74-year-old Ron Mann celebrates birthday after beating COVID-19

CULLMAN, Ala. – Tuesday was a birthday Ron Mann will never forget. It's a miracle, according to his doctors, that he is able to celebrate his 74th birthday. Mann tested positive for COVID-19 on Oct. 29 and after three months on a ventilator, four months in the hospital and one month in rehabilitation, he is now home and getting stronger day by day.

Mann, a lifelong member of Cullman's First United Methodist Church, was surprised Tuesday evening as family and friends made their way from the church to his home a block away. They carried signs, cards, balloons and gifts to give to the man they all prayed for and loved. The show of love and support moved Mann to tears as he sat on his porch and waved.

Tuesday was the first time he had seen many of his closest friends since October and although he knew their prayers and encouragement played a major role in his surviving COVID, he was finally able to witness it. Mann's daughter Jennifer Shugarts said, "He is not an emotional person and I have only seen him cry a few times in my life. I think that meant so much to him and he was very surprised."

Shugarts spoke about her father's journey. She explained, "He got COVID at the end of October and he was on a ventilator for three months. Really, with all the complications that he had, his doctors had prepared us that he probably wouldn't make it, or his quality of life would be really bad."

At one point, Mann was on complete dialysis that was believed to be permanent. "It was like a roller coaster--up and down, up and down," Shugarts recalled. Mann showed grit and determination to get better and eventually, after four months in the hospital, was moved to rehab.

CULLMAN, Ala. – Cullman City Schools is gearing up to launch a new citizenship program that aims to impact hundreds of local students in the coming years.

CCS, the Liberty Learning Foundation and the City of Cullman are partnering with the American Character and Citizen Promise programs, which will be offered to around 250 seventh grade students at Cullman Middle School and 250 ninth grade students from Cullman High School this fall respectively — with plans to expand those programs by grade level each following year. Students will be able to participate via sponsorship, volunteering and mentorship.

"Around 20 years ago, we got away from character and citizenship in education as a whole, to focus so much on reading and math," Cullman City Schools Superintendent Kyle Kallhoff said. "But in the process, we let character and citizenship fall behind. That's what makes me so excited about this partnership, which will address the problem head on, teaching students the idea of service before self."

Brett Johnson, vice president of Liberty Learning Foundation, noted the programs aim to address a need that has largely gone unnoticed at the state and national level the past several years.

"We want to prepare students for what comes after high school, which for every student, is adulthood," he said. "Be it college, the workforce or learning how to manage a household, our goal is for students to feel confident in starting that next chapter of their life. We believe this is something that will pay dividends in this community for years to come."

The American Character Program for seventh graders will create an exciting experience for students to learn lessons in civic responsibility, character building, financial literacy, career development, community engagement and defining their role in America's future.

This resource teaches the history behind 10 pivotal American characters such as Harriet Tubman, Benjamin Franklin and Abraham Lincoln, while highlighting the motivating character traits which distinguishes these individuals as extraordinarily significant heroes in the American experience.

The program is compatible with American history, civics or government class, and concludes with a student-led "Expo" where they share their ideas and execution of service projects with peers, parents and press. Through defining characters from our nation's past, students will develop their own strong character for America's future.

Opportunities throughout the year help inspire and educate by ensuring the comprehension of critical civic, character, historical and career/life knowledge. School administrators, counselors and teachers facilitate, mentor and celebrate student achievements. The goal is to help students engage in real-world opportunities, giving them a firm foundation and a roadmap for the paths they choose after graduation.

Alabama Senator Garlan Gudger, Jr. was instrumental in assembling the stakeholders and bringing the program to Cullman City Schools, as Cullman High will only be the second school in the state to feature the new Citizen Promise curriculum.

"When I learned about this program, it didn't take me long to connect the dots," Gudger said. "I'm excited for what this will mean for the next generation of our community coming out of Cullman City Schools.

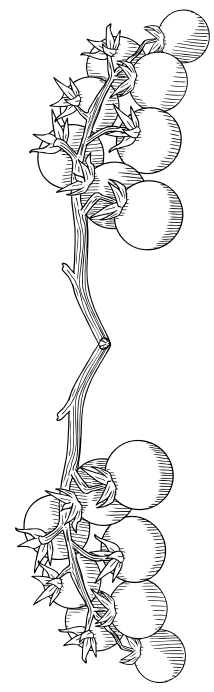

Cullman Mayor Woody Jacobs added, "We want our students to grow into good citizens, to be the next teacher — or next doctor — in our community."

