## Marshall, Aderholt file suit against federal government

### Suit claims illegal manipulation and delaying of census data

**Cullman Tribune Staff**
Contributor

**MONTGOMERY, Ala.** – Alabama Attorney General Steve Marshall, U.S. Representative Robert Aderholt, R- Alabama and two other Alabama voters filed suit against the U.S. Department of Commerce "over its decisions to manipulate census data that will affect congressional and state legislative redistricting, and delay delivery of census data the State's need to complete redistricting," said a release from Marshall's office.

In their lawsuit filed Wednesday in the U.S. District Court for the Middle District of Alabama, Marshall and Aderholt challenged the U.S. Department of Commerce and the Census Bureau for "purposefully manipulating and delaying mandated census numbers due to the implementation of a controversial new statistical method known as 'differential privacy.'" The suit alleges, "This statistical method is deliberately designed to inject » PAGE 2

## Cullman Community Lions Club cleans up Convent Road

**CULLMAN, Ala.** – Last Friday, members of the Cullman Community Lions Club picked up five bags of garbage along their Adopt-a-Mile stretch of Convent Road. Cullman Community Lions Club President Bob Manney said their goal is to do this about once a month.

The mile of Convent Road that the organization is dedicated to keeping clean begins at U.S. Highway 278 near the Sacred Heart Monastery, around the s-curves past Hope Horses and ends at the stop sign at Stone Creek.

"We picked up five bags of trash, which is about the norm," said Manney.

"I can't believe how many beer cans, fast food bags and cups and stuff...people just don't respect that beautiful stretch of road there around Hope Horses."

Manney said it takes the group several hours to pick up all of the garbage each month.

The Adopt-A-Mile program is a partnership between Alabama People Against a Littered State (PALS) and the Alabama Department of Transportation. Those interested in adopting a mile can apply at alpals.org.

The Cullman Community Lions Club also organizes many other community projects.

Manning explained, "We are big into service.

"We do diabetic kits in schools, we collect eyeglasses, clean the environment, we help out at the Cullman Caring for Kids food pantry and we donate to childhood cancer."

The organization supports St. Jude's, both the Huntsville and Memphis campuses, by donating meal and gas cards to » PAGE 7

error into the decennial census data, essentially scrambling the numbers.

"As a result, for the first time ever, states will not know if the population numbers the Census Bureau delivers for any given neighborhood, town or county are accurate."

"Every 10 years, the U.S. Census Bureau is required by law to report the results of the census count to Congress and the States so that $1.5 trillion in federal funding can be fairly allocated and legislative districts can be fairly redrawn," said Marshall.

"The Census Bureau is already late in reporting mandated apportionment data from the 2020 census and has declared it will also violate the statutory deadline for delivering redistricting data to the States. But on top of that, it appears part of the reason for delay is the Bureau's attempt to use a novel confidential algorithm to manipulate the counts that allocate tremendous amounts of money and political power."

Expressing his concern about the impact this will have on the State, he continued, "The reason the Framers required an actual enumeration of the population every 10 years, rather than estimates by purported experts, was to avoid the risk that census results could be manipulated for improper purposes.

Whatever the Bureau's motives, this bureaucratic experiment will force Alabama and other states to redistrict with intentionally flawed data. The States have a right to accurate data, and I am gravely concerned over the chaos the Census Bureau's action will impose on Alabama's proper drawing of congressional districts in time for the 2022 elections. I join with Alabama Congressman Robert Aderholt in filing this lawsuit to restore accuracy and transparency to the census process."

Aderholt added, "I am pleased to join with Attorney General Steve Marshall in fighting this unconstitutional practice by the United States Census Bureau.

"The Census is only carried out once every ten years and is vital for redistricting, federal allocation of tax dollars and for many other public and private uses. Therefore, it is critical that the numbers be as accurate as possible and not be simply generated by computer algorithms and guesswork."

**The lawsuit states:**

*"Census Bureau officials have suggested that the privacy requirements of 13 U.S.C. § 9 require the use of differential privacy to protect the personal information of census respondents. But that's not true. The Census Bureau has not shown that other disclosure avoidance methods would not satisfy the privacy requirements of § 9 while also meeting the Secretary's statutory obligation to deliver true—and usable—population tabulations to the States. Indeed, the privacy safeguards the Census Bureau used for the 2010 decennial census and redistricting data appear to have worked extremely well. There have been no reports that anyone outside the Bureau has gained access to the responses of a particular identified person from the released 2010 data. While the Bureau is free to build on its past privacy successes, it cannot do so by providing States false tabulations of population."*

