Governor Ivey issues Executive Order to fight overreaching COVID-19 vaccine mandates

Office of Gov. Kay Ivey
Contributor

MONTGOMERY, Ala. — Governor Kay Ivey on Monday signed Executive Order 724 to fight the overreaching COVID-19 vaccine mandates from the federal government. In doing so, Governor Ivey released the following statement:

"The federal government's outrageous overreach has simply given us no other option but to begin taking action, which is why I am issuing this executive order to fight these egregious COVID-19 vaccine mandates. Alabamians – and Americans alike – should and must have the choice to roll up their sleeves to get this shot and certainly not forced by government. While President Biden laughs at the idea of protecting your freedoms, I will continue fighting for Alabama businesses and their employees.

"If the federal government presses on with these new federal mandates, then the Biden White House has once again failed the American people. As I have stated, no doubt, this will be challenged in federal courts. I am already working in concert with Attorney General Steve Marshall, because Alabama is standing firm in this fight. This latest move by the federal government is what I believe is an illegal overreach, and I am confident we will win the battle in the courts."

She continued, "I am adamantly opposed to federal mandates related to the COVID-19 vaccine and adamantly opposed to state mandates related to the COVID-19 vaccine, plain and simple.

"As long as I am your governor, the state of Alabama will not force anyone to take a COVID-19 vac- » PAGE 3

CULLMAN, Ala. — Richard T. Buettner recently retired from serving for the past 33 years as President/Chairman of the Board of Trustees for the Public Cemetery of Cullman. The current members of the Board presented a plaque to Buettner in honor of his dedicated service Thursday, Oct. 21. Richard was asked to join the Board in 1988 after his uncle, Herman M. Linda McPhillips, a member of the Board of Trustees for the cemetery, shared, "There was a Scarlet Fever epidemic in Cullman in 1882, and it took 6 hours for men to dig a grave because there were not tools such as backhoes. People were dying so quickly that they could not keep up with where the bodies of the de- » PAGE 6

COVID-19 BY THE NUMBERS

Monday, Oct. 25, COVID-19 update from the Alabama Department of Public Health's COVID-19 Dashboard Hub (https://bit.ly/3iVJwXK)

ADPH COVID-19 dashboard changes

Along with decreases in COVID-19 cases, hospitalizations and deaths, ADPH will be updating its dashboard less frequently. Effective June 7, the Data and Surveillance Dashboard will update Monday, Wednesday and Friday; the Vaccine Distribution Dashboard will update Tuesday and Thursday and no weekend updates will be made. Additional information may be provided in the future as ADPH gathers more data on the pandemic.

*The dashboard has been redesigned to help people better understand the current transmission levels in their communities and the impact of COVID-19 in Alabama. The moving 7-day sum is updated daily instead of weekly--instead of a 3, 7 and 14-day average, the dashboard will provide a 7-day moving sum for cases. The 2020 and 2021 breakdowns of cases and deaths will be provided - not just a total sum over both years.

Case details* (Updated Monday, Wednesday and Friday)

- Positivity in tests in Alabama: 6.1%
- Confirmed cases in Alabama (2020): 388,183
- Confirmed cases in Alabama (2021): 430,431 (+ 1,698 since Friday)
- Total confirmed deaths in Alabama (2020): 7,187
- Total confirmed deaths in Alabama (2021): 8,220 (+29 since Friday)
- Positivity in tests in Cullman Co.: 3.1%
- Total confirmed cases in Cullman Co. (2020): 7,592
- Total confirmed cases in Cullman Co. (2021): 7,876 (+ 62 since Friday)
- Deaths in Cullman Co. (2020): 129
- Deaths in Cullman Co. (2021): 164 (+ 0 since Friday)
- Total tested in Cullman Co. in the last 7 days: 1,471
- Total tested positive in Cullman Co. in the last 7 days: 46
- Total tested in Alabama in the last 7 days: 50,006
- Total positive tests in Alabama in the last 7 days: 3,030
- Currently hospitalized in Alabama: 503

Vaccine details (updated Tuesday and Thursday) No Updates Available

- Doses delivered to Alabama: 6,742,605
- Doses delivered to Alabama providers: 3,863,025
- Doses administered: 4,432,885
- Number of people receiving one or more doses: 2,501,853
- Number of people who have completed vaccine series: 2,064,354
- Doses delivered to federal programs: 2,879,580

Alabamians in Phases 1a, 1b and 1c (including those 12 and older) are now eligible to receive a vaccine.