Founder and CEO of Liberty Learning Foundation, Patti Yancey, noted the program is aiming to simply assist in the great work and ambition already in place in Cullman City Schools to bring citizenship education to students.

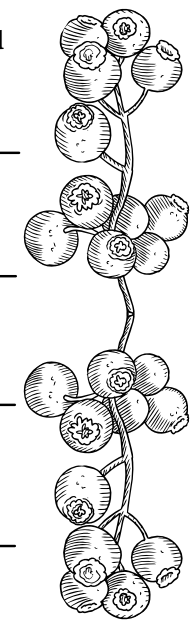

"We want to be that extra hand to help with what you already have the drive to do," she said. "Thank you for bringing this dream to fruition."

Celebrate Memorial Day safely
As we honor the men and women who have given their lives for this country, respect your fellow citizens by doing your part to protect them by getting vaccinated. With Memorial Day weekend approaching, families and friends may be gathering to celebrate with cookouts, picnics and trips to the lake or beach. After the Memorial Day holiday in 2020, an increase in COVID-19 cases followed. Everyone needs to be responsible and help prevent a resurgence of COVID-19 infections in 2021. Fully vaccinated people can now resume activities without wearing a mask or social distancing. At this time when COVID-19 case numbers are lower and vaccine availability is widespread, unvaccinated people who are hesitant should take this opportunity get vaccinated. The Pfizer vaccine is now available for everyone age 12 and up, and the Moderna and Johnson & Johnson vaccines are available for adults ages 18 and older through approximately 1,400 vaccine providers in the state. Celebrations are safer with fully vaccinated people. Please protect yourself and others as we enter the summer season. Remember, what you do affects others, and our nation will be stronger with more people vaccinated.

FEMA community vaccination center updated dates of operation
The drive-thru FEMA Community Vaccination Center located at Watermark Place (4500 Katies Way) in Bessemer will no longer be open on Sundays. The site will also be closed May 30 and 31 in observance of the Memorial Day holiday. The site will continue to provide vaccinations to citizens six days a week and appointments are available but not required. Appointments can be made on the web scheduler located at https://myturn.timetap.com. The website also includes links to documents that will need to be reviewed before being vaccinated. These materials are also available on-site. No appointment required, no ID required, and no insurance required.

COVID-19 dashboards no longer updating on weekends / K-12 dashboard suspended
Alabama's COVID-19 Dashboards will no longer update on weekends. The information will continue to be updated Monday through Friday. The K-12 dashboard will be suspended and re-evaluated in the fall once school resumes. Dashboards including vaccine distribution, vaccine clinics, risk indicator and data and surveillance can be accessed via the COVID-19 Dashboard Hub located here: arcg.is/0brSGj

COVID-19 vaccine data for persons 12-15 years of age
Children 12 years and older are now eligible to get vaccinated against COVID-19. Since May 10, 6,460 patients ages 12-15 in Alabama have received vaccinations with the Pfizer-BioNTech COVID-19 Vaccine. Pfizer is currently the only vaccine available to children and adolescents up to age 18.

Myocarditis and vaccine safety monitoring
Myocarditis (inflammation of the heart muscle) can occur in persons, including children and adolescents, from viral infections, including SARS-CoV-2 disease. Myocarditis can specifically occur in a condition known as Multisystem Inflammatory Syndrome in Children. As part of vaccine safety monitoring, a small number of adolescents and young adults have had myocarditis after receiving an mRNA COVID-19 vaccine. At this time, it is unclear whether the vaccine is linked to myocarditis. However, given the emphasis on safety for all vaccines, including COVID-19 vaccine, members of the Centers for Disease Control and Prevention Advisory Committee on Immunization Practices COVID-19 Vaccine Safety Technical Work Group wanted information on any potential for myocarditis post vaccine to be communicated to providers. Dr. Yvonne Maldonado, chair of the American Academy of Pediatrics Committee on Infectious Diseases, stated, "We look forward to seeing more data about these cases so we can better understand if they are related to the vaccine or if they are coincidental. Meanwhile, it's important for pediatricians and other clinicians to report any health concerns that arise after vaccination to the Vaccine Adverse Event Reporting System so we can systematically track and analyze them, and determine if they signal a real concern." VAERS can be accessed here: https://vaers.hhs.gov/. ADPH continues to recommend COVID-19 vaccine for age-eligible persons. No cases of myocarditis in adolescents and young adults have been reported in Alabama at this time. ADPH places priority on vaccine safety and continues to monitor.

