the Bearcats. Cullman fell to Mars Hill on the road 22-6 but worse than that, the 'Cats were forced to play without defensive coordinator Matt Hopper who left early in the game after suffering a heart attack on the sideline. Hopper underwent a successful procedure in Florence Friday night and even surprised the team with a visit to practice on Tuesday.

Hopefully knowing that Hopper is recovering well will make things easier on the Bearcats when they arrive at Decatur Friday night. There is plenty to clean up from last week's game including turnovers, special teams and penalties so expect the 'Cats to come out and play angry against the Red Raiders. Bouncing back with a win this week would be a great way to get back on track and stay atop the region standings with Muscle Shoals.

(4-3) Arab v. (2-3) Locust Fork
The Knights have been hot since edging Southside 28-27 a couple weeks ago. Arab kept the momentum going by crushing Brewer 42-7 and win Pell City's forfeit this week, the Knights have now collected three straight wins. This week's make-up game against Locust Fork will not count toward either team's record but it's important for Arab to continue improving on the field with some huge region games still left in front of them.

The Hornets downed Hanceville 38-7 last week, but it was only their third game of the season as Locust Fork has dealt with quarantine problems of its own this fall. Even though it won't add to the win column, Arab will be trying to keep its momentum rolling with another good performance in this game.

(0-5) West Point at (0-5) Crossville
It's been a tough first half of the season for the West Point Warriors. If the ball bounced a different way on a few different occasions, the Warriors could easily be 5-0. Instead, they are still winless on the season after dropping five competitive games.

This week they'll be traveling to take on another winless team in Crossville, but the Lions have been less competitive in most of their losses. Teams are putting up nearly 37 points per game against Crossville this season and the Lions will have their hands full with the West Point offense Friday night.

If the Warriors can put together a solid performance on the defensive side and continue putting points on the board, they'll have a great chance to pick up their first win at Crossville this week.

(4-1) Fairview v. (4-2) Boaz
The Aggies have had a week to rest up and prepare for Friday night's showdown with Boaz, but they'll be facing a Pirates team that's coming off a dramatic loss. Boaz fell to Albertville 34-33 in 2OT last week. Fairview edged county rival West Point 28-27 in its last game and another region win for the Aggies this week would have a big impact on the region standings. Back to back region wins would be a great wave of momentum to ride into the remainder of the regular season as Fairview begins building its playoff resume. The Aggies are 0-8 all-time against Boaz so they could make a little school history with a win as well.

BILL PIPER, MARTHA NEEDHAM AND MADDIE MCKENNEY/THE CULLMAN TRIBUNE

West Point's Kelton Washington (23), Fairview's Tyler Simmons (24) and Good Hope's Eli Pugh (44).

(6-0) Good Hope v. (3-2) Etowah
For the first time since 2000, the Good Hope Raiders are 6-0 and they climbed to no. 5 in this week's Class 4A state poll. Good Hope blasted Addison 49-15 to collect its sixth win last week but they have a new challenge coming to town this week in the Etowah Blue Devils. Etowah and Good Hope are both 2-0 in the region standings so this week's showdown will be critical for playoff seeding down the road. The Blue Devils are coming off a 35-21 loss at Fort Payne last week, so they'll have a sense of urgency when they hit the field looking to bounce back at Good Hope Friday night. This week's matchup is the first of four straight region games to close out the regular season for the Raiders so this will be the most important stretch of the year for Good Hope.

(1-4) Hanceville at (3-3) Oneonta
The Bulldogs have another difficult road test ahead of them this week as they prepare to face the latter half of their regular season schedule. Hanceville will travel to Oneonta this week for a meeting with the Redskins who have won three straight.

After falling to Etowah four weeks ago, Oneonta has won its last three games against Ashville, Dora and Susan Moore. The Redskins are just ahead of the Bulldogs in the region with a 2-1 record so Hanceville could shake things up in the region standings with a win Friday night. The Bulldogs have shown the ability to be explosive on the offensive side of the ball this season and they'll need some big plays this week for a shot to take down the Redskins.

(3-2) Vinemont v. (5-1) Winfield
It's been two weeks since the Vinemont Eagles were on the field, but they'll have a tall task ahead of them when they host Winfield for a big regional showdown Friday night. The Pirates are coming off a 52-20 win over Brilliant last week and the last time the Eagles were on the field they crushed Carbon Hill 36-0 so both teams will be entering Friday night's matchup with some confidence.