It continues,

*"Not only does the Bureau intend to produce false redistricting numbers; it intends to produce numbers half a year behind schedule. Congress required the Bureau to engage in a five-year collaborative process with the States to ensure delivery of redistricting data by no later than March 31, 2021 ... Alabama upheld its end of the deal, but the Bureau has decided—unilaterally—that it will instead submit data to the States by September 30, 2021. The Bureau has no authority to grant itself this sizeable extension and deprive Alabama of information to which it is entitled. That is especially so because the Bureau's delay imposes substantial costs on Alabama as the State seeks to meet its constitutional obligations and run its 2022 statewide elections effectively and in accordance with State law."*

# Impersonator (from Front)

**Christy Perry**
christy@cullmantribune.com

**CULLMAN, Ala.** – Alex Swindle was only 10 or 11 years old when he auditioned for a part in a children's theater musical that would place him on a strange path to Hollywood. A part playing the legendary Elvis Presley would grow into much more that he could have ever imagined. Now, in his late 20s, Swindle's love of music is stronger than ever, despite having mostly retired the white jumpsuit.

Originally from the Fultondale area, Swindle moved to Cullman when he turned 21. He was mostly playing live music at local bars and events while moving away from the Elvis impersonator scene. Rock-and-roll is his passion, with Guns N' Roses, Aerosmith, Led Zeppelin and Journey among his inspirations.

As a child, Swindle did not attend public school, and children's theater and musical theater became a way for him to connect with other kids. During a production of "Schoolhouse Rock!," he tried out for a part that was a bit of an Elvis spoof. He went and got a wig for the part to cover his blonde hair, and next thing he knew he was invited to an Elvis contest at the BJCC.

"We showed up there thinking it would be like a little talent contest, but there were like 2,000 people there. At least it looked like that in my 11-year-old eyes," Swindle recalled. His grandmother offered to take him home because of the size of the competition, but Swindle carried on. He was entered into the youth division against two 16 year olds. He sang "Love Me Tender" and snagged the win.

He said, "After that, it was off to the races!" He won several more contests that year and more youth division titles until he turned 16. He began competing against adults, and by age 20 he was winning adult division contests.

He added, "In 2014, I won a World Championship and the next year I got pretty high up in the Elvis Presley Enterprises Contest." By the time he moved to Cullman, he was also touring with a group doing shows all over the country in "One Night in Memphis."

After doing Elvis for many years, he began working on his own music.

"Mae's Food Hall opened up and we probably played there at least 50 times," he said. "Then on to Moe's and we played there a whole bunch. I started just as a solo guitar player--acoustic stuff."

He said he knew he wanted to play in a full rock band and soon he assembled the band RNR.

He explained, "We had a cool little rock band playing that scene and they were like, 'Come up with a name, Alex!' I said, 'We are just a rock and roll band.' Nothing big ever came of it, but in July of 2018 or 2019, we played just shy of 20 parties in just one month."

Swindle was living in Cullman at that time and was focused on playing around town when his former days of playing Elvis resurfaced.

He recalled, "It was a summer morning in 2018 when I got an email from a production company. It said, 'Hey, do you want to be in a commercial playing Elvis Presley? It pays this, that and the other. Yes or no?'" He thought it was a small commercial. The project name was "Tupelo," so he assumed it would be a commercial for Tupelo tourism.

Swindle was sent non-disclosure paperwork and was asked to download Skype, to which he laughed, "'You're still using Skype? That's weird.' They wanted a video of me singing the song from the commercial and my measurements." The production company called, and he auditioned via Skype and verified that he was indeed who he said he was. A couple of weeks went by and Swindle continued playing local gigs with his band.

"I had sort of forgotten about it. I got a phone call saying that I was one of the director's favorites. At this point, I still have no idea what is going on. Who is the director? What's this for?" A contract was sent, and he signed it. "They were like, 'Here's your plane tickets and we are going to need you for a week out here.' I asked, 'Where am I going?' and they said, 'Hollywood!'"

He continued, "As a rock and roll guitar player, that's the Promised Land to us. Even if it's not all that it is cracked up to be, every rock and roll guitar player wants to go see where it all started. I've dreamed of seeing Whiskey A Go Go and Canter's Deli.

"At this point, I still don't know what the hell is going on, but I am stoked!" The night before he was scheduled to leave for Los Angeles, he played at Mae's Food Hall.

His plane stopped in Las Vegas and that was incredibly exciting for Swindle, who said, "I was super stoked to see the Las Vegas airport, but they wouldn't let me off the plane. I could see all the high-rise hotels and things, but I couldn't get off the plane. I was so bummed."

