Frustrations expressed at Colony Town Council meeting

CHRISTY PERRY/THE CULLMAN TRIBUNE

Colony resident Stephanie Marshall addresses the Colony Town Council at its meeting Tuesday evening.

COLONY, Ala. – Despite meeting for close to three hours Tuesday night, the Colony Town Council adjourned without completing any official business. Mayor Curtis Johnson did introduce three new resolutions to be voted on at the next council meeting. Many topics were brought to the floor, but the meeting consisted mostly of members of the community voicing their opinions. The ongoing tension between Johnson and Town Clerk Patricia Ponder was palpable.

Concerns over the Town's finances had some attendees pointing fingers and others seeking solutions. The council and the members of the community bickered about the Town's spending, lack of community programs, an employee handbook and the town clerk's work schedule.

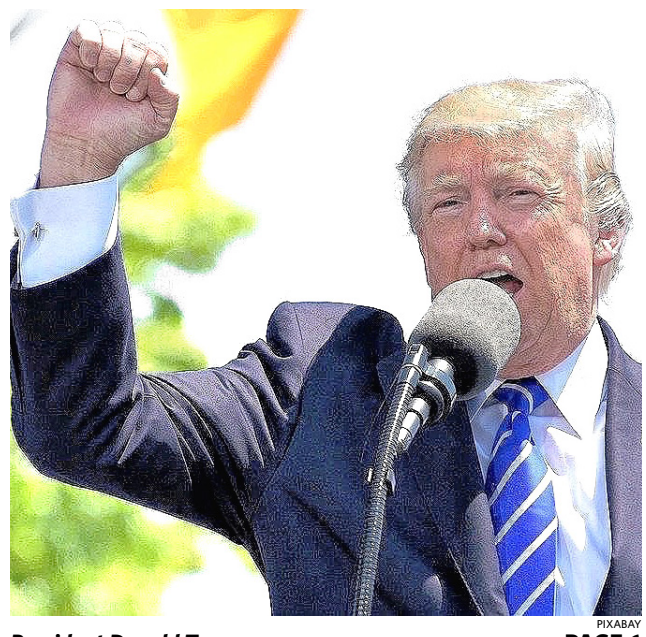

Colony resident Stephanie Marshall, frustrated by the constant bickering, addressed Johnson, saying, "Let's go forward. Let's go forward. The one thing I remember a young man telling one Sunday at church, 'Whatever you do, let it be real.' Let's stop all this fussing and foolishness. Let's be about the Town's business. As of today, let's stop all this fussing.

"If we need a handbook, let's go find it. Let's go to Hanceville. Let's go to Dodge City or Good Hope and get us a copy of a handbook. Like Ms. Pat (Ponder) just stated, she doesn't mind her hours being cut. The only thing she asks, is if the alarm goes off, don't call her. If anybody else needs anything

ADPH: Vaccine appointments full, waiting list begins

Arrol Sheehan
Contributor

MONTGOMERY, Ala. – The Alabama Department of Public Health (ADPH) on Wednesday said there are no more appointments available at county health departments for COVID-19 vaccinations. It said callers will now be placed on a waiting list.

Read the full statement below.

The ADPH is aware that the COVID-19 Vaccine Hotline is experiencing difficulties. Staff continues working to expand vaccine scheduling capabilities at the call center. At present there are no more appointments available at county health departments, but the call center will take your contact information and add it to a waiting list. Callers will be contacted as soon as more appointments are available.

The demand for COVID-19 vaccine continues to exceed supply as there are more than 326,000 health care workers and nearly 350,000 people in Alabama who qualify for a vaccine because they are 75 years old and older. Hotline personnel are working to schedule persons in the 75-plus age group, law enforcement officers and firefighters for immunization appointments beginning Jan. 18.

COVID-19 Vaccine Scheduling Hotline 1-855-566-5333

The hotline is for healthcare workers, people 75 years or older, and first responders, including law enforcement and firefighters to schedule an appointment for a free COVID-19 vaccination at local health departments. Telephone calls are answered from 8 a.m. until 5 p.m. seven days a week. Specific information, such as what to bring and what to wear, will be provided when appointments are made. Appointments are made first come, first serve for persons within the targeted priority groups.

The COVID-19 Vaccine Scheduling Hotline received over 1.1 million calls in the first day of being open to the public. Please do not call the appointment line if you do not qualify to schedule a vaccine at this time. Due to the overwhelming number of calls, our target population cannot get through to schedule their appointments.

Please do not call your local hospital directly to set up appointments to receive your COVID-19 vaccine. Hospital switchboards are being overwhelmed with phone calls, which is creating an obstacle to patient care. Hospitals throughout Alabama are providing care to both COVID-19 patients as well as responding to all other medical needs of our citizens.

Hospitals are working to make sure their frontline workers are vaccinated. If hospitals decide to provide additional vaccine outside their institutions, ADPH will coordinate with them to provide updated information. Updated information will be provided as other locations have vaccine available for additional groups.

Due to the massive call volume, callers to the COVID-19 Vaccine Scheduling Hotline are encouraged to try their call again later if they get a busy signal. We are rapidly adding staff to assist callers to the scheduling hotline. We appreciate your patience. Additional information will be provided as more vaccine is available and new groups can schedule their COVID-19 vaccine.

If you would like general information about COVID-19, the COVID-19 Information Hotline continues to be available at 1-800-270-7268 for general questions.

***Important Notice (01/12/21)**

The Alabama Department of Public Health (ADPH) continues its review of a large number of deaths from our Alabama Center for Health Statistics (ACHS) which began on November 11. At this time, two-thirds of the deaths have been reviewed and ADPH expects this will take a few more weeks to complete. This may result in additional death numbers which are historic and do not reflect recent mortality due to COVID-19. For instance, most of the 226 deaths reported on the Data Dashboard for 01/12/21 are from review of this historic data. More deaths may be added in the coming weeks as ADPH continues its review.

Reviewing data is a standard process for ADPH in COVID-19, as well as other notifiable diseases. As part of the process for reporting deaths, each death is reviewed as records are received and investigations are opened. There may be delays in death reporting due to receiving information from hospitals, coroners, and other entities who send records to ADPH.