Vinemont is one of four teams in the region with a 2-1 record so there will be some real movement in the region standings after this week. A win over Winfield on their home field Friday night would secure one of the top spots in the region for the Eagles with the postseason on the horizon.

(3-3) Addison v. (3-2) Cold Springs
Both Addison and Cold Springs are going into Friday night's region matchup in very similar circumstances. Both the Eagles and Bulldogs are coming off tough losses at home and both of them need a win this week to get the second half of the regular season started with a win. Addison holds a 2-1 region record while Cold Springs sits at 1-1 so Friday night's outcome will have real postseason implications. The ground game behind running back Ayden Alexander has been the bread and butter for the Eagles' offense this season so the front seven of Addison will definitely be focusing on that this week. Something will have to give when Cold Springs arrives at A.G. Hicks Stadium for a regional showdown Friday night.

(0-5) Meek at (1-4) Marion County
After using last week to rest up and refocus for the second half of the regular season, the Tigers of Meek will be on the road this week for a regional matchup with Marion County.

The Red Raiders have lost three straight coming into Friday night's matchup, but they'll be coming off a bye week as well. Both teams should be rested and hungry for a win and for the Tigers, this week's game might be one of their last chances to turn the momentum around for the final stretch of the regular season.

Cullman Co. Youth Football week 6 scoring recap

Sammy Confer
sammy@cullmantribune.com

CULLMAN, Ala. - Saturday marks the end of week six of the youth football season and some key games took place with playoff implications on the line. SAMMY CONFER/THE CULLMAN TRIBUNE

The Cullman Bearcats defeated the Good Hope Raiders 32-8 in Saturday's Fireplug matchup.

- Holly Pond Broncos (0-6)

Week 7 Schedule (October 3rd):
- Holly Pond Broncos at Good Hope Outlaws (4 p.m.)
- Fairview Aggies at Cullman Cyclones (9 a.m.)
- Vinemont Eagles at Cold Springs Eagles (4 p.m.)
- Cullman Bearcats at West Point Warriors (4 p.m.)

STATE

Alabama's Gulf Coast beaches reopen Oct. 2

Most public access sites in Baldwin County remain closed until further notice

Ala. Department of Conservation and Natural Resources

MONTGOMERY, Ala. – In consultation with the City of Gulf Shores, City of Orange Beach, Town of Dauphin Island and Baldwin County, all Alabama Gulf Coast beaches will reopen at 6 a.m. Friday, Oct. 2, 2020 as coastal Alabama's recovery from Hurricane Sally progresses.

While beaches will reopen, all public beach access points in Orange Beach, Gulf State Park and Gulf Shores will remain closed until further notice.

Those access points in Gulf Shores include Gulf Place, West Gulf Place, West Fifth Street, West Sixth Street, West 10th Street, West 12th Street, West 13th Street and Little Lagoon Pass Park.

The extended closure of public access areas is strictly due to safety concerns. Repairs to boardwalks and other damaged areas will take place as quickly as possible. Reopening of access points and parking lots should begin in mid-October as soon as they are fully repaired and deemed safe.

The Lodge at Gulf State Park and Woodside Restaurant are open; however, the Gulf State Park Campground, Pavilion and Fishing Pier remain closed at this time.

Private accommodations that can reopen will have open access to the beach beginning Oct. 2. Visitors should contact their lodging accommodation provider for specific information related to their stay.

HEALTH

ADPH: Get the protection offered by the flu shot

Karen Landers
Contributor

MONTGOMERY, Ala. – As the COVID-19 pandemic continues this fall, the Alabama Hospital Association, the Medical Association of the State of Alabama and the Alabama Department of Public Health (ADPH) have joined forces to urge Alabamians to get vaccinated for the flu. They note that with the additional impact of COVID-19, it's more important than ever to get a flu shot and to get it early.

"Yearly influenza vaccination of all persons 6 months of age and older is the best way to protect yourself and your family from potentially serious complications," said State Health Officer Dr. Scott Harris.