While he was on the plane at the airport, he was able to turn on his phone only to discover some bad news, that his girlfriend had broken up with him. "I'm like, ah man, I'm getting broken up with right now, but at least I'm halfway to Hollywood!"

He finally arrived at LAX and was picked up in a black Cadillac SUV. The driver sent to pick up Swindle asked, "When's the last time you were out here to do something like this?" When Swindle explained that he had never even been to California before, the driver said, "What? They don't ask random people to do this. You are going to the moon dude! Who do they send to the moon? Astronauts that have been there before, not trainees."

Swindle was starting to feel really good about the situation and he was very thankful to the driver. He was dropped off at a recording studio where he met a director. He was asked to sing the few seconds of an Elvis song for the commercial. He was then asked to sing the whole song, "There's Always Me." Swindle had never sung the song, but he was looking at a screen as he sang.

Swindle explained, "They had a mock version of the commercial with a story board that went to the music of the song. Then at the end, the last note hits and BOOM!, the Apple logo. That's when I knew it was big doins'." He said he did a "happy dance" and headed back to his hotel. He couldn't tell anybody because of non-disclosure agreements. He spent the next week shooting scenes for the Apple Elvis commercial.

His portion of the commercial took 48 takes as his scene was on a moving set meant to look like a ship or aircraft carrier. Another Elvis impersonator chosen for the commercial was someone Swindle had known for many years, and he said he befriended the other participants as well. The commercial was finally released in December of 2018.

Now, Swindle has used the pause in live music because of the pandemic as an opportunity to focus on developing his own music.

"I am working on a concept album now and the recording process I am doing by myself which is very important," he said.

Swindle hopes to get back to playing live shows in Cullman soon, and anywhere he goes, you can bet that there will be rock and roll!

View the Alabama COVID-19 Vaccination Allocation Plan at: www.alabamapublichealth.gov/covid19vaccine/assets/adph-covid19-vaccination-allocation-plan.pdf

**DAILY UPDATE FROM ADPH**

**Efforts to achieve vaccine equity in Black Belt counties yield positive results - at least 1 in 5 residents of 19 Alabama counties vaccinated**

Twenty percent or more of the residents age 16 and older of 19 Alabama counties have received one or more doses of COVID-19 vaccine to date. Successful public health efforts to achieve vaccine equity have resulted in higher vaccine uptake among African American residents of Black Belt counties. Counties where 20 percent or more of their residents have been vaccinated are as follows: Perry, Wilcox, Conecuh, Dallas, Hale, Clarke, Monroe, Marengo, Washington, Lee, Bullock, Tallapoosa, Henry, Macon, Houston, Colbert, Cullman, Baldwin, and Lauderdale. Vaccines are one key to protecting the most vulnerable and helping stop the pandemic in Alabama. Supply remains an issue, as there is not yet enough vaccine available for everyone who would like to be vaccinated.

**CDC team to gather information in Black Belt about how to improve vaccine confidence and uptake**

A five-member team from the Centers for Disease Control and Prevention (CDC) is in Alabama to explore local approaches on how to improve vaccine confidence. Team members will talk with local residents, community and faith leaders, and health care workers to understand their perspectives and suggestions on how to ensure high uptake of COVID-19 vaccines, especially in Black communities. Efforts will focus on identifying common questions and concerns or other barriers to uptake that residents have, addressing them through community outreach solutions, and promoting information sharing about the benefits and safety of COVID-19 vaccines, so that everyone is protected from the virus. The team will begin in Sumter County and move on to other Black Belt counties. The CDC team is expected to be in the state for the next three weeks.

**People who previously received passive antibody therapy**

Currently, there are no data on the safety and efficacy of COVID-19 vaccines in people who received monoclonal antibodies or convalescent plasma as part of COVID-19 treatment. Based on the estimated half-life of such therapies and evidence suggesting that reinfection is uncommon in the 90 days after initial infection, vaccination should be deferred for at least 90 days. This is a precautionary measure until additional information becomes available, to avoid potential interference of the antibody therapy with vaccine-induced immune responses. This recommendation applies to people who receive passive antibody therapy before receiving any vaccine dose and to those who receive passive antibody therapy after the first dose of an mRNA vaccine but before the second dose, in which case the second dose should be deferred for at least 90 days following receipt of the antibody therapy. Receipt of passive antibody therapy in the past 90 days is not a contraindication to receipt of COVID-19 vaccine. COVID-19 vaccine doses received within 90 days after receipt of passive antibody therapy do not need to be repeated.