Upon further investigation, some deaths may be removed from the data count, as there may be duplicate records, deaths that were reported as COVID-19 but are found not to be attributable to this virus, or in rare instances, a death may be reported and the person is not deceased.

ADPH strives to present the most accurate data reflective of the current state of the pandemic in Alabama.

Colony (from Front)

and she's off work, don't call her. Let's go forward. This is what this town is for. We are the only black community in Cullman County. We shouldn't be bickering. You know why? Cause half of us in here are kin somewhere down the line.

"I'm saying, for me, I'm going forward, and I hope this council and the mayor, the clerk and everybody in here-let's go forward.

"I'm tired of looking at the Cullman paper and we (are) a laughingstock.

"Timeout for all that. Time to be the people that we are. We stand strong.

"We are bold people, and we can get this done. We can get this done if we all, and not just a few of us, but we all work together."

Three resolutions were introduced at Tuesday's meeting: to change the start time of council work sessions to 5:30 p.m., to authorize the town clerk, mayor and the chairman of the finance committee to execute all warrants, drafts and checks drawn upon the various general and special accounts of the Town of Colony and to establish standing committees.

The finance committee would be Councilman Eric Carwell, Councilwoman Mary Parker and Johnson. The streets and drainage committee would be Parker, Councilwoman Jasmine Cole and Johnson.

The police and fire committee would be Councilman Samuel Ashford, Councilwoman Ethel Alexander and Johnson.

The library and recreation committee would be Cole, Carwell and Johnson. The sanitation and utilities committee would be Alexander, Ashford and Johnson.

The Colony Town Council meets on the second and fourth Tuesdays of each month at 5 p.m. for a work session, with meeting immediately following, at Colony Town Hall.

Judson College community weathers financial crisis together

Mary Amelia Taylor
Contributor

MARION, Ala. – After a successful fundraising effort by alumnae and other supporters, Judson College will begin on-campus spring classes Jan. 20, 2021, for the second half of its 182nd academic session.

After the College's December 15th announcement that, in order to open in January, Judson would need $500,000 in unrestricted cash donations and $1 million in unrestricted commitments of gifts between Jan. 1 and May 31, 2021, the Judson community, alumnae, and friends mobilized quickly to secure the needed funds.

Current Judson students took to social media to share why Judson is important to them. Many alumnae and friends spent the last two weeks of 2020 donating their time, talents, resources, and influence--from baking fundraisers to online sales groups and from social media posts and phone calls to online 24/7 prayer rooms--spreading the word to their own communities about Judson's importance in their lives and their desire to see Judson's opportunities remain available for other young women.

Since the College's founding in 1838, together the Judson community has steadily persevered through a host of outside circumstances that have threatened Judson's existence: wars, economic depressions and recessions, attempts to relocate or consolidate with other institutions, natural disasters, fires, and global health crises.

Each time, the devotion of the Judson community--not just to the campus, but to the College's mission of Christian higher education for women--helped Judson overcome these obstacles.

Sophomore Hollie Fondren of Moundville, Alabama echoed this idea in a student-created video: "Judson is an important place because we try to give back. We try to help each other. We don't give up. We always find a way."

It was this community that worked together to raise the funds needed for Judson to remain open in 2021.

Because of the efforts and generosity of this community, just 13 days after the announcement and 5 days before the Dec. 31 deadline, the Judson community had secured the $500,000 in cash donations and was halfway to the commitment goal of an additional $1 million.

Judson President W. Mark Tew said, "It is an extraordinary dedicated group who love Judson, who had a great experience here from the alumnae perspective and others who understand what we're offering in Christian higher education for young women.

"It was not surprising, but nonetheless very exciting, when we began reaching those goals."

The Judson College Board of Trustees convened Dec. 31, 2020 and approved moving forward with the spring 2021 semester.

To date, alumnae and friends of Judson have donated, or committed to give before May 31, more than $1,462,868.

College leaders are planning for a Fall 2021 semester, and trustees will continue to evaluate the College's financial position in the coming months. Judson will host its on-campus Spring Preview Day for prospective students and families on Feb. 18. For more information, visit www.judson.edu/preview-days/.

Judson College is a private undergraduate institution committed to excellence in the arts, sciences, and professional studies. The college offers a residential undergraduate education for women and selected online undergraduate programs for men and women in over 20 areas of study. Affiliated with the Alabama Baptist Convention, the Judson campus community encourages each student to find ways that knowledge and faith in God can work together to guide her in a life of purpose. Founded in 1838, Judson College is located in Marion, Alabama. For more information about Judson College, visit www.judson.edu.

HUNTSVILLE, Ala. – Huntsville's Redstone Arsenal has been named the preferred location of the permanent headquarters for the United States Space Command. The Secretary of the Air Force, on behalf of the Office of Secretary of Defense, on Wednesday made the announcement.

The Department of the Air Force conducted both virtual and on-site visits to assess which of six candidate locations would be best suited to host the U.S. Space Command Headquarters based on factors related to mission, infrastructure capacity, community support and costs to the Department of Defense.

It said Huntsville compared favorably across more of these factors than any other community, providing a large, qualified workforce, quality schools, superior infrastructure capacity and low initial and recurring costs.

Additionally, Redstone Arsenal offered a facility to support the headquarters, at no cost, while the permanent facility is being constructed.

Albuquerque, New Mexico; Bellevue, Nebraska; Cape Canaveral, Florida; Colorado Springs, Colorado; and San Antonio, Texas, will remain reasonable alternative locations for the U.S. Space Command Headquarters.

The preferred and reasonable alternative locations were chosen from among 24 states that were evaluated as potential locations for hosting the headquarters.

The Department of the Air Force said it anticipates making a final decision in spring 2023, pending the results from the required environmental impact analysis. Colorado Springs, Colorado, remains the provisional headquarters until the permanent location is ready to support the mission.

In late December, Governor Kay Ivey joined officials with Redstone Arsenal and the City of Huntsville on a call with Pentagon officials to give a final pitch for Huntsville.