"Sadly, last year only half of Americans got the vaccination, and more than 400,000 were hospitalized for the flu. Getting vaccinated is easy and can lower the risk of the flu, doctors' visits, hospitalization and even death. The vaccine also reduces the risk of heart attack and stroke among high-risk groups."

To remind the public of the importance of flu shots and to dispel some myths, the organizations will be hosting Flu Fact Fridays on their social media accounts.

"One of the myths is that healthy people don't need the flu vaccine," said President of the Medical Association, Dr. John Meigs. "While the highest risk is for those with underlying conditions, we've lost thousands of healthy adults and children each year to flu, so that's a myth we need to address right away."

An influenza vaccination will not prevent COVID-19, but it is the best way to minimize the risk of flu. "It is important that we minimize concurrent outbreaks of flu and COVID-19," said Dr. Don Williamson, president of the Alabama Hospital Association.

"Every flu season can be unpredictable, but this year is especially complicated with the pandemic. We need to do everything we can to keep our hospitals and other healthcare providers from being stretched to capacity as they care for COVID-19 patients and other patients."

The three groups stress that while the flu and COVID-19 are different infections, they share many of the same symptoms – fever, headache, sore throat, muscle aches and fatigue. These similarities may make illnesses more difficult to diagnose and treat. Getting a flu vaccine will reduce the chances of possible misdiagnoses and of getting both diseases at the same time.

For high-risk persons, vaccination is especially important to decrease their risk of severe flu illness. People at high risk include young children, pregnant women and people with certain chronic health conditions. People 65 years and older are also at higher risk from COVID-19. For more information about flu vaccine, please see the Influenza Fast Fact Flier at www.alabamapublichealth.gov/immunization/assets/influenza_disease_and_vac_flyer.pdf.