**Spring break gatherings can drive up COVID-19 cases**

COVID-19 continues actively circulating in Alabama, including the more transmissible B.1.1.7 (UK) variant. Spring breakers and their families are reminded that all precautions should be taken during this time if we want to continue the downward trajectory of COVID-19 cases. Spring break trips to locations where crowds of people from throughout the county gather can lead to more infections, especially as the variants threaten. The risk of closer contact with others, especially when combined with increased alcohol use, can lead to asymptomatic spread. Even though COVID-19 cases are decreasing, it is extremely important that everyone continue to follow mitigation standards during spring break and at other seasonal gatherings. Students and their families need to do their part and do the right thing by wearing masks, practicing social distancing, and washing hands frequently. Caution and vigilance are still needed.

# Aggies pull away from Hanceville 19-6; Tuesday scoring recap

**Nick Griffin**
nick@cullmantribune.com

**HANCEVILLE, Ala.** – Fairview traveled to Hanceville for a Tuesday night showdown with the Bulldogs and hung 19 runs on the scoreboard on the way to a 19-6 road victory. Bryceson Turner got the start and the win on the mound for the Aggies after tossing three innings, allowing two runs on four hits and striking out five Bulldogs.

Hanceville struck first in the bottom half of the opening inning when Barrett Hardin singled into right field and drove in Zach Campbell to take a 1-0 lead. However, Fairview responded in the top of the second and after taking the lead, the Aggies never gave it back the rest of the way.

A perfectly-placed bunt single by Jack Brown allowed Tanner Bennett to score and tie things up at 1 and Crimson Wright came home on the ensuing throw to make it a 2-1 game.

Brody Hogeland kept the inning going with an RBI double into right field that stretched the lead to 3-1 and Dalton Payne drove a sacrifice fly deep into right field to score Brown and make it 4-1 going into the bottom of the second.

Fairview added to its lead in the top of the third when Bennett scored on a passed ball and just a few pitches later, Preston Ryan drove a 2-run single into right field to make it a 7-1 game. The Aggies tacked on two more runs before the end of the inning when Hogeland scored on a wild pitch and Ryan successfully stole home on a double steal play, making it 9-1 going into the bottom of the inning. Drew Campbell drilled an RBI double for the Bulldogs to trim the lead to 9-2 but that was all they could get on the board in the bottom of the third.

Fairview continued pulling away in its half of the fourth. Turner and Wright each crossed the plate on an error and a wild pitch to extend the lead to 11-2 and Caden Jennings scored on a passed ball to give the Aggies a 10-run lead. After Hogeland later scored on another passed ball, Payne ripped a double into center field to drive in Ryan and build the lead to 14-2 going into the bottom of the fourth.

An RBI double off the bat of Dylan Twilley and a sacrifice fly from Campbell cut the Fairview lead to 14-4 in the fourth and just a few pitches later, Adam Cooper put an RBI double into right field to make it a 14-5 game going into the fifth. Unfortunately for the Bulldogs, the Aggies continued to put runs on the board. An RBI double from Bennett and back to back RBI singles from Payne and Levi Garner helped Fairview plate five more runs in the top of the fifth and Hanceville was unable to overcome the lead in the bottom half of the inning, falling at home 19-6.

Turner and Ryan (two RBIs) each recorded three hits in the win and Payne (two hits) led the Aggies with three RBIs. Hogeland (one RBI) and Wright each added a pair of hits as well. Hardin racked up three hits and three RBIs for the Bulldogs in the loss and Cooper (one RBI) added a pair of hits as well.

Fairview and Hanceville will see each other again Thursday night for a doubleheader at Fairview.

**OTHER LOCAL SCORES**

**Good Hope 22 – Holly Pond 21 (baseball) (11 innings)**

The Raiders and Broncos clashed in a back and forth, 11 inning thriller Tuesday night in which both teams combined to score 43 runs. After a long, dramatic game full of momentum shifts and lead changes, Good Hope held off one last Holly Pond rally in the bottom of the 11th to capture a well-earned 22-21 road win.

An RBI single by Lane Speegle and a 2-run double off the bat of Paydon Bagwell gave the Raiders a 3-0 lead going into the bottom of the first. An RBI single from Preston Seymore made it 4-0 in the top of the second and after a scoreless third inning, Good Hope tacked on three more runs in the fourth to build a 7-0 advantage.

However, the Broncos weren't ready to lay down and a bases-loaded walk, followed by a 2-run double by Hunter Farr cut the lead to 7-3. Two pitches later, Thomas Bell brought Lane Tipton home to score with a sacrifice fly to make it a 7-4 game going into the fifth inning. Holly Pond managed to put up three more runs in the bottom of the fifth and the score was knotted at 7 going into the sixth inning.