Deputy Assistant Secretary of the Air Force for Instillations Bob Moriarity on Wednesday morning called Ivey to inform her of Secretary Barbara Barrett's Space Command Headquarters preferred candidate basing decision.

"I couldn't be more pleased to learn that Alabama will be the new home to the United States Space Command!" said Ivey.

"Our state has long provided exceptional support for our military and their families as well as a rich and storied history when it comes to space exploration.

"This combination only enhances the outstanding relationships we have with the 65 diverse federal agencies on Redstone Arsenal, not to mention the growing presence of the FBI and other federal installations.

"The bottom line is simple, the Redstone Region is the most natural choice to become home to such an important mission for our country."

Senator Richard Shelby, R-Alabama said, "Redstone Arsenal will be the new home to U.S. Space Command. This is outstanding news, not only for our state but also for the Air Force.

"This long-awaited decision by the Air Force is a true testament to all that Alabama has to offer.

"Huntsville is the right pick for a host of reasons – our skilled workforce, proximity to supporting space entities, cost-effectiveness, and quality of life, among other things.

"I am thrilled that the Air Force has chosen Redstone and look forward to the vast economic impact this will have on Alabama and the benefits this will bring to the Air Force."

"Locating the United States Space Command in Huntsville is smart, because it's already the center of our much of our nation's space, military and strategic command capabilities.

"It's also located near Washington; just one hour and 15 minutes by plane.

"The area also has a high quality, low cost of living for those who will be stationed here as part of the Command," said Rep. Robert Aderholt, R-Alabama.

"Our space program was born, raised and came to greatness from Alabama soil.

"So, it's only fitting that the next great incarnation of our leadership in space would be firmly planted here as well."

Sen. Tommy Tuberville, R-Alabama said, "Today's historic announcement that the Redstone Arsenal will be home to the permanent headquarters of the U.S. Space Force Command is fantastic news for Huntsville, the Tennessee Valley region and the entire state of Alabama.

"I'm pleased that the site selection team recognized the obvious: Redstone and Space Command are a perfect fit.

"Alabama is already widely recognized for its important contributions to our national defense, and this decision further elevates our state as a leader in space and defense technology.

"I applaud the work of the Huntsville community, State leaders, the Congressional delegation, and especially my colleague Sen. Richard Shelby, for helping make this decision a reality.

"There will be a lot of work to do in the years ahead to turn today's announcement into a reality on the ground, and I look forward to working closely with state and local leaders, Alabama's Congressional delegation, and the Department of Defense to fully and efficiently implement this basing decision.

"It will be one of my top priorities."

Huntsville Mayor Tommy Battle expressed gratitude to everyone who supported the City's efforts to bring the headquarters to Huntsville.

"The City of Huntsville, Alabama is honored that Redstone Arsenal has been named as the site for the United States Space Command," said Battle.

"We are grateful to Senator Richard Shelby for his confidence in Huntsville. Senator Shelby has been front and center of this space effort from its inception.

"As one of our nation's strongest defense advocates and most knowledgeable leaders in defense matters, Senator Shelby recognized the value of a program that would focus on space assets and threats.

"It is his vision to protect our country in space with a dedicated command.

"We thank the U.S. Air Force site selection team for choosing Redstone Arsenal from its final six candidate cities.

"This group was meticulous in its review and assessment of potential sites, and they put us through the paces in their research these past two years.

"We will make you proud of your decision.

"The site selection team recognized what we know to be true – Huntsville is a natural choice.

"We are space. We do space. From the Redstone Arsenal installation to the Space and Missile defense assets that are here, Huntsville has been the leader in all thing space since day one.

"From the 1950s when Explorer I went into space to the birthplace of NASA, space is in our DNA.

"We have built the space infrastructure and technical expertise to lead this effort.

"The site team learned about the Redstone region's proven track record in relocating military commands to our community.

"Army Aviation moved here in 1995 and Army Materiel Command moved here in 2011.

"Our low cost of living and doing business means the country's tax-paying dollar will stretch much farther, providing more valuable resources for our space effort and warfighter.

"We look forward to the partnership with U.S. Space Command and pledge to make them a success from day one."

If You Received A Bargain Hunt Store Receipt That Showed More Than The Last 5 Digits Of Your Credit/Debit Card Number, Your Rights May Be Affected By A Class Action Settlement.

Para información en español, visite el sitio web.

What is this lawsuit about? The lawsuit alleges that customers who used a credit or debit card at Bargain Hunt stores were provided with electronically-printed customer receipts which had more than the last five digits of their card number printed on the receipt. Bargain Hunt denies any wrongdoing but is settling the claims in this lawsuit.

Who is included in the Settlement? You are included in the Settlement if you used your personal credit or debit card at any Bargain Hunt store and you were provided with an electronically-printed customer receipt between August 1, 2016 and June 30, 2017 that shows more than the last 5 digits of your card number.

What are my rights? Submit A Claim - You can get **up to $100** from the Settlement. To be eligible for any money, you must submit a Claim Form by **March 22, 2021** along with: (1) An original or copy of a receipt from any Bargain Hunt store between August 1, 2016 and June 30, 2017 showing more than the last 5 digits of your credit/debit card number; or (2) An original or copy of your credit/debit card statement showing your first and last name, and a purchase from any Bargain Hunt store between August 1, 2016 and June 30, 2017.

Visit **FactaReceiptSettlement.com** for more details on benefits available and how to submit a claim.

Do Nothing – If you do nothing, you will remain in the Settlement, but you will not receive any money from the Settlement, and you will be bound by the orders and judgment of the Court and give up your rights to sue for the claims resolved by this Settlement. **Object** – You can stay in the Settlement and object to the Settlement. Your objection must be mailed to the Settlement Administrator **on or before February 5, 2021**. **Exclude Yourself** – If you do not want to be legally bound by the Settlement and you want to preserve your right to sue about the claims released by this Settlement, you must request to be excluded **on or before February 5, 2021**. If you exclude yourself, you will not receive any money from this Settlement.