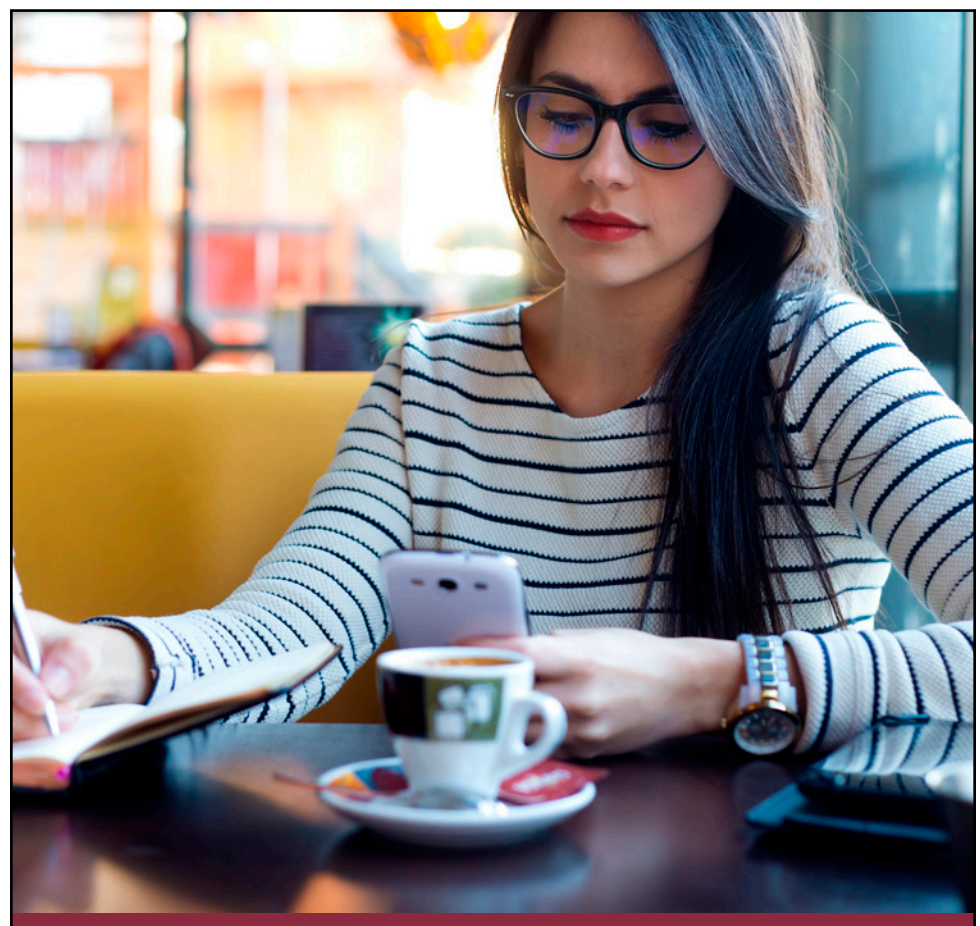

Influenza vaccination also is important for health care workers, and other people who live with or care for people at higher risk to keep from spreading flu to them. This is especially true for people who work in long-term care facilities, which are home to many of the people most vulnerable to flu and COVID-19. People who care for infants younger than 6 months should be vaccinated.

Contact your private physician, pharmacy or local county health department for a flu clinic schedule. To find a local provider who offers adult flu vaccine, please review the Adult Immunization Provider web page (www.alabamapublichealth.gov/immunization/adult-immunization-providers.html). The more people protected from influenza, the more health care resources will be available during the COVID-19 pandemic.

Best Bets

Jennifer Marshall hosts "Mysteries Decoded" on The CW.

7 p.m. on WBIQ
This Old House

Host Kevin O'Connor returns to open Season 42 on this PBS flagship home improvement series. In the opener, "Designing Kitchens," O'Connor takes viewers on a tour of kitchens, with features ranging from fireplaces used for cooking in colonial times to marble counters of modern days. He also offers an enlightening look at the evolution of appliances. A new round of the companion series, "Ask This Old House," immediately follows in many PBS markets.

7 p.m. on WTTO
Mysteries Decoded

As the TV year moves into October, a month widely associated with ghosts and witches, this series obligingly responds with the new episode "Witches of Salem," in which private investigator Jennifer Marshall, a U.S. Navy veteran, joins professional journalist Sarah Lyons to delve into centuries-old mysteries that still surround the 17th-century Salem Witch Trials in Massachusetts.

7 p.m. on HBO
Movie: Never Rarely Sometimes Always

Director and screenwriter Eliza Hittman earned widespread critical praise and won awards at the Sundance Film Festival and the Berlin Film Festival for this 2020 American-British drama, which wound up being released through video on demand after the COVID-19 pandemic scuttled plans for a theatrical release. Sidney Flanigan stars as 17-year-old Autumn, who runs into a frustrating series of hurdles, both bureaucratic and emotional, while seeking to terminate an unexpected pregnancy.

8 p.m. on WE
Tamar Braxton: Get Ya Life!

An action-packed new episode called "Caught in the Middle" finds Tamar opening for superstar Todrick Hall, even as she spends every free moment planning David's birthday party.

Sidney Flanigan stars in "Never Rarely Sometimes Always" on HBO.

Obituary Announcements: Oct. 1

Memorial services for Wendell Oliver Murphree, 76, of Cullman will be at 2 p.m. Thursday, Oct. 1, 2020 at Cullman Heritage Funeral. Visitation will be from 10 a.m.-2 p.m. prior to the service. Cullman Heritage Funeral Home is in charge of arrangements. Mr. Murphree passed away Monday, Sept. 28, 2020 at his residence. He was born Saturday, May 13, 1944 to James Ollie and Katie Murphree. He was preceded in death by his parents; grandson Matthew; two brothers; and five sisters. Survivors include his wife Leasia Murphree; son Randy (Tina) Murphree; daughters Tammy (Scott) Smothers, Katie (Allen) Loyd, Lisa (Joseph) Timbs, and Lacey (Durand) Lemley; son Landon Murphree; grandchildren Kim, Josh, Kelly, Jake, Jennifer, Cassie, Jessica, Justin, Tyler, Daniel, Michael, Dawson, Lane, Daxton, and Lincoln; 15 great-grandchildren; sisters Jayne Turner and Daulene Mattox; brother Terry Murphree; and a host of nieces and nephews.