The Raiders answered with four runs in their half of the sixth, thanks in part to an RBI single from Bagwell and a 2-run double off the bat of Lawton Farr that made it an 11-7 game.

The Broncos cut into the lead with a pair of runs in the bottom of the sixth to make it 11-9 and they were able to tie things up in the bottom of the seventh when Landan Taylor scored on a passed ball and Farr drove in the tying run with a sacrifice fly, sending the game to the eighth inning.

After a scoreless eighth inning, Good Hope tacked on five runs in the top of the ninth to retake the lead. However, the contest would continue after Holly Pond scored five runs of its own in the bottom of the ninth to extend the game to the 10th inning.

After a scoreless 10th frame, An RBI double from Farr followed by a passed ball gave the Raiders an 18-16 lead in the top of the 11th. A few pitches later, Caleb Rusk ripped a 2-run triple into center field to stretch the lead to 20-16 and Rusk crossed the plate on a fielder's choice to make it a 21-16 game. An RBI single by Morgan Cook gave the Raiders one more run before the end of the inning and made it 22-16 going into the bottom of the 11th.

The Broncos had another miraculous inning in them and thanks to a pair of walks, a fielder's choice, a passed ball and an RBI single off the bat of Zach White brough Holly Pond within one run of the lead but a lineout to the shortstop ended the marathon after 11 innings with Good Hope on top 22-21.

Bagwell (four RBIs) and Speegle (three RBIs) both racked up five hits in the win. Farr finished with four hits and four RBIs and Rusk (two RBIs) added three hits of his own for the Raiders. Farr (two hits) led the game with five RBIs for the Broncos and Charlie Huddleston (two RBIs) posted three hits. Bell (one RBI), Seth Whiting (one RBI) and John Martin (one RBI) each added a pair of hits in the loss.

**Hartselle 12 – Cullman 3 (softball)**

It took a few innings for the Lady Bearcats to get the bats going against Hartselle, but they managed to put some runs on the board and tie the game at 3 in the top of the fourth. However, the Lady Tigers found their own rhythm on offense after that and plated five runs in the bottom of the fourth and four more in the fifth to pull away and defeat Cullman 12-3.

Taylor Au (one hit), Olivia Britton and Shana Guest (one hit) each collected an RBI in the loss. Haley Shannon, Chalea Clemmons, Faith Guest and Emma Claire Wilson added hits for the Lady Bearcats as well.

**Homewood 8 – Cullman 4 (baseball)**

The 'Cats took an early lead in the top of the first when Brennen Norton blasted a solo homer over the left field fence to make it 1-0 but Homewood bounced back with three runs in the bottom of the second to take a 3-1 lead. The bats went cold for Cullman over the next few innings and the Patriots were able to build a commanding, 8-1 lead going into the fifth inning.

A pair of sacrifice flys from Paxton Ponder and Hayden Stancil, along with a bases-loaded walk, put three runs on the board for the Bearcats in the top of the fifth but it wasn't enough to overcome the Homewood lead and Cullman fell on the road 8-4.

Norton (solo HR) led the 'Cats with two hits in the loss. Stancil (one hit), Ponder and Kaleb Heatherly each posted RBIs for Cullman as well.