Persons who previously had COVID-19 should not identify as being vaccinated
Persons who have previously had COVID-19 should not identify as being vaccinated if they have not received a COVID-19 vaccination. There is increasing scientific evidence in peer-reviewed scientific literature that shows that some persons with confirmed COVID-19 may develop a very weak immune response, or none at all. Increasing evidence shows that those who do develop a response from being infected are showing decreasing immunity. Repeat infections in persons previously infected are being seen both in Alabama and nationally. Previous COVID-19 infection cannot be equated to vaccination.

Updated Pfizer-BioNTech COVID-19 vaccine storage guidelines
Based on a review of recent data submitted by Pfizer, Inc., the U.S. Food and Drug Administration authorized undiluted, thawed Pfizer-BioNTech COVID-19 vaccine vials to be stored in the refrigerator at 2°C to 8°C (35°F to 46°F) for up to one month. This is a change from previous guidance which stated that thawed, undiluted vaccine vials could be stored in the refrigerator for up to five days. A fact sheet for health care providers administering vaccine with more information is available here: www.fda.gov/media/144413/download?utm_medium=email&utm_source=govdelivery.

hospital and rehab.

"He has home health that comes and some physical therapy that comes, and then lots of family support," Shugarts said.

Now, Mann has received both of his COVID vaccinations and Saturday will mark two weeks since his second. Adhering to the recommendation of waiting two weeks, Mann continues to stay home at a safe distance from those who visit.

Shugarts said, "He really can't afford to get anything, not just COVID, but anything. He is just incredibly weak but getting stronger every day. Mentally, he is completely himself, it just took so much out of him physically."

The family is grateful to the many friends, other family members and church members who have created a loving support system for Mann and his wife. Tears filled his eyes when he was surprised Tuesday and Shugarts explained, "It was a happy cry. Very happy tears."

She continued, "I think there's been a few times during this when reality has hit him, and he has been a little down.

"It has been very uplifting for him to know that so many people have been praying for him and encouraging him.

"We've been telling him that, but I don't think he really understood how many, like we were telling him that everybody was encouraging, praying and asking, but until he saw it for himself, I don't think he realized that so many people cared about him."

Mann has worked for Edward Jones for many years and several of his clients joined those wishing him a happy birthday.

Shugarts said that Mann hopes to return to work soon even if it's just for a few hours a week. "He's determined, so he's pretty determined he is going to beat this. That's what he says," Shugart said.

"He's a miracle! He's just a miracle! There were so many doctors that looked at us and said they really couldn't explain it because after everything he has been through, he really shouldn't be here. It's remarkable for sure."

She added, "He was in the Marines and I think that background of just determination has always been a part of who he is and how he raised us."

Fishing (from Front)

Justin Grider
Contributor

MONTGOMERY, Ala. – Have you ever wanted to learn the basics of fishing, but didn't know where to begin? The Alabama Department of Conservation and Natural Resources' Wildlife and Freshwater Fisheries Division has developed a beginner fishing course just for you.

WFF's "Go Fish, Alabama!" Program provides adults and families with little-to-no fishing experience an opportunity to fish under the guidance of a skilled fishing mentor.

The program is for anyone interested in learning how to fish, socializing outdoors, putting fish on the dinner table, or simply enjoying the thrill of the catch. Each event is conducted in a safe, welcoming and constructive environment.

"The goal of the program is to highlight the benefits of spending time outdoors while learning about conservation, including the importance of purchasing a fishing license," said Justin Grider, WFF's R3 Coordinator (Recruitment, Retention and Reactivation).

"When you purchase a hunting, fishing or Wildlife Heritage license, all of those funds are reinvested in conservation efforts throughout the state. Fisheries and wildlife management, habitat restoration, land conservation, public access to outdoor recreation and state Conservation Enforcement Officers are just some of the ways your license dollars make Alabama one of the best places in the country to fish or hunt."

During the events, all the necessary bait, equipment and tackle are provided. However, you will need to bring a cooler to take home your catch.