The parties will request a Fairness Hearing before the Honorable Judge Andy Prather, Division 2, on **April 1, 2021, at 10:00 a.m.** to decide whether to approve the settlement and to award attorneys' fees and expenses to the Settlement Class Counsel appointed by the Court, plus Settlement Class Representative incentive awards. If the hearing date/location changes, the updated information will be posted on the settlement website. Applicable pleadings will be posted on the website below after they are filed. You may attend this hearing, but you do not have to. If you want to be represented by your own lawyer, you may hire one at your own expense, but you do not have to.

This is a summary notice only. For more information about the Settlement, including the Long Form Notice and Claim Form, please visit **FactaReceiptSettlement.com** or write Bargain Hunt Settlement, PO Box 42546, Philadelphia, PA 19101-2546 or call **1-833-913-4213**.

WEST POINT, Ala. – Both the Warriors and Lady Warriors hosted Lawrence County for a pair of area matchups but only one of the West Point squads was able to finish the night with a win. The Lady Warriors weren't able to overcome some of their struggles on the defensive end of the floor and fell to Lawrence County 68-57, but the Warriors were able outpace the Red Devils with an explosive offensive performance that led to an 84-69 win.

Lawrence County 68 – West Point 57 (varsity girls)

Braelee Quinn got things going for West Point early in the first, scoring the first seven points of the game for the Lady Warriors before Lexi Shadix knocked down a three-pointer to make it a 10-5 game. Quinn converted a three-point play at the free throw line to put West Point on top 14-8 with a minute remaining in the opening period, but Lawrence County managed to trim the lead all the way down to 14-12 by the start of the second.

The run continued for the Lady Red Devils as they pulled ahead 17-14 early in the second but Shadix stopped the run with a basket inside to make it a 2-point game.

Shadox added another three to cut the lead to 23-19 with five minutes to play in the second quarter but seven unanswered points from Lawrence County made it a 30-19 game with only a couple of minutes to play in the half.

A Kaylee Faulkner steal turned into an easy two points for Shadix on the other end to cut the lead to eight with a minute remaining in the period, but the Lady Red Devils were able to build a 36-24 advantage by the halftime break.

Lawrence County added to its lead early in the third and the run continued until a pair of free throws from Summer Mendoza made it a 46-28 game midway through the third. Back to back Shadix jumpers cut the lead to 46-32 and Quinn kept the momentum going with a three-pointer to make it an 11-point game with just under two minutes to play in the quarter. Another Shadix three made it a 10-point game and a steal by Bethany Minck led to an easy bucket for Ryleigh Jones that made it 50-42. However, the Lady Red Devils were able to get back in front by 10 at 52-42 going into the fourth quarter.

A Minck basket followed by Quinn's third trey of the game trimmed the lead to 54-47 at one point and Faulkner later laid one in to hold the lead to seven midway through the fourth. Unfortunately, the Lady Warriors weren't able to get enough stops late in the game to complete the comeback and Lawrence County pulled away to win it 68-57.

Shadix led West Point with 30 points in the loss, followed by Quinn with 16.

West Point 84 – Lawrence County – 69 (varsity boys)

After falling behind 5-2 at the start of the opening period, Carter Thornton laid one in and Will Cochran and Kobe Bowers each buried three-point shots to tie the game at 11 midway through the first.

A Thornton jumper put the Warriors in front 13-11 and they never gave the lead back to the Red Devils. Bowers and Thornton each netted three-pointers to make it a 19-11 game and Bowers drilled his third long ball of the first quarter to stretch the lead to 11. Cochran and Logan Selby each scored inside the paint to make it 26-13 late in the quarter and West Point went into the second leading Lawrence County 26-14.

Cade Simmons got his name in the scoring column with a three-pointer to start the second quarter and back to back baskets from Selby extended the lead to 33-21 with five minutes remaining in the half.

Back to back Cochran buckets kept West Point in front by 10 but the Red Devils were able to chip away at the lead and make it a 5-point game late in the period.

Cochran drilled a fade-away jumper to build the lead back up to seven and Aubry Cleghorn knocked down a three to make it a 43-36 game going into the half.

Bowers and Cleghorn exchanged buckets early in the third to keep the Warriors ahead by 11 but the offense began to slow down for West Point and the Red Devils managed to cut the lead to 58-52 late in the third and went into the final frame trailing just 59-54.

Cochran scored at the rim and Jonathan Fell netted a pair of free throws to keep the Warriors in front by five and a Selby jumper made it a 67-60 game with six minutes to play. Cochran finished an and-one play at the line to build the lead to eight and Bowers drilled his fourth triple of the night to make it 74-64 midway through the fourth.

A pair of Cleghorn free throws and another Bowers bucket stretched the lead to 13 with three minutes remaining and put the game all but out of reach for Lawrence County.

Bowers added his fifth three-pointer late in the fourth to seal the deal and the Warriors pulled away to take the area win 84-69.

Cochran led West Point with 23 points in the win, followed by Bowers with 20, Cleghorn with 15, Thornton with 11 and Selby with eight. The Warriors and Lady Warriors will be hitting the road Friday for another important area showdown at Russellville.

Fairview splits home area matchups with Brewer

Sammy Confer

FAIRVIEW, Ala. -- Fairview played in its first games since last Tuesday when it hosted Brewer in a pair of huge area games. The girls game saw the Lady Aggies roll past the Lady Patriots 60-35 while in the boys' game, the Aggies fell in a tough contest with the Patriots 69-60.

Fairview 60 - Brewer 35 (varsity girls)

The first quarter saw Fairview dominate Brewer on both sides of the court as they took a 19-5 lead into the second quarter. The second period was more of the same as the Lady Aggies got some more players in the scoring column and wound up taking a 37-15 advantage into the locker room.

The Lady Patriots slowly started to find their rhythm offensively as they scored 14 points in the third period, but Fairview (10-6, 1-1) made sure that they kept them at arm's length, scoring 20 in the quarter, to increase their lead to 30 at 57-27 after three, and wound up taking the game in dominating fashion, 60-35.

All but two Lady Aggie players found the scoring column, led by Molly McKelvy and Jaycee Aleman, who each finished with 10. Maddie Yeager added eight points. Daisy Manasco ended up with seven. Morgan Lindsay, Emma Garcia, and Jayla Gorham each chipped in with five.