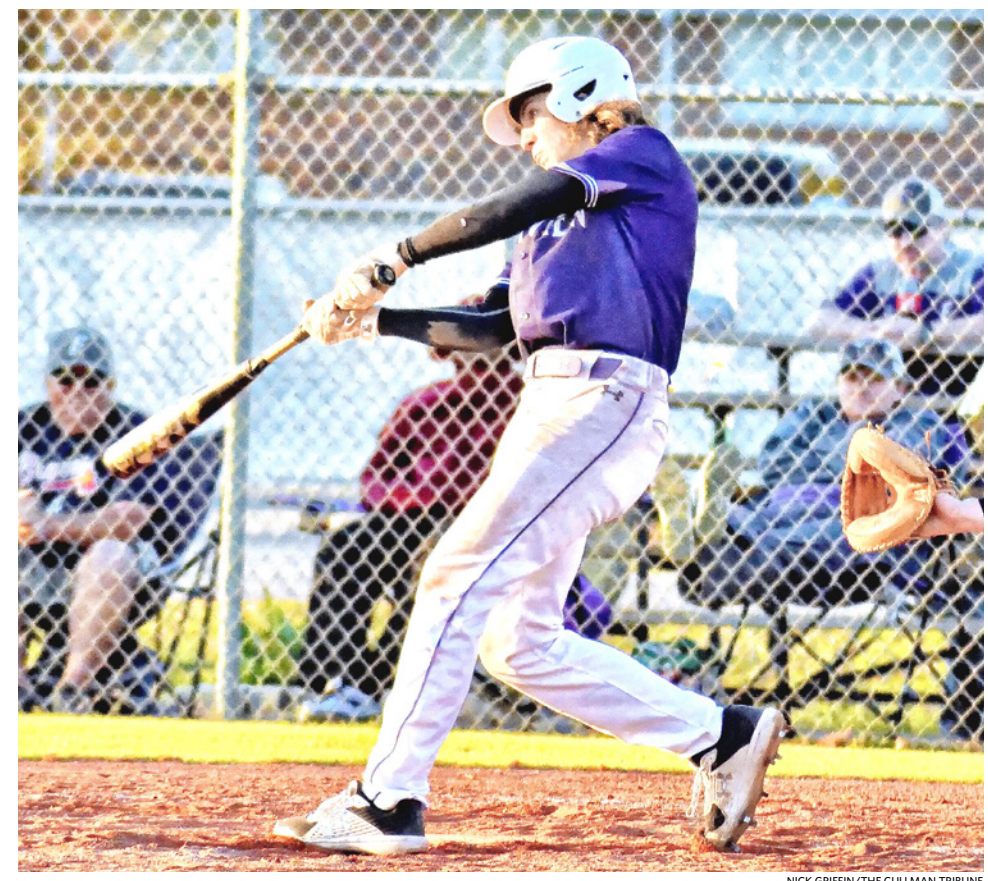

**West Point 4 – Priceville 2 (softball) (8 innings)**

After falling behind 2-0 in the bottom of the first, the Lady Warriors scored once in top of the third to cut into the lead and once again in the top of the fifth to tie the score at 2. Seven innings weren't enough to settle things but in the top half of the eighth, Ella Minck brought Lexi Shadix home with a sacrifice fly to make it 3-1 and Brindlee Phillips doubled into left field to score Carlie Wilkins and give West Point a 4-2 lead. Wilkins and the Lady Warriors got the final three outs they needed in the bottom half of the inning and left Lawrence County with a big, 4-2 win.

Shadix and Sydney Sellers each posted a pair of hits for West Point in the win while Phillips and Lexi Kimbril each added an RBI. Wilkins got the win for the Lady Warriors after pitching all eight innings, allowing just two runs on two hits and racking up 16 strikeouts.

**Brewer 15 – Fairview 0 (softball)**

The Lady Aggies had their hands full when they traveled to Brewer Tuesday night. Kyleigh Aleman recorded the only hit of the game for Fairview and the Lady Patriots scored early and often to secure a 15-0 win.

# Meek downs Addison at home 6-4

**Todd Walker**
Tribune Correspondent

**ARLEY, Ala.** – Addison traveled 10 miles south to take on Meek Tuesday night and the Lady Tigers were not gracious hosts. Meek defeated the young Lady Bulldogs 6-4.

Addison opened up the game facing Lady Tiger Pitcher Marlee Mosley who put the Dawgs down in order. Addison countered with their ace, Anna Grace "The Glove" Luker. Luker, uncharacteristically, struggled early. Luker hit Savannah Smith with a pitch and that was followed by three consecutive bloop singles by Courtney Lane, Madison Smith and Abby Phillips. Smith's single brought home Lane.

The next batter Hannah Taylor lined a sharp single to center bringing home Smith. One out later, another single brought home the third Lady Tiger run. Luker regrouped and then struck out the final two batters of the inning. Meek led 3-0 at the end of one.

Meek's Mosley shut down the Baby Bulldogs in the second, third and fourth innings, not allowing a hit. Mosley wasn't dominant but she pitched to contact and allowed her defense to help her, which they did. Meek struck for two runs in the bottom of the fourth.

A one out walk to Savannah Smith, was followed by a double by Courtney Lane brining home Smith. Madison Smith singled bringing home Lane. The Smiths are sisters, with Savannah being a senior and Madison a junior. At the end of four, Meek led 5-0.

Addison's Saige Carter ripped a double to left for the Baby Bulldogs first hit of the game. Katie Barrett singled putting runners on first and third with no one out. Meek's Mosley settled down and got two outs. Macayla Wilkins got a hustle infield hit to bring home Carter for the Baby Dawgs first run. Mosley got the final out to get out of the jam and Meek still led 5-1. Meek went down in order in the fifth.

Addison got nothing in the sixth and Meek answered with one of their own without getting a hit. Two Addison errors allowed Meek to take a 6-1 lead into the final frame.