Willard Wayne Parrish, Sr., 77, of Carbon Hill, Alabama, formerly of Jasper, entered into rest Tuesday, Sept. 29, 2020 at Hendrix Health and Rehab. He was born June 27, 1943 in Lawrence County, Alabama. Visitation will be Saturday, Oct. 3, 2020 from noon-2 p.m. at Nichols Funeral Home in Double Springs, where the service will begin at 2 p.m. Derrick Parrish will officiate. Burial will follow in Double Springs Memorial Cemetery. Wayne is survived by his wife Johnnie Parrish; son John "Joey" Parrish and his wife Linda; daughter Tammy Parrish and Rhonda Parrish Burton and her husband, Roger; 13 grandchildren; 22 great-grandchildren; brothers Junior Parrish, Jimmy Parrish, Roger Parrish and Gabriel Parrish; sister Sue Elliott; brother-in-law Gary Wayne Robertson; and a host of nieces and nephews. He was preceded in death by his parents Odie and Lillian Parrish; son Willard Wayne "Boob" Parrish, Jr.; grandson John Joseph "Joe Bob" Parrish, Jr.; sister Betty Lou Waldrop; and brother Bobby Parrish.

Brady "Bull" Joe Nix, 78, of Phil Campbell passed away Tuesday, Sept. 29, 2020. Visitation will be held Friday, Oct. 2, 2020 from 6-9 p.m. at Nichols Funeral Home Chapel in Haleyville, where services will be held Saturday, Oct. 3, 2020 beginning at 2 p.m. Brother Randy Jones and Brother Alvis Treece will officiate. A complete obituary will be available Thursday, Oct. 1, 2020.

Funeral services for Lillie Ball, 79, will be Friday, Oct. 2, 2020 at 11 a.m. at Peck Funeral Home Chapel with Bro. Ray Bennett and Bro. Rickey Ball officiating and Peck Funeral Home directing. Burial will be in Bethel Baptist Cemetery. Visitation will be Thursday, Oct. 1, 2020 from 6-8 p.m. at Peck Funeral Home. Mrs. Ball died Tuesday, Sept. 29, 2020 at Decatur Morgan Hospital. She was born Aug. 8, 1941 in Morgan County to Eddie Jones and Ethel Byrd Jones. She was a homemaker who loved to cook and loved people. She was a loving wife to her husband, Roy Ball. She was preceded in death by her parents. Survivors include her husband Roy Ball; brother Jack Jones; sisters Fay Hunter and Margie Elem; and sister-in-law Freda Ball Johnson. Pallbearers will be Randall Ball, Grayson Ball, Joe Ball, Marvin Ball, Jim Ball, and Dexter Garrison.

EDUCATION

Wallace State receives $1.5M U.S. Dept. of Labor award

Kristen Holmes
WSCC

HANCEVILLE, Ala. – The U.S. Department of Labor on Tuesday announced an award of $1.5 million to Wallace State Community College, part of $29 million in grants awarded to 27 recipients through the Workforce Opportunities for Rural Communities (WORC) program, in partnership with the Appalachian Regional Commission (ARC) and the Delta Regional Authority (DRA).

These funds will support the development of the Wallace State Diesel by Distance program and virtual reality programming that will allow students to complete a degree and training in diesel technology partially online and virtually with minimal time on campus, conveniently scheduled for working adults, including weekends and evenings.

"Wallace State is extremely honored to have been selected for this highly competitive award and the longstanding support we have received from ARC. These funds will assist us in expanding access to high demand careers through innovation," said Dr. Vicki Karolewics, president of Wallace State Community College. "Our Diesel program is one of our most sought after programs with an outstanding reputation among employers and for student success."

In addition to giving students the flexibility to learn the program's course objectives and theory online, with virtual reality labs and periodic competency demonstrations, one of the main components of the Diesel by Distance program is the work-based learning experience in partnership with an employer of diesel technicians.

While enrolled in the Diesel by Distance program, students must be employed and engaged in work-based learning through an industry recognized or registered apprenticeship program in partnership with a participating company.

Individuals enrolled in Wallace State's Diesel Technology program can earn an associate in applied science in the field or pursue multiple certificates, including those in preventative maintenance, diesel engine specialist, transportation trailer technology and heavy utility vehicle specialist. Similarly, students enrolled in the Diesel by Distance program can choose any of the degree or certificate components or a specific class they're interested in. The Diesel by Distance program has also received praise from the Alabama Trucking Association.