The events take place at State Public Fishing Lakes, State Parks lakes, city lakes and other fishing destinations throughout the state.

For select events, a $10 registration fee may apply. Online registration is required to attend.

Jennifer Cohron, from Cordova, Alabama, took part in a recent Go Fish, Alabama! event at Walker County Public Fishing Lake. She recommends the program for anyone who has been around fishing for years and wants to move from being an observer to being a participant.

"The program is ideal for someone who is interested in the idea of fishing but wants to get more comfortable with it by having an instructor there to help," Cohron said.

"I'd especially recommend it to women. I have to believe there are others like myself who have an interest in fishing, but no one took the time to teach them, and now they feel a little embarrassed to admit that they don't know how."

In addition to learning the basics of fishing, including how to clean and prepare her catch for the dinner table, the program helped Cohron deepen her connection with a family tradition.

"My husband Zac and I have spent a lot of time fishing this year in memory of my dad, Rocky Williams, who passed away in July 2020," Cohron said.

"Usually, Zac is the one doing the fishing and I'm reading or enjoying the scenery. When I fish, he takes care of everything, just as my dad took care of everything when I was a kid. All I had to do was cast. I've really enjoyed being on the water this past year, but I wanted to know how to do things like tie on a hook or pick out a lure. If I had wanted to go fishing by myself, I wouldn't have been able to before the class."

Since attending the Go Fish, Alabama! event, Cohron and her family have kept up that tradition.

"My husband and I went out for an hour or so the afternoon I took the class, and we've taken our son out to Walker County Public Fishing Lake once since then," she said. "It's something we've been doing on a regular basis anyway, but we will continue for sure."

Looking back at a fun 2021 season

CULLMAN, Ala. – The 2021 season was an eventful and memorable one for several local teams. Holly Pond, Cullman, Cold Springs, Good Hope and West Point all advanced to the Regional Tournament stage of the postseason and for the teams that didn't make it as far as they planned, this spring was a great chance to build towards 2022.

Addison (13-18)
Addison looked to have a big season in 2021 behind a mixture of veterans and young up-and-coming players and after starting the season 2-7 to start the season, the Lady Bulldogs quickly got things back on track and finished the regular season 11-9. Their year came to an end in the Class 2A, Area 11 tournament when they fell to Sumiton Christian and Cold Springs. Addison finished the year going 13-18 overall. Madison Aderholt graduated from Addison over the weekend, but the Lady Bulldogs have a bright future ahead as they will bring back a lot of young talent in hopes of getting into the postseason in 2022.

Cold Springs (19-14) (Area Runner-up, lost to Thorsby in Regionals)
Cold Springs brought back a veteran squad in 2021 as they looked to make some huge noise during the season. The Lady Eagles started out the campaign going 5-3. Despite going through a little slump, Cold Springs righted the shift and they rolled past Fairview, Good Hope, Dora, and Holly Pond to end the regular season strong.

The Lady Eagles dropped their opening game in the Class 2A, Area 10 tournament to Winston County, then they dominated Addison and the Lady Yellow Jackets to keep their season alive before falling to Sumiton Christian in the area championship game. Cold Springs advanced to the West Regionals in Tuscaloosa and dropped their opening game to Lamar County, but they defeated Isabella to keep their season alive. Unfortunately, that's as far as they would get as their dropped their game to Thorsby, 2-0, and the Lady Eagles finished with a 19-14 record.

Anna Katherine Voce, Kyla Aaron, Shay Sellers, Toni West and Morgan Chasteen graduated from Cold Springs over the weekend so the Lady Eagles will have some big shoes to fill in 2022 but they also have some key pieces returning as well and they will look to return to the postseason.