Order (from Front)

cine. Through today's order, the state of Alabama is making our position on this issue crystal clear.

"A state law in response to President Biden is not enough. The courts are where this will be resolved. Today is one step in this fight, but certainly not the last.

"Alabamians are overwhelmingly opposed to these outrageous, Biden mandates, and I stand firmly with them."

HANCEVILLE, Ala. — A Hanceville man was arrested and charged with 11 grand jury indictments of child pornography through a multi-division collaborative effort.

The Cullman County Sheriff's Office works with many agencies to keep the citizens of Cullman County safe. One such group is ICAC (Internet Crimes Against Children).

Working with ICAC, investigators were able to obtain grand jury indictments for Brett Alan Cole, 52, of Hanceville.

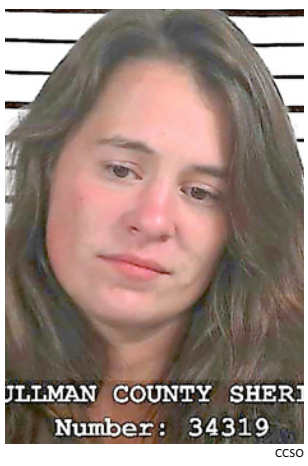

He was arrested Oct. 23 and charged with 11 grand jury indictments of possession of child pornography (children under the age of 17.)

According to the CCSO, illegal images were recovered from his devices after the ICAC was able to retrieve his IP address. They receive tips and follow up with local agencies and while working together. It's a collaborative work between the CCSO, Cullman Police Department and ICAC.

"There is nothing more valuable than our children," Sheriff Matt Gentry said. "Protecting them and their innocence may be our most important role in law enforcement.

"We want parents and their children to know they are safe here in Cullman County. I am thankful to all involved in getting this potential threat behind bars."

CULLMAN COUNTY, Ala. — The Cullman County Sheriff's Office made multiple arrests over the weekend specifically involving methamphetamine.

On Thursday, Oct. 21, around 3 a.m., CCSO deputies located Katherine Nichole Jones, 30, of Cullman, asleep in the bed of her truck.

The vehicle was parked at a service station. Jones gave consent to the deputies to search the vehicle.

Illegal narcotics were located inside the vehicle and on her person. Jones was arrested and charged with possession of dangerous drugs, possession of dangerous drugs opium or derivative and possession of dangerous drugs- methamphetamine.

Also on Oct. 21 around 11 p.m., CCSO deputies stopped Chanda Leeanne Pope, 33, of Baileyton, in the area of Duck River for a traffic violation.

Pope provided consent to search the vehicle. A prescription bottle, needle and open container of alcohol were located inside the vehicle.

Pope was then placed under arrest and transported to the Cullman County Detention Center.

Upon arrival, more needles and other drugs were located on her person. Pope was charged with dangerous drugs-methamphetamine, Illegal possession of prescription drugs, possession of drug paraphernalia, promoting prison contraband and open container.

"Getting drugs off the street is a priority for all of law enforcement," Sheriff Matt Gentry said. "I am so proud of the deputies here at the Cullman County Sheriff's Office for continuing to be proactive and doing their part to keep the citizens of Cullman County safe."