WORC grants enable communities within the Appalachian and Delta regions that have been hard-hit by economic transition and recovering slowly to develop local and regional workforce development solutions that align with economic development strategies. Grant recipients will work with industry and community partners to promote new, sustainable job opportunities and long-term economic vitality through grant activities that address the specific needs of businesses and workers in their communities.

"The WORC Initiative encourages grantees to use innovative, regional approaches that leverage local partnerships and resources to build a strong foundation for long-term economic success in the area," said Assistant Secretary John Pallasch. "We look forward to working with ARC and DRA to ensure that the training delivered through these grants better positions jobseekers to fill the unmet skill needs of local employers, so that workers and businesses can thrive in their communities."

"For rural communities to be competitive today, we must ensure that economic development and skills development go hand in hand," said DRA Federal Co-Chairman Chris Caldwell. "Through the Workforce Opportunity for Rural Communities initiative, the Delta Regional Authority enables Delta communities to strengthen workforce pipelines and continue upward economic mobility. Thanks to the vision of Senator Blunt and leadership of President Trump and Secretary Scalia, the WORC Initiative will provide critical investments into innovative, industry-driven workforce training across the Delta."

"Appalachian rural communities must continue to develop a skilled and ready workforce in order to compete, especially those in economically distressed areas," said ARC Federal Co-Chairman Tim Thomas. "The WORC Initiative is an innovative partnership creating opportunity for rural workforce development and is indicative of President Trump's commitment to this goal."

On April 29, 2020, ETA, ARC and DRA announced the availability of these funds, the second round of grants the agencies have offered. Since its inception, the WORC initiative has aimed to create economic prosperity and gainful employment opportunities for residents in the Appalachian and Delta regions, enabling them to remain and thrive in these communities. In 2019, the agencies partnered to award $29 million in WORC grants to 18 organizations.

The Employment and Training Administration administers Federal government job training and dislocated worker programs, federal grants to states for public employment service programs, and unemployment insurance benefits. These services are primarily provided through state and local workforce development systems.

The mission of the Department of Labor is to foster, promote and develop the welfare of the wage earners, job seekers and retirees of the United States; improve working conditions; advance opportunities for profitable employment; and assure work-related benefits and rights.

Donation (from Front)

about the Cullman County Bosom Buddies at www.facebook.com/CullmanCountyBosomBuddiesFoundation or www.cullmanbosombuddies.com.

"Established in 2013, the mission of the Cullman County Bosom Buddies Foundation, a 501(c) (3) organization, is to raise money for the purpose of assisting Cullman area residents while they are in a cancer treatment program.

"We provide need based assistance for day to day living expenses such as utility bills, transportation costs to and from treatment, food cards and other approved needs. We pay the bills directly, no cash is given. This assistance is for approved patients regardless of the type of cancer they may have or the location of their treatment center."

Mandate (from Front)

Wendy Sack
wendy@cullmantribune.com

MONTGOMERY, Ala. – Gov. Kay Ivey on Wednesday announced that the state's Safer at Home Order, including the mask mandate, which was set to expire Oct. 2 has been extended until Nov. 8. The Order was also amended slightly to allow for hospital patients and long-term care facility residents to have one caregiver or visitor present.

"I know that there are many people throughout this state who had hoped that we would follow the lead of some other states who have removed the mask order; we've heard from a lot of you, and I hear you. I look forward to being able to lift the mask order as much as you do, if not more, and hopefully that can be sooner, not later," said Ivey. "But the reason we're extending this mask order until after the national election, which is Nov. 3, is because it's important to have a safe environment for our poll workers, poll watchers and those of us who would like to vote in person."

Both Ivey and Harris said the mask order, which has been in place since July 16, has had a positive impact on the COVID-19 numbers in Alabama, and noted there was not a surge in cases following the Labor Day holiday.

"The fact is, the mask order that we imposed on July 16 is working," said Ivey, "and the numbers speak for themselves."

According to the governor, Dr. Deborah Birx, the coordinator of the White House Coronavirus Task Force, in her third visit to Alabama said, "There's no telling how many lives in Alabama have been saved because of this mask mandate."