Brewer 69 - Fairview 60 (varsity boys)

Fairview looked to bounce back after their loss to Decatur Heritage last Tuesday and it was a low-scoring affair between them and Brewer in the first half.

The Patriots held a 34-30 advantage over the Aggies with 4:05 remaining in the third quarter and an Owen Yarbrough three-point play made it a 36-34 game 32 seconds later.

Brewer answered right back with seven in a row to stretch the Aggie deficit to 43-34. Fairview made it a 43-39 contest after a basket down low by J.T. White and Yarbrough scored five straight points to tie the game up at 44, but Brewer broke the tie by scoring back-to-back baskets to make it 48-44. A Yarbrough trey cut the deficit to 48-47 going into the final period.

Baskets by White and Yarbrough gave Fairview a 51-48 lead. After the Patriots scored six in a row to get the lead right back at 54-51, Peyton Bailey converted on a three-point play to tie the game at 54 with 5:02 remaining in the contest.

Brewer broke the tie once more as they scored five in a row to take a five-point lead. The Aggies cut it to three multiple times, but they couldn't quite get the lead right back as the Patriots nailed a pair of clutch free throws, plus a three, and the Aggies fell just short at the end, 69-60.

Yarbrough led the way for Fairview (3-11, 0-2) with a game-high 28 points. White added 16 points and Bailey ended up with 10.

Fairview will host Guntersville in a pair of huge area games on Friday night. The Lady Aggies will look to force a two-way tie for first with a win over the Lady Wildcats and the Aggies will look to pull off the upset at home.

Addison splits area double-header at Falkville

Todd Walker
Tribune Correpsondent

FALKVILLE, Ala. – Addison traveled to Falkville to play a pair of area games with the Blue Devils. In an exciting, down to the wire girls' game, Falkville won 50-48. The men's game wasn't near as exciting as the Addison team won easily, 72-54.

Falkville 50 – Addison 48 (varsity girls)
The Addison ladies traveled to Falkville to hopefully avenge an earlier loss to the Lady Blue Devils. Addison was hoping to improve their area standing but it was not to be. The opening period had Falkville dominating the paint and basically scoring at will with their excellent Senior center Makenzie Veal. The Lady Devils won the period 16-4 and it looked like it was going to be a long night for the Lady Bulldogs.

Head Coach Bailey West got her ladies attention and the defense started playing tough and the shots started dropping. Addison went on a phenomenal 18-0 run and ended the second period outscoring Falkville 25-6 to take a 29-22 lead into the half. Bracey "Tiny" Rodgers and Gracie "Bug" Manley keyed the dawgs run with Rodgers and Manley both putting in 8 points in the frame.

The young Addison Lady Dawgs kept it up in the third period as they outscored the Lady Devils 13-6 to take a commanding 42-28 lead going into the fourth and final period. Falkville had hit a major offensive slump as nothing would fall and Addison couldn't miss. Molly Gilbreath lead the Dawgs in the period with six points on two long threes.

The fourth period proved that youth and inexperience can lead to highs and lows as the Lady Dawgs proved in the fourth period. Falkville turned to Veal and Senior Sydnee Fitzgerald as they clamped down on the Lady Dawgs and tied the game at 48 with 10 seconds to go. Falkville then ran an excellent play to Veal as she got the ball in the paint and turned around and laid in a nice eight-foot jump shot as the buzzer sounded. This gave the Lady Blue Devils the come from behind, 50-48 win, all but securing the second seed for Falkville in the area tournament.

It was a tough loss for the Lady Dawgs, but they must put it behind them as they travel to Double Springs on Friday to play their last region game with the Lady Yellow Jackets. A win puts them as the three seed, and they avoid the juggernaut that is the Cold Springs Lady Eagles in the first round of the area tournament.

Veal had 11 points and nine rebounds. Fitzgerald led the Lady Devils with 16 points, three boards, four steals and a block. Freshman Ellie Cate Hill had nine points, three boards and four steals.

The Lady Dawgs were led "Bug" Manley with 14 points and seven boards. Gilbreath had 13 points and five boards. Annie Grace "The Glove" Luker had an excellent all-around game with eight points, seven boards, three assists, six steals and a blocked shot. "Tiny" Rodgers had eight points, six boards, four assists and three steals.

After the game, Coach West added, "We played hard and I was so proud of them because we got down big early and we didn't give up. They fought back and went on a good run to take the lead. We had some mental mistakes at the end but those can be corrected by just playing. When we play good, solid defense, we tend to play better offensively. Can't wait till Friday so we can clinch the County Championship at Double Springs with a win."

Addison 72 – Falkville 54 (varsity boys)
Coach Ben Mastin said before the game that he wanted to make a statement with a big win against Falkville at their place. Well, Addison did just what he wanted them to do. Addison came out playing smothering defense and forced Falkville into numerous errors. While playing great defense the Dawgs offense was stellar as well. Addison dominated the first period outscoring Falkville 19-8. Logan "Baby Shaq" Wilkins got off to a hot start and it continued for the remainder of the game. Wilkins had eight points in the period.

The second period didn't get any better for the Blue Devils as they were beaten in every aspect of the game. The foul calls went for Addison, Addison got the loose balls and the shots just kept falling. Nothing seemed to go right for the Blue Devils on this evening. Addison outscored Falkville 19-10 in the second to take a commanding 38-18 lead into the half. Addison managed to do this playing without their starting point guard, Eli "Curly" Howse who got a couple of quick fouls and had to sit out the majority of the first half. Cannon "TNT" Hiller took up the slack by scoring seven points in the first half and Christian "Ice Man" Roberts put in 6 of his own. Falkville's junior Dawson Norwood was about the only bright spot in the first half for the Devils as he scored seven points

The second half was more competitive as Falkville settled down and Addison cleared the bench. Falkville won the second half 36-34 but it was the sluggish first half the doomed the Devils. Final Score Addison 72, Falkville 54.