Fairview topples Vinemont 24-6 to win county championship

Nick Griffin
nick@cullmantribune.com

VINEMONT, Ala. – Fairview made the trip to Vinemont to take on the top-seeded Eagles in this year's Cullman County Championship Game and after falling to the Eagles 32-0 earlier in the season, the Aggies bounced back in a big way Thursday night and topped Vinemont 24-6 to claim the county title. Fairview built an early lead and after a late touchdown from the Eagles cut into the lead, a late turnover gave the ball back to the Aggies and allowed them to run out the rest of the clock and secure the win.

Fairview Head Coach David Martin and his staff knew that containing Vinemont's running game was going to be a big key to winning this game and he was happy to see his team execute the plan Thursday night.

"We knew we had to stop the ground game. Last time we played them, we couldn't stop them and that was our whole emphasis this week preparing for them.

"We knew they were going to ground and pound it and we had trouble with it last time, but we knew if we could control that ground game, we'd have a chance," Martin said.

"Offensively, we knew if we could get a couple of early scores and put the pressure on them that would give us a lot of confidence. We got the defense rolling too and made some big stops to give them some confidence. The blocked punt was big, and we didn't have as many miscues this time around, so the boys were really ready to play tonight."

The Aggies took control of the momentum early after Alex Cruz blocked an Eagles punt deep in their own territory and set up Fairview's offense with great field position.

Just a few plays later, Jake Harper punched one into the end zone from 5 yards out and after the two-point conversion, the Aggies led 8-0 with 3:27 to play in the opening quarter. Vinemont was forced to punt again on its next possession and the Eagles went into the second quarter trailing 8-0.

Fairview stuck again early in the second when quarterback Kolt Redding took one 36 yards to the house for another Aggies touchdown and the two-point conversion stretched the lead to 16-0 with just under seven minutes remaining in the second quarter.

Both teams punted on their final possessions of the half and Fairview went into the break with a commanding, 16-0 lead.

The Aggies received the ball to start the third quarter and another big run from Harper set Fairview up deep in Eagles territory. A few plays later, Redding capped off another scoring drive with a 1-yard dive and the Aggies pulled ahead 24-0 early in the third following the two-point conversion.

MARTHA NEEDHAM/THE CULLMAN TRIBUNE

The Fairview Aggies knocked off the Vinemont Eagles 24-6 Thursday night to win this year's Cullman County Middle School Championship.

Jaxon Marotz gave Vinemont some life with a big kick return out near midfield and later in the drive, Dominic McDonald broke through the line and raced past the Aggie defense to score from 44 yards out and cut the lead to 24-6 with 38 seconds to play in the third.

The Eagles forced Fairview to turn the ball over on downs on its next possession and got the ball back with a chance to chip away more of the lead, but a fumble recovered by the Aggies with less than two minutes to play put things out of reach for Vinemont.

Fairview held on to win it 24-6 and claim this year's county crown.

Redding finished the night with 95 yards and two touchdowns on nine carries and Harper added 82 yards and a touchdown on 15 carries. McDonald led the way for the Eagles with 70 yards and a touchdown on 11 carries and Josh Rhodes 32 yards on 13 carries.

Martin was proud of the way his team responded to their loss to Vinemont earlier in the year and finished the season strong Thursday night.

"In the first game I think we kind of went into it thinking we didn't have to play hard, and they kicked us right in the mouth.

"That gave us a wakeup call and so these last couple guys I think they realized they had to show up or their season would be over," Martin said.

"So, they were a hungry bunch of kids. These eighth graders had it rough last year and they stuck around, hung with it and worked hard. I told them that if they would keep working it hard, it would pay off for them and it finally did so we're proud of them. I've got two of the greatest coaches and I really appreciate all that they do too. It was a great season for us."

Rabies (from Front)

ADPH

MONTGOMERY, Ala. — The Alabama Department of Public Health is announcing that the United States Department of Agriculture is currently distributing oral rabies vaccine (ORV) in parts of Alabama. The current action is a continuation of a program that includes 15 states nationally, with the intent of reducing raccoon rabies and the associated public health risks from rabies exposures.