Hospitals and long-term care facilities
The amended Safer at Home Order reads as follows:

Hospitals and similar institutions. Effective October 2, 2020, all Hospitals and Nursing Home/Long Term Care Facilities (including Assisted Living and Specialty Care Assisted Living Facilities) shall ensure that each patient or resident may be accompanied by one caregiver at a time (in the case of hospitals) or receive visits from one visitor at a time (in the case of nursing homes and long term care facilities), subject to reasonable restrictions imposed on the entrance of persons because of the COVID-19 county positivity rate, the facility's COVID-19 status, a patient's or resident's COVID-19 status, caregiver/visitor symptoms, lack of adherence to proper infection control practices, or other relevant factors related to the COVID-19 pandemic, consistent with the following guidance from the federal government:

- **For hospitals:** "Hospital Visitation – Phase II Visitation for Patients who are Covid-19 Negative" issued by the Centers for Medicare and Medicaid Services (CMS) on June 26, 2020, and available at https://www.cms.gov/files/document/covid-hospital-visitationphase-ii-visitation-covid-negative-patients.pdf.

- **For nursing homes:** "Nursing Home Visitation – COVID-19" issued by CMS on September 17, 2020, and available at https://www.cms.gov/files/document/qso-20-39-nh.pdf.

- **For assisted living facilities and specialty care assisted living facilities:** "Nursing Home Visitation – COVID-19" issued by CMS on September 17, 2020, and available at https://www.cms.gov/files/document/qso-20-39-nh.pdf, with the exception of the requirement that "resident and staff testing [be] conducted as required at 42 CFR 483.80(h)."

In addition, each facility subject to this paragraph shall post in a conspicuous location at each public entrance a statement substantially similar to the following statement:
By order of the Governor of Alabama and the State Health Officer, each patient or resident of this facility enjoys certain rights to have one caregiver or one visitor present at a time, subject to reasonable restrictions. If you have questions, you may ask to inspect the facility's written policies concerning visitation.

State Health Officer Dr. Scott Harris
State Health Officer Dr. Scott Harris spoke about the COVID-19 numbers across the state.

"We've passed 150,00 cases statewide since the beginning of this response in March. We've had around 14,000 cases over the past 14 days... We've had lower average numbers of deaths per day in September than we have seen over the previous months, which is terrific," he said. "We have so far lost about 2,553 of our friends and loved ones since this began. Around 17,000 Alabamians have been hospitalized over the course of this response. We are now at about half of where we were in late July and early August, between 700 and 800 people in-house around Alabama hospitals each day for the past few weeks, which is certainly a number our hospitals are able to manage and tolerate."

Harris said the percentage of positive tests is about 7.1% for the last week the State has data. He said that is the lowest it has been so far since July.

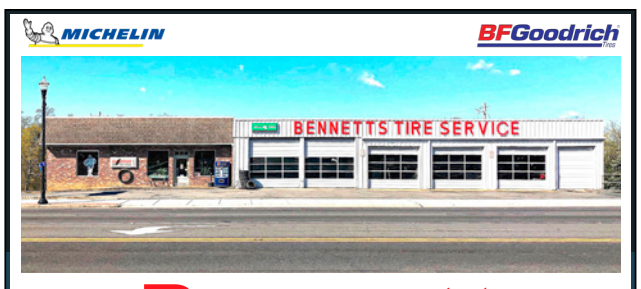

"This mask ordinance is working. It works and we have evidence of that," said Harris. "There have not had any additional restrictions imposed on our state since the Stay at Home Order ended at the end of April. The ABC Board moved up closing time for a little while for bars, but that's been rescinded. Otherwise, there's been nothing added at all in our state other than the mask mandate, and yet, that's when we began to see cases improve, and they have steadily improved since that time. We believe that's the reason, or certainly the main reason that we're seeing improvements."

He also talked briefly about a COVID-19 vaccine. He said the Alabama Department of Public Health (ADPH) has been working in earnest for about the last month or so on a plan that will be submitted to the United States Department of Health and Human Services in approximately two weeks about how to receive, transport, store and allocate the vaccine. He said at first, access will be limited.

"We are working on a plan for how to prioritize the vaccine," said Harris. "At first, it will certainly be a limited resource. There will have to be some allocation based on priority, and obviously we want to make sure we are protecting those who are at highest risk for serious illness or highest risk for exposure."

CORRECTION

In the article titled "CCCDC awards $104K in community grants," printed Sept. 30, 2020, the headline should have read "CCCDC awards $110K in community grants." We regret the error.