The Baby Dawgs didn't quit and put three on the board in the seventh, but it wasn't enough as Meek came away with a 6-4 win.

Meek was led by Mosley who went the distance, seven innings, scattering five hits, striking out four while walking two.

Meek had Savannah Smith went 0-2 with two walks and scored two runs. Courtney Lane went 2-four with a double, two RBIS and two runs scored. Madison Smith went 2-4 with 2 RBIS and a run scored. Abby Phillips went 2-4. Hannah Taylor went 1-3 with an RBI.

"The Glove" went six innings, gave up seven hits, striking out 10 and walking one. Wilkins went 1-4 with two RBIS. Carter went 1-3 with a double and a run scored. Katie Barrett went 2-3 with a run scored and a stolen base. Haley Walker went 1-3 with a run scored.

Addison moves to 6-4 on the season and Meek goes to 4-3-1.

# Tackle Warehouse Pro Circuit presented by Bad Boy Mowers Heads to Lewis Smith Lake

**Charity Muehlenweg**
MLF

**CULLMAN, Ala.** – Major League Fishing (MLF), the world's largest tournament organization, heads to Cullman, Alabama, this week, March 11-14, for the MLF Tackle Warehouse Pro Circuit presented by Bad Boy Mowers, Covercraft Stop 2 – Lewis Smith Lake . This is the second event of the 2021 Pro Circuit season – hosted by the Cullman Area Local Organizing Committee – offering competitors the opportunity to compete for a total purse of more than $900,000.

In its 26th season, the circuit formerly known as the FLW Tour features 163 of the world's best bass-fishing professionals competing across six regular-season events, each with a top award of up to $135,000.

The field will also compete for valuable points to qualify for the 2021 Tackle Warehouse TITLE presented by Mercury, the Pro Circuit Championship, and the opportunity to compete for up to $235,000.

This event will mark the fifth time the Tackle Warehouse Pro Circuit has visited Lewis Smith Lake.

The Pro Circuit last visited Smith Lake in April 2018, when North Carolina pro David Williams took advantage of the shad spawn around the docks, bringing home the hardware with a four-day total of 64 pounds, 9 ounces.

Prior to that, in March 2015, Pennsylvania pro Dave Lefebre sacked up 65 pounds, 5 ounces over four days, with a unique technique – targeting fish chasing blueback herring with a wakebait – to bring home the win.

Lefebre also holds the record for the heaviest winning weight in a Pro Circuit event on Smith Lake.

"I was able to fish on Smith Lake a lot last year due to COVID-19 – it is phenomenal through the winter months and anglers are able to get a lot of bites.

The fishing is ideal right now and will be through the next month or so," said Cullman native and Bass Pro Tour angler Matt Lee.

"It's setting up nice and we haven't had any crazy amounts of rain or flooding, so I think guys are going to be able to catch them just about any way they want to."

Although Smith Lake is a highland reservoir and known for its deep, clear water, with depths up to 250 feet, with spring around the corner the fish are starting to move up to shallower water.

"It's in that pre-spawn phase right now – right in between moons, when fish are moving up – so this should be a really good tournament," Lee continued.

"The dirtier water back in the creeks is always a factor on Smith Lake. However, with the number of boats in the field, there's not as much of it, so it can fish small under that type of pressure and it might be tricky to count on that to hold up for four days.

"I predict it will take 17 pounds a day to win the event and 15 pounds the first three days should guarantee a spot in the top 10 on the final day," said Lee.

Anglers will take off at 7 a.m. CT Thursday through Sunday from Smith Lake Park, located at 403 County Road 386 in Cullman. Weigh-ins will also be held at the park Thursday and Friday at 3 p.m. and Saturday and Sunday at 4 p.m.

Due to COVID-19 precautions, attendance is limited to competing anglers, family, essential staff and media covering the event.

Fans are encouraged to follow the action online through the MLF NOW! live stream and coverage at MajorLeagueFishing.com.

In Tackle Warehouse Pro Circuit competition, the full field of 163 anglers compete in the two-day opening round on Thursday and Friday.

The top 50 pros based on their two-day cumulative weight advance to Saturday. Only the top 10 pros continue competition on Sunday, with the winner determined by the heaviest accumulated weight from the four days of competition.

The MLF Tackle Warehouse Pro Circuit presented by Bad Boy Mowers, Covercraft Stop 2 – Lewis Smith Lake event will feature live on-the-water coverage and a two-hour action-packed television show that will premiere on the Outdoor Channel on Sunday, July 18 from 7 to 9 a.m. ET and re-air on the Sportsman Channel this fall.