Cullman (34-17-1) (Area Runner-up, lost to Athens in Regionals)
Cullman brought back a lot of young, amazing talent, along with some veterans, in 2021 as they looked to take home some hardware, including the Class 6A state title. After 10 games, though, the Lady Bearcats were just 4-6. Then everything started going according to plan as Cullman won 13 of their next 16 games and they continued their dominating run for the rest of the regular season, going 5-1-1 in their last seven games. The Lady Bearcats shut out Muscle Shoals in its opening game of the Class 6A, Area 14 tournament, 4-0, and it turned into a best-of-three series between Cullman and Hartselle to see who would take home the area championship. The Lady Bearcats defeated Hartselle 6-3 in their first game of the day but the Lady Tigers ended up taking the next two games to win the area title. Cullman traveled to Florence to play in the North Regionals at Florence and after rolling past Jasper in their first game, 15-2, the Lady Bearcats got shut out by Hazel Green, 10-0. Cullman got a huge shut out win over Ft. Payne to keep their season alive, but they ran into a really good Athens squad and wound up falling to the Lady Golden Eagles, 19-4. The Lady Bearcats finished the season with an impressive 34-17-1 record and sophomore Chalea Clemmons had a record-breaking year on the mound and at the plate as she finished with well over 300 strikeouts and over 20 home runs.

Everyone will return for Cullman as they will look for a repeat performance in 2022 and make it even deeper into the postseason.

Fairview (11-18)
Fairview looked to take that next step in 2021 behind a young, talented squad. They split their first six games of the season and at one point, won four out of six games. The Lady Aggies finished the regular season going 4-3 in their last seven games. Fairview dropped their opening game of the Class 5A, Area 14 tournament to Brewer, 12-2, and looked to keep their season alive against Guntersville, but they fell just short at the end, 5-4.

The Lady Aggies finished with a record of 11-18 and lost Kyleigh Aleman, Kloie Watson and Deavan Fulmer to graduation over the weekend, but will bring back a lot of young, talented players as they will look to take that next huge step in 2022.

Good Hope (13-18) (Area Runner-up, lost to Cherokee County in Regionals)
Good Hope lost a lot of great talent over the past few years, and they fielded a very young squad in 2021 as they looked to get better each game. The Lady Raiders went through a lot of growing pains during the season, but they did pick up some huge wins over Addison and Holly Pond, including a 9-8 win over the Lady Bulldogs to end the regular season. Good Hope dominated Hanceville in its opening game of the Class 4A, Area 11 tournament, but dropped their next game to Curry before rolling past the Lady Bulldogs once again to get to the area championship game against the Lady Yellow Jackets. They ended up dropping that game, 16-0, as they finished second in the area tournament.

The Lady Raiders saw their season quickly come to an end in Regionals at Montgomery as they ended up falling to Etowah and Cherokee County, 15-1 and 15-0, respectively. Good Hope finished with a 13-18 record and will have everyone coming back in 2022 as they will look to continue getting better each day.

Hanceville (0-19)
Hanceville looked to surprise some people in 2021, but the season didn't go according to plan as they finished with an 0-19 record, including back-to-back losses to Good Hope in the Class 4A, Area 11 tournament. They lost four seniors to graduation over the weekend: Cassidy Campbell, Mersadies Childers, Brittney Dearing and Emma Goodwin but will bring back a young, talented squad with hopes of more success in 2022.

Holly Pond (21-11) (Area Champions, lost to Elkmont in Regionals)
2021 looked to finally be the year for Holly Pond as they looked to make some history behind a veteran team. The Lady Broncos started out the season going 6-1 in their first seven games and looked to keep things going their way the rest of the way. Holly Pond reeled off six straight wins at one point and finished the regular season winning four of their last six games.

They hosted the Class 3A, Area 13 tournament after going 6-0 during the season and after defeating J.B. Pennington and Susan Moore in their first two games of the tournament, the Lady Broncos were one win away from winning the area title. They would do just that as they rolled past the Lady Tigers in the championship game, 14-4, and they traveled to Florence to play in the North Regionals.

Holly Pond defeated East Lawrence in their first game, 2-1, before falling to Fyffe in the next round, 12-4, dropping them in the loser's bracket game against Elkmont as they looked to keep their season alive. Unfortunately, things didn't go according to plan as the Lady Broncos dropped the game, 10-0, but not before they finished with an amazing record of 21-11. They lost Aubrey Armstrong to graduation over the weekend, and she'll be a huge loss for them. Holly Pond will bring home a lot of key pieces in hopes of making even more history in 2022.

Meek (11-15)
Meek brought back a lot of veteran players in hopes of having a big year in 2021. The Lady Tigers started out the season 5-3 and won five in a row at one point, but they went through a bad slump to end the campaign, dropping 11 of their final 14 final regular season games. Meek looked to right the shift in the Class 1A, Area 12 tournament and they defeated Hubbertville in a wild game, 11-10, but that ended up being their final win of the season as they fell to Marion County and Lynn.