Falkville was led by Norwood who led the Devils with 17 points. Senior Wyatt Tomlin had eight points and three boards. Junior Jordan Greenfield six points and four boards.

Addison was led by "Baby Shaq" Wilkins with a game high 18 points, 10 boards and two assists. "Curly" Howse had 17 points, two boards and two assists. "TNT" Hiller had 15 points and four boards. "Ice Man" Roberts had eight points, three boards, two assists and two steals.

Coach Mastin said after the game, "Great win for us tonight. We want to host the area tournament. I believe it has been almost 50 years since Addison has hosted the area tournament. If must win again on Friday night at Double Springs and I think we will have an excellent chance to host. I team is laser focused right now.

"That loss to Cold Springs really woke us up and showed the importance of playing hard the entire game no matter how big a lead you have. Our guys want to dominate in all phases of the game, and I believe we are on a solid path to achieve that goal."

Addison improves to 12-10 (4-1 area) and will travel to Double Springs on Friday night.

Alabama defeats Kentucky 85-65 to pick up 5th straight SEC win

UA Athletics
Contributor

LEXINGTON, Ky. – The Alabama men's basketball team won its sixth consecutive game, and fifth-straight game to open Southeastern Conference play, with an impressive 85-65 victory over Kentucky on Tuesday night. The win not only snapped an eight-game losing streak in Rupp Arena for the Crimson Tide, but it was also the largest win by a UA team in Lexington since winning by 23 points (94-71) on Feb. 23, 1974.

Alabama (10-3, 5-0 SEC) was able to grab sole possession of first place in the SEC by handing the Wildcats (4-7, 3-1) their first league loss this season.

Guard John Petty Jr. led the Tide with a season-high 23 points to lead three UA players in double figures.

Guard Jaden Shackelford stepped up with 18 points and a career-high six assists to go with five rebounds while Joshua Primo added 12 – all coming in the second half.

Forward Herbert Jones scored eight points and two assists in eight minutes before exiting the game with an injured left hand and did not return.

The Crimson Tide's offense was clicking once again as UA connected on 14 three-pointers (14-of-30) while knocking down 45.6 percent from the floor and 46.7 percent from beyond the arc while holding Kentucky to just 34.4 percent from the field and 22.2 percent from deep.

Coach Nate Oats Postgame Comments
"Big win for our program, apparently we haven't won here since 2006 so really happy for our seniors who have been here.

"I can't say enough about (John) Petty Jr. and his overall play.

"Obviously, the threes were falling for him, but he did a lot more than that.

"He guarded. He rebounded. His leadership has been unbelievable the past few weeks so him, (Alex) Reese, and Herb (Jones) were huge for us in the first half when we opened it up.

"Herb was only able to play a few minutes, but his leadership is to where we've gotten in this program. Kentucky is a little bit down this year but they're still Kentucky.

"I mean they've got pros on that team, that our guys went head-to-head with and guarded.

"I thought just the whole defensive mentality and getting stops when we needed to, we were able to spread them out.

"Our guards were able to take them off the dribble. We kind of got whatever we wanted off the dribble.

"It obviously helps when you make threes, so it's great when you have shooters like Petty and Shack (Jaden Shackelford) and our bigs can make shots, too. (Joshua) Primo played good so, you can go right down the list.

"But big win for our program. Looking at our schedule to start the year, our first six games were probably the toughest six games in the league, if we can go 5-0 heading into a home game against Arkansas, we certainly would take it."

Team Stats
- The Crimson Tide led the entire game to take sole possession of first place in the league standings
- Alabama improved to 9-0 when scoring 80 or more points in a game this season
- Over its last three games, the Crimson Tide has now combined for a total of 265 points (88.3 points per game)
- Alabama shot 47 percent from the field and knocked down 14-of-30 from the three-point line while limiting Kentucky to 22 percent shooting (4-of-18) from beyond the arc
- Alabama had nine steals and force 19 turnovers which created a big 28-10 advantage in points off turnovers

First Half
- Alabama jumped out to a 10-4 lead within the first four minutes, but the Wildcats came right back to cut the Tide's lead to 12-10 with 14:41 remaining in the opening stanza
- Kentucky tied the game at 17-17 at the 10:05 mark – the only tie of the first half
- Leading by a single point, 23-22, with 8:27 left to play, the Crimson Tide would score 13 of the game's next 14 points over the next 4:39 to take a 13-point lead at the under four timeout
- Alabama went into the locker room holding a 42-30 advantage
- John Petty Jr. finished the first half with 14 points on 5-of-8 shooting and 3-of-5 from deep to go along with four rebounds

Second Half
- Alabama began the second half with an 11-6 run to pull away from Kentucky with a 53-36 lead at the 15:02 mark
- The Wildcats managed a quick 7-1 spurt to cut the Tide's lead to 54-43 with 12:38 remaining
- That's as close as UK would come as Alabama went on a 13-4 run to take its largest lead of the game at 20, 67-47, with just over seven minutes remaining in regulation
- The 20-point win was Kentucky's largest home defeat for head coach John Calipari at Rupp Arena

Next Up
The Tide will look to continue its winning streak when it hosts Arkansas on Saturday afternoon inside Coleman Coliseum.

The contest is slated for 2:30 p.m. CT and will be televised on SEC Network. For all the latest information on the team, follow AlabamaMBB on Twitter, Instagram and Facebook. General athletic news can be found @UA_Athletics on Twitter and Instagram and Alabama Athletics on Facebook.

Letter to the Editor: Is there any real good that comes out of gambling for the people and businesses of Alabama?

Dixie Bergquist
Contributor

There was an article concerning the Alabama Legislature 2021 Session in The Cullman Tribune on January 2, 2021. Garlan Gudger and Randall Shedd commented on whether or not to allow gambling and in which forms it might take.

I am concerned that the article did not mention that there is only one "pot" of money in Alabama or any other state.

Gambling may "generate" the estimated $510 to 710 million in revenue for the state, BUT the state gets that money from people who are buying a gambling ticket INSTEAD OF getting a haircut, buying children's clothes, paying the dentist and dining out.

It simply entices people to think they will be one of the few "winners," whereas the $510 to 710 million for the state comes from the overwhelming number of "losers." The estimated "increase" in jobs is similar.