Annually, most of the ORV packets are dropped in Alabama during the month of October. While some of the Jefferson County area has already been covered, the majority of the ORV packets in other counties will be dropped by airplane starting this week.

At least a portion of the following counties have been identified as having drop zones: Bibb, Blount, Calhoun, Cherokee, Chilton, Coosa, Cullman, DeKalb, Etowah, Jackson, Jefferson, Marshall, Morgan, St. Clair, Shelby, Talladega, Tuscaloosa and Winston.

In urban areas such as the Birmingham metropolitan area, vaccine packets are distributed by hand from trucks alongside the tree lines. Helicopters are often used to drop baits in more heavily wooded areas that are more difficult to access.

In rural areas with vast wooded lands, airplanes will be used. Altogether, residents may see low-flying aircraft or helicopters in the vaccination area.

The vaccine packets consist of a sachet, or plastic pack, containing the rabies vaccine. The outer shell of the packet is coated with fishmeal or dog meal to attract raccoons. Raccoons are vaccinated by opening the packet with their teeth, which exposes their gums to vaccine.

Animal exposures are common, but the ORV poses no risk of rabies to humans or animals if exposed. Animal reactions may include some mild digestion issues, but reactions are rarely serious. If a packet is found, it should be handled with gloves and either replaced in an area where a raccoon may find it or disposed of in the trash.

Occasionally, skin reactions can occur in humans. It is best to avoid direct contact with the skin, eyes or mucous membranes with the vaccine. If exposure occurs accidentally, then it is recommended that the person wash hands with warm water and soap. Should more serious reactions occur, there is a telephone number on the vaccine packet to call for more information.

Dr. Dee W. Jones, state public health veterinarian, states that the phone number on the vaccine packet rings to his office. "I understand the concern from citizens and owners when an ORV packet is found in an unintended place or when there is an unintended exposure, but I am hopeful that people keep the big picture in mind, and that is actually reducing the risk of rabies exposures in Alabama by vaccinating raccoons."

He adds, "The vaccine packets have been proven to be very safe by historical data collected from incidental exposures. I believe the ORV program benefits public health, animal welfare and wildlife."