The Lady Tigers finished the season 11-15 and saw seven seniors graduate over the weekend: Ryleigh Thompson, Abby Phillips, Courtney Lane, Savannah Smith, Dani Cotton, Victoria Frith, and Hannah Taylor. Meek will look to fill some huge shoes in 2022 as they will look to some younger players to contribute.

Vinemont (7-16)
Vinemont looked to have a good year in 2021 behind a young, but talented squad. The Lady Eagles split their first six games of the season, but it was a struggle for wins the rest of the way for them. Vinemont picked up some huge wins over Phil Campbell, Fairview, and Meek during the season, and they took on Danville in the opening round of the Class 3A, Area 15 tournament. The Lady Eagles got shut out by the Lady Hawks, 10-0, and looked to keep their season alive against Phil Campbell, but they fell just short to the Lady Bobcats, 10-9.

Vinemont finished with a 7-16 record and lost McKenna Kline, Emilie Hoffman and MacKenzie Lawrence to graduation over the weekend. The Lady Eagles will bring back some young talent in hopes of having a great turnaround season in 2022.

West Point (24-20-2) (Area Champions, lost to Russellville in Regionals)
West Point looked to bring home a lot of hardware in 2021 as they brought back a lot of key players. The Lady Warriors started out the season 2-0 after scoring 31 runs in the first two games combined, but they struggled over the next 10 games, going 1-7-2. A five-game winning streak saw West Point slowly start to get things back on track and then went on an 8-2 run later on in the season. They ended the regular season by shutting out Danville on the road, 6-0, and that gave them a lot of momentum going into the Class 5A, Area 15 tournament.

The Lady Warriors defeated Russellville in the opening game of the area tournament, 4-1, before rolling past the Lady Golden Tigers in the area championship game, 14-2, and traveled to Florence to play in the North Regionals. West Point dropped their first game of Regionals to Hayden, 6-3, and faced off against Russellville in a rematch of the area tournament as the Lady Warriors looked to keep their season alive. But it wasn't meant to be for them as they ended up falling to the Lady Golden Tigers, 8-4. West Point finished with a 24-20-2 record and lost Lexi Shadix and Sydney Sellers to graduation over the weekend. They will have almost everybody coming back in 2022 as they will look to make an even deeper postseason run and will also look to fill some huge shoes.

"We will still have our drop off locations, but some people prefer to drop off at Curt's Closet.

"Also, being able to serve families in emergency situations is huge.

"Before, I would have to leave my job or contact a volunteer to serve these families.

"Being full-time, I will be able to get items to Victim Services, house fire victims and foster families when needed.

"I have prayed about this for a very long time. God kept showing me it was in His plans.

"I am truly thankful to be able to serve these families in a more efficient way, on a full-time basis."

Tournament (from Front)

W.C. Mann

CULLMAN, Ala. – German Axe Throwing Company (GATCo) is enjoying its novel place in Cullman area recreation, and will host a charity tournament on Saturday, June 5, 2021 from 10 a.m. - 3 p.m. at its range located at 419 Main Ave. SW in Cullman, benefiting Children's of Alabama in Birmingham. All tournament proceeds, along with 10% of regular range proceeds Thursday, June 3 and Friday, June 4, will go to the hospital.

GATCo's Dalton Woodard told The Tribune, "We got involved with this charity through a loyal customer--Dustin Burney with Midgard Vikings Brotherhood. He hit us up to partner with him for this charity event. We agreed that Children's Hospital is a wonderful recipient, and what a fun way to raise money--an axe tournament. Even if you do not wish to enter the tournament, you can still come out and support this great cause. We will have Mom & Ms food truck, Raffles and door prizes. We hope to make this an annual event."

Registration for the tournament is $100, due by Friday, May 28. Prizes include $400 for first place, $200 for second and $100 for third.

How is the axe-throwing business doing?

"We are doing great!" said Woodard. "They are currently refacing the front of our building. It's been a long process but we look forward to the end result. We also now have a mobile ax throwing trailer available to book for parties and events. We have several festivals lined up; we will be at the Memorial Day Weekend Festival at Smith Lake Park this weekend and 2nd Fridays starting in June. Good things are coming for GATCo and we are excited to be along for the ride."