That state money employs people but the local businesses, which would have gotten the money by providing services and goods, lay off people because of their decreased income.

The additional "66,000 people predicted to have 'gambling disorders'" is the only truly ADDED number.

Is there any real good that comes out of this for the people and businesses of Alabama?

Sincerely,
Dixie Bergquist

CULLMAN, Ala. – The Cullman County Animal Shelter's Donna Ruttkay shares the Cullman Tribune Pet of the Week:

Edna is a 1-year-old Heeler mix. She's a high-energy pet, so get ready for playtime! She loves toys and carries her ball everywhere. She seems to thrive when challenged to run obstacle courses, wear a backpack, etc.

Edna, called a "mighty partner" by Ruttkay, is gaining leash skills and learning to respect her humans' personal space.

Edna is the kind of dog who needs a job. She has the makings of a good therapy, companion or hiking dog.

Edna's adoption fee is $100 which includes DHLPP vaccine, Bordetella vaccines, rabies vaccine, wormer, general exam at the vet, spaying, microchip, free 30-day health insurance policy issued by 24PetWatch (with valid email only) and a free bag of food from Cullman Pet Depot (you must pay sales tax).

Animal shelter staff and volunteers work with their dogs to make sure they are accustomed to being around people, walking on a leash and practicing good behavior. Several of the shelter's canine friends have even been "hired" to work as therapy and special needs service dogs.

Please consider adopting, to give a rescued pet a chance at a happy and healthy life.

WASHINGTON, D.C. – The U.S. House of Representatives on Wednesday voted to impeach President Donald Trump for a second time following the Jan. 6 storming of the U.S. Capitol by what authorities are calling a mob of Trump loyalists.

Trump faces a single charge of incitement of insurrection, with the majority of House members agreeing that he "encouraged" the mob to "fight like hell" in a speech prior to the breaching of the Capitol. Five people died, including a Capitol Police officer, who was reportedly beaten by the intruders.

The president was impeached the first time on Dec. 18, 2019 for abuse of power and obstruction of Congress after a whistleblower complaint about a July 2019 phone call between Trump and Ukrainian President Volodymyr Zelensky was made. The complaint said Trump threatened to withhold U.S. foreign aid until Zelensky promised to investigate Hunter Biden, son of now President-Elect Joe Biden, for suspicious dealings in Ukraine.

The U.S. Senate on Feb. 5, 2020 voted to acquit Trump. It is unclear yet how the Senate will vote this time.

Rep. Robert Aderholt, R-Alabama released the following statement concerning his "no" vote on impeachment Wednesday.

"The storming of the United States Capitol was an American tragedy. As someone who was in the chamber of the House of Representatives that day, I can tell you it was a dark day in American history. The actions of those who broke into the building are unacceptable and undefendable. As I stated last week, our goal now should be on unifying our nation and to prayerfully seek answers to our nation's problems.

"While I understand Democrats wanting to express their anger in the form of impeachment, the act, which is more symbolic than actionable, causes more division and does not advance unity or healing.

"The United States Senate leader has stated that the Senate will not be able to even begin a trial until after President Trump has already left office next week.

"I believe that it would be in the best interest of all Americans for us to focus on cooling tensions, finding common ground and praying for this nation as we face so many challenges including the COVID-19 pandemic.

"In all sincerity, I do not believe that the impeachment today does anything to move our great constitutional republic forward."

Trump is the first U.S. president to be impeached twice. He will leave office Jan. 20, 2021 when Biden is sworn in.

NOTICE OF
MORTGAGE FORECLOSURE SALE

STATE OF Alabama
COUNTY OF CULLMAN

Default having been made of the terms of the loan documents secured by that certain mortgage executed by Jeannie Crumbley A Married Woman Ronald K Crumbley Her Husband to First National Bank of Jasper dated August 14, 2009; said mortgage being recorded on August 19, 2009, in Book 1606, Page 641, as having been modified by an agreement recorded on and recorded in Book 1701, Page 240 in the Office of the Judge of Probate of Cullman County, Alabama. Said Mortgage was last sold, assigned and transferred to Avail Holding LLC to be recorded in the Office of the Judge of Probate of Cullman County, Alabama.
The undersigned, Avail Holding LLC, under and by virtue of the power of sale contained in said mortgage, will sell at public outcry to the highest bidder for cash before the main entrance of the Court House in Cullman County, Alabama during the legal hours of sale (between 11am and 4pm), on the 4th day of February, 2021 the following property, situated in Cullman County, Alabama, to-wit:
Parcel I:
The Northwest Quarter of the Southeast Quarter of Section 5, Township 9, Range 5 West, less and except the mineral rights in and to said land which have been heretofore reserved by the Cullman Property Company; and also less and except the following described three acres in said forty; Begin at the Southwest corner of said Northwest Quarter of Southeast Quarter of Section 5, Township 9 South, Range 5 West, and go East along the South line of said forty a distance of 72 yards, more or less, to James Chapel Road, then go in a North, then Northwesterly direction along the West right of way of said road a distance of 300 yards, more or less, to a point of intersection of said West right of way with the West line of said forty, then go in a Southerly direction along the West line of said forty a distance of 300 yards, more or less, to the place of beginning.

Also the following described parcel of property:
Part of the Northwest Quarter of the Southeast Quarter of Section 5, Township 9, Range 5 West particularly described as follows: From the Southwest corner of said Northwest Quarter of the Southeast Quarter, go East along the quarter quarter section line 200 feet, more or less, to center of road; then go North along center of road 75 feet, more or less, to fork in road, then go North, along Western fork, 332 feet, to a fence, then go Northeast (on line parallel to eastern fork of road), and along a fence, 526 feet, then go South 332 feet, and along a fence, to county road 1069, then go East (along County Road 1069) to point of intersection with East line of said quarter quarter section, then go South to Southeast corner of quarter quarter section, and then go West (along quarter quarter section line) to point of beginning, conveyed subject to 15 foot easement along East line.