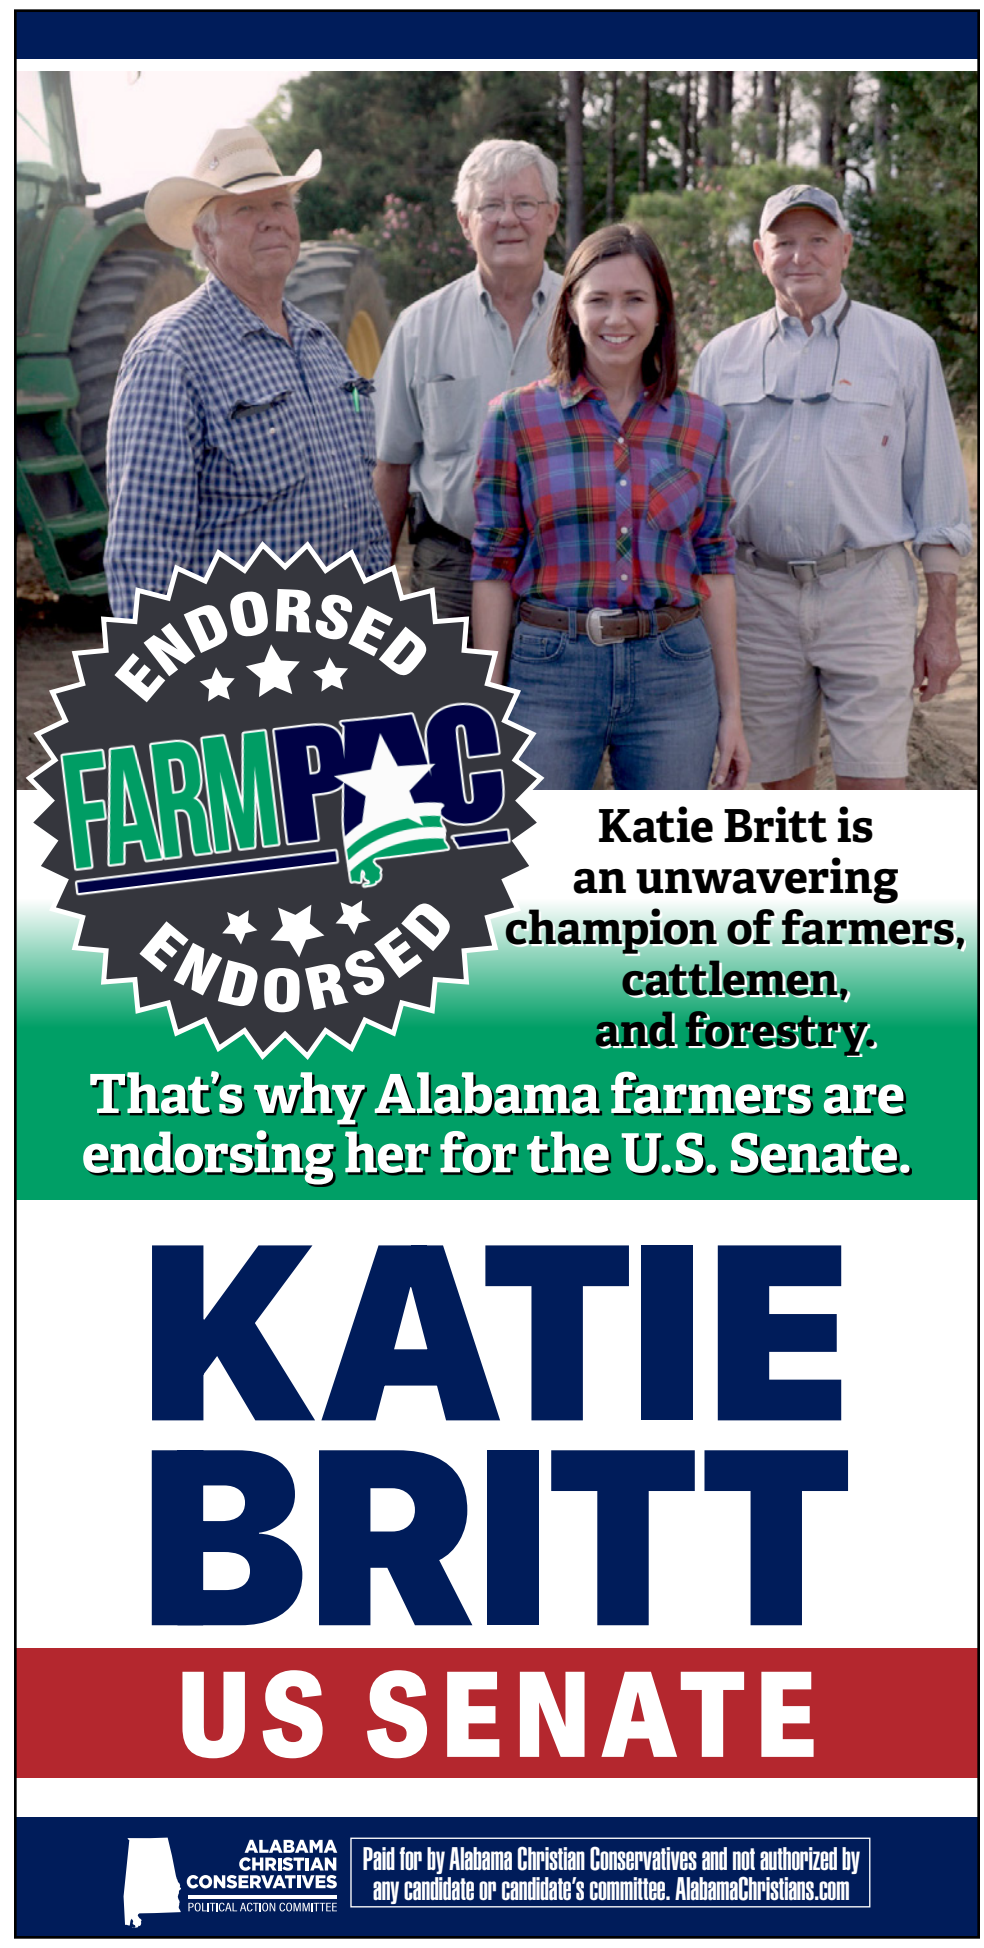

For more information about the federal ORV usage in Alabama, please contact the USDA at 1-866-4USDA-WS. For more information about rabies exposures, animal or human exposures to the ORV please call ADPH at 1-334-206-5969.

ceased were buried. So, any records the cemetery normally kept were unable to be done because people were so afraid.

"Then later, the cemetery was moved, and Richard got an original piece of the fencing and actually recreated the original ironwork; and then has gone on to help develop better technology for the cemetery so records can be much better kept no matter what happens."

Some of the many improvements to the cemetery under Richard Buettner's leadership include upgrading water pipes and adding more storm drains, purchasing an additional 5 acres, renovating the office and maintenance buildings, planting trees and repairing storm damage.

McPhillips continued, "There was an area that had not been developed, and now the area on the hill has opened up and plots are selling there. Those areas were mucky and muddy but Richard developed and engineered the drainage for them so we can sell that land as well. It is just so beautiful there."

"There has been a hedge added, and an arch. On Main Avenue, they added some decorative trees. There was damage around where Colonel Kullman is buried and Richard took care of the tree, and it's coming back around thanks to him.

"He has been an amazing overseer. When asked what all has he done, he has left this cemetery taken care of for the future."

Mr. Buettner's plaque inscription reads: "Thank you for your selfless hard work and efforts to set examples of dedicated commitment, service and leadership to this Board of Trustees and to the citizens of Cullman who visit the cemetery, enjoy its beauty and peacefulness and pay respect to those buried in the cemetery. We appreciate what you have done for this community by serving diligently for 33 years.