Weigh-ins will be streamed daily and fans can catch live on-the-water action all day Saturday and Sunday, March 13-14 on MLF NOW! beginning at 7:30 a.m. CT at MajorLeagueFishing.com.

The 2021 season culminates with the Tackle Warehouse Pro Circuit TITLE presented by Mercury, where the top 48 pros in the points standings plus, 2020 TITLE Champion Rusty Salewske of Alpine, California, and 2020 Angler of the Year Ron Nelson of Berrien Springs, Michigan, will compete for as much as $235,000.

The 2021 TITLE will be on the Mississippi River in La Crosse, Wisconsin on Aug. 17-22, and is hosted by Explore La Crosse.

For complete details and updated information visit MajorLeagueFishing.com. For regular updates, photos, tournament news and more, follow the Tackle Warehouse Pro Circuit presented by Bad Boy Mowers on the MLF BIG5's social media outlets at Facebook, Twitter, Instagram and YouTube.

**MONTGOMERY, Ala.** – Gov. Kay Ivey has awarded grants totaling $228,289 to assist the efforts of six specialized units and organizations that help victims of domestic violence and sexual assault in north Alabama.

"Domestic violence harms families and leaves lasting scars on victims and those close to them," Ivey said.

"I am thankful for these agencies which intervene and help family members in north Alabama rebuild their lives."

A $56,000 grant to the Marion County Commission will help fund the county's Domestic Violence Recovery Program, providing a full-time investigator and two part-time prosecutors who specialize in domestic violence cases.

The unit also serves Winston County. Matching funds of $18,667 will supplement the grant.

AshaKiran Inc. will use $40,000 in funds to continue offering culturally specific services to help domestic violence and sexual assault victims throughout the state.

The organization will provide training and education to shelter programs, first responders and other professionals who work with victims in Madison, Limestone and Jackson counties.

A $60,235 grant will help Crisis Services of North Alabama continue its Forensic Nurse Examiner Program.

The program ensures domestic violence victims receive forensic exams and follow-up care by specially trained nurses in Madison, Morgan, Jackson and Limestone counties.

Domestic Violence Crisis Services will use funds of $20,000 to continue providing shelter and financial assistance for victims seeking to break free of violent situations.

The agency also maintains a 24-hour telephone call line, court advocacy and prevention programs.

It serves victims in Cherokee, DeKalb and Marshall counties.

Safeplace Inc. of Florence will receive $37,000 to continue serving residents in Colbert, Franklin, Lauderdale, Lawrence and Marion counties. It offers several victims programs and provides training to law enforcement personnel and community groups as well as school-based violence-prevention-education programs.

Victims Services of Cullman Inc. will use $15,053 in funds to expand on current victim services and prevention education programs.

It will also continue to provide training to law enforcement and conduct agency self-assessments. It serves Cullman and Winston counties.

The Alabama Department of Economic and Community Affairs (ADECA) is administering the grants from funds made available to the state from the U.S. Department of Justice.

"Gov. Ivey and ADECA are dedicated to ensuring that victims continue to receive the services and help they require," ADECA Director Kenneth Boswell said.

# Harper (from Front)

**W.C. Mann**
craig@cullmantribune.com

**CULLMAN, Ala.** – The Cullman County Animal Shelter has love to spare right now, so Donna Ruttkay shares a bonus Cullman Tribune Pet of the Week:

Harper is a 1.75-2 year-old yellow lab/terrier mix. He's a lively-but-not-hyper, medium-energy pet with the classic webbed lab feet.

With his people close by, he's a sponge for absorbing new skills; he enjoys the shelter's outdoor obstacle course and wears his backpack proudly.

He has good spatial awareness and is skilled on his leash.

Harper has the makings of a good companion, therapy or hiking dog.

Harper's adoption fee is $100 which includes DHLPP vaccine, Bordetella vaccines, rabies vaccine, wormer, general exam at the vet, neutering, microchip, free 30-day health insurance policy issued by 24PetWatch (with valid email only) and a free bag of food from Cullman Pet Depot (you must pay sales tax).

Animal shelter staff and volunteers work with their dogs to make sure they are accustomed to being around people, walking on a leash and practicing good behavior.

Several of the shelter's canine friends have even been "hired" to work as therapy and special needs service dogs.

Please consider adopting, to give a rescued pet a chance at a happy and healthy life.

Contact the Cullman County Animal Shelter at 256-734-5448 or cullmancountyanimalshelter@gmail.com.

Visit the shelter at 935 Convent Road NE.

Good news!

Ruttkay reported that recent Pet of the Week Butter Biscuit has been adopted.

Thanks to the whole community for making forever homes a regular destination for our furry friends.