Said property is commonly known as 5535 County Road 1069, Vinemont, AL 35179.
Should a conflict arise between the property address and the legal description the legal description will control.
Said property will be sold subject to any outstanding ad valorem taxes (including taxes which are a lien, but not yet due and payable), the right of redemption of any taxing authority, all outstanding liens for public utilities which constitute liens upon the property, any matters which might be disclosed by an accurate survey and inspection of the property, any assessments, liens, encumbrances, easements, rights-of-way, zoning ordinances, restrictions, special assessments, covenants, the statutory right of redemption pursuant to Alabama law, and any matters of record including, but not limited to, those superior to said Mortgage first set out above. Said property will be sold on an "as-is" basis without any representation, warranty or recourse against the above-named or the undersigned. The successful bidder must present certified funds in the amount of the winning bid at the time and place of sale.
Alabama law gives some persons who have an interest in property the right to redeem the property under certain circumstances. Programs may also exist that help persons avoid or delay the foreclosure process. An attorney should be consulted to help you understand these rights and programs as a part of the foreclosure process.
The sale will be conducted subject (1) to confirmation that the sale is not prohibited under the U.S. Bankruptcy Code and (2) to final confirmation and audit of the status of the loan with the holder of the Mortgage.

Results Physiotherapy (from Front)

W.C. Mann
craig@cullmantribune.com

CULLMAN, Ala. – Results Physiotherapy, a physical therapy provider with offices across Alabama and the South, opened its doors Monday to its newest office at 1302 Second Ave. SW, Suite F in Cullman, near Firehouse Subs and Marco's Pizza.

Physical therapist and Clinic Director Russell Standridge told The Tribune that Results offers a wide range of services, from traditional physical therapy to post-COVID-19 recovery.

Said Standridge, "We treat many different musculoskeletal and neurological disorders. We are skilled in providing manual therapy and exercise interventions for just about every muscle and joint in the body, and we also treat headaches; dizziness and weakness/balance deficits from neurologic injuries/diseases such as stroke, Parkinson's Disease, multiple sclerosis, etc.

"We are also now treating patients post-COVID-19 to help overcome residual fatigue/weakness and shortness of breath that COVID could have caused."

What patients should expect

According to Standridge, "Before patients even come into the therapy office, they are called by our friendly office manager who will get basic information from them over the phone and get them scheduled for their initial evaluation.

"The patient is evaluated on the first visit and is given education about the findings from the evaluation and how therapy can help. Patients are then guided through an individualized treatment plan based on their needs and goals for therapy, and they see the same therapist team at every visit.

"We utilize high-low tables for manual treatments and exercises, and our floor plan is open concept to allow plenty of space for improving range of motion, strength and muscular control. Results' motto is 'People shouldn't have to live in pain,' and every employee at Results believes in that statement.

"We also utilize a functional outcome tool called FOTO (Focus on Therapeutic Outcomes). Patients fill out the FOTO at the first visit to get a baseline of their current function. The patient then completes a FOTO about every five visits so the treating therapist can see how the patient is responding to treatment, and the responses to the functional questions are used to help guide treatment and make it more meaningful and specific for each patient."

New office, experienced staff

Standridge said, "Our top-notch therapists and friendly staff in our clinics in north Alabama in the Decatur, Huntsville/Madison, Athens and Shoals areas have been doing very well making impacts on people's lives and helping people live without pain.

"Patients are usually very happy with their results at Results- pun may be intended- and they consistently report their improvements to their referring doctors and write success stories for our clinics.

"It is in our best interest as a region to reach as many people as possible to let them experience the Results Physiotherapy difference in treatment approach. I have personally had several patients tell me on their first treatment session that they have tried physical therapy in the past, but it did not seem to help them; however, by the time they were discharged from therapy at Results, they had reached all of their goals and reported substantial improvements.

"The therapists at Results utilize a mixture of hands-on manual therapy techniques, effective therapeutic exercises and specific modalities to help decrease patients' pain and improve functional mobility/strength and quality of life.

"If a patient is unsure if therapy can help them, we do offer free screens where a licensed physical therapist will perform a quick assessment and provide education to the patient about the findings."

Standridge concluded, "Results upholds a professional atmosphere as someone would expect from a medical practice, but we also treat everyone like family and love to get to know our patients so we can tailor the treatment program to best suit each patient's needs."

Results Physiotherapy is located at 1302 Second Ave. SW, Suite F in Cullman. Current office hours are Monday-Friday 7:30 a.m.-4:30 p.m. Physician referrals are not required for evaluations or screenings, but a physician referral or signature will be required on the physical therapy plan of care to initiate treatment, due to Alabama laws.

USDA, Alabama sign historic agreement to improve forest conditions on public, private lands

Alabama Forestry Commission

MONTGOMERY, Ala. – USDA Under Secretary of Agriculture James Hubbard and Alabama Governor Kay Ivey signed a Shared Stewardship agreement at a virtual signing event Tuesday afternoon. The agreement is between USDA's Forest Service and Natural Resources Conservation Service, along with the Alabama Department of Conservation and Natural Resources and the Alabama Forestry Commission.

Shared Stewardship agreements establish a framework for federal and state agencies to collaborate better, focus on accomplishing mutual goals, further common interests and effectively respond to the increasing ecological challenges and natural resource concerns.

This new agreement centers on USDA's commitment to work with states and other partners to use the best available science to identify high-priority forests that need treatment and to ensure the long-term sustainability of public and private lands.

"From our rolling mountains to our sparkling coast, the world can understand why they call it 'Alabama the Beautiful.'

"I am pleased that we can build on the conservation efforts already happening through these strong federal and state partnerships," Ivey said. "I look forward to our state continually working for the good of the people as well as our natural resources and to preserve our beautiful state for generations to come."

"The Alabama Forestry Commission is excited to formalize our working arrangement with those federal partners who help us accomplish our mission," said State Forester Rick Oates.

Alabama becomes the seventh state in the South and 23rd in the nation to sign such an agreement to strengthen partnerships within the state to increase the scope and scale of critical forest treatments that support communities and improve forest conditions.

The agreement can be found at www.fs.usda.gov/managing-land/shared-stewardship.