"Your wisdom, talents and accomplishments have helped establish high standards for the future operations of this beautiful historic cemetery."

"There was a saying about how you were headed to Heaven if you went down 9th Street, because whether you went east or west, you were on your way to the Catholic cemetery or the Protestant cemetery," McPhillips laughed. "Richard was one of the first people I ever heard say that. We are going to miss him dearly."

Other members of the current Board of Trustees include Joe Hagan, Jerry Mobley, Linda McPhillips, Cherri Drake, Roy Williams and Darrell Fuqua, cemetery sexton.

The Public Cemetery of Cullman is located at Ninth Street and Main Avenue SW in the city of Cullman, is operated as a nonprofit cooperative and is jointly owned by each individual whom purchases a grave lot in the cemetery.

The cemetery was established March 3, 1881, when Colonel John G. Cullmann, Charles Albes and Adam Dreher incorporated it on land donated by Col. Cullmann.

The cemetery is open until dusk each day and the office hours are 7 a.m. - 3:30 p.m. on weekdays or by appointment. Decoration Day in the cemetery is always the second Sunday in May. All are invited to come visit the cemetery, enjoy its exceptional beauty and tranquility and find a peaceful spot to reflect on those buried here. Donations may also be made to the perpetual care fund.

HANCEVILLE, Ala. — Hanceville High School on Saturday hosted 31 marching bands at the 30th annual Mud Creek Marching Festival. With the festival's growing popularity, bands traveled in from outside the state as well, with one such band having traveled from Mississippi to attend. Other Cullman County bands in attendance were West Point, Good Hope, Cold Springs, Holly Pond, Meek, Arab and Falkville high schools.

The bands are divided into different classes based on their number of wind and percussion players. Auxiliary members are not included. The high school marching bands in attendance were:
