Cullman County Commission moves toward airport expansion

Cheyenne Sharp

CULLMAN, Ala. — The Cullman County Commission at its regularly scheduled meeting on Tuesday, May 21, approved plans for engineering services for the reconstruction of the apron and hangars to be constructed on a new taxiway at Cullman Regional Airport.

Airport Director Ben Harrison said to the commission, "What we're asking you for is the engineering services and design on this project," Said Harrison, "The reason we're trying to do this right now is we don't want to start digging in late September or late October. We are afraid that three-four month project would turn into a six-seven month project."

The commission approved "Resolution 2024-23: Approved Engineering Services Contract, pending any requested changes by ALDOT, for General Aviation Apron Reconstruction Design Project at the Cullman Regional Airport." » PAGE 10

WEST POINT, Ala. — The West Point High School Scholars Bowl team will attend the National Academic Quiz Tournaments' High School National Championship Tournament in Atlanta this weekend, qualifying with its victory at the Cullman County High School Scholar Bowl Tournament, and following its best-ever second place finish at the 2024 NAQT Small School National Championship. West Point will step into a 320-team field on Friday, May 24, 2024, including other Alabama teams from Arab, Decatur and Madison.

This will be West Point's eighth trip to the national tournament.

Jeff Hoppes, NAQT vice president for communications, wrote, "Quiz bowl is a competitive, academic, interscholastic activity for teams of four students.

"Quiz bowl teams use buzzers to answer questions about science, math, history, literature, mythology, geography, social science, current events, sports, and popular culture.

"The matches feature a blend of individual competition and team collaboration, since no individual player is likely to be an expert in all subject areas. Participation in quiz bowl both reinforces lessons from the classroom and encourages players to develop new intellectual interests."

According to NAQT, West Point will be represented by Starr Boyd, Sean Harbison, Brodie Henry, Brady Laughlin, John Davis Yovino and Coach Lee Henry.

Tournament results will be updated throughout the three days of competition at www.naqt.com/go/stats/14702 so everyone can follow along and see how the team does. You can also follow #hsnct on Instagram.

Berlin (from Front)

BERLIN, Ala. — The Berlin Town Council on Monday voted to create four temporary part-time staff positions to assist with the town's upcoming 2024 Community Day Tractor Show in celebration of Sweet Grown Alabama Day on July 13, 2024.

Town Clerk Keirstyn Montgomery posted the first job on Tuesday, seeking an assistant for up to 20 hours per week, starting June 10, 2024. Three more positions will be posted closer to the event, with employment to begin July 8, 2024. All positions will conclude on July 16, 2024, though the council will consider extending one of the positions, if needed, at its July 15, 2024, meeting. All positions will pay $15 per hour for up to 20 hours per week. Applicants must be at least 18 years old. For more information and application, visit https://berlinal.gov/2024/05/21/1753/.

The council passed a resolution to return County Roads 1612 and 1614 to gravel surfaces temporarily. Mayor Patrick Bates told the council that repair and resurfacing plans are getting increasingly expensive, and that "the project is mushrooming" with the necessity of relocating water lines and fire hydrants. The approved measure will take the roads down to a new gravel layer with new culverts while Bates follows engineers' advice to seek a Community Development Block Grant to fund the expanded project.

The council held the first reading of an amended ordinance to change income thresholds for town business licenses. If passed, most area businesses and delivery services coming to the town will not need a license if they make less than $10,000 per year in the town. People offering property for rent will not need a license until their rentals amount to at least $20,000 per year. The council can vote on the measure at its June meeting.

The council also discussed possible means for annexing an abandoned cemetery recently uncovered. The Berlin/Kritner Cemetery, alternately known in historical records as the Herron Family Cemetery and Warren Family Cemetery, had been untended for a number of years and had become overgrown until adjoining property owners decided to mow the patch, discovering a pile of relocated markers in the process. Bates said that he would continue looking into possible means of annexing the unowned lot, so the Town can take an official role in maintaining it.

The Berlin Town Council meets on the third Monday of every month, at 7 p.m. in Berlin Town Hall. The public is invited to attend.

Wallace State Softball defeats Salt Lake 9-6 at NJCAA World Series

Special to The Cullman Tribune

OXFORD, Ala. — Wallace State softball's bats were on fire during their first game at the 2024 National Junior College Athletic Association Division I Softball World Series. The 11th seeded Lions defeated the 6th seeded Bruins 9-6 as the sun set at Choccolocco Park in Oxford.

The Lions took the lead in the first inning and never relinquished it. Wallace State scored 3 runs after lead-off batter Caroline Cartron singled to left field before advancing to second base on a wild pitch. A double by sophomore Laura Leigh Wheeler of Sulligent brought home Cartron, a sophomore from Hazel Green. A homerun by freshman Bayleigh Rouse of Harrison, Ga., her first of two for the game, allowed them both to circle the bases.

The Bruins answered with a pair of runs in the bottom of the first, bringing the score to 3-2, which lasted through the fourth inning.

Cartron once again got on base with a single in the fifth inning, followed by a single by Wheeler. Rouse hit her second homerun of the game, bringing all the Lions on base home to make the score 6-2.

The Bruins pushed back, earning two runs in the bottom of the fifth to bring score 6-4.

After a scoreless sixth inning, Wheeler reached first on a walk and advanced to second on a single by freshman Haley Hollyhand of Tuscaloosa. Sophomore Jessie Taylor of Athens tripled to score Wheeler and Hollyhand before a single by freshman Brandy Phillips of Beulah allowed Taylor to touch home plate. The Lions entered the bottom of the seventh with a 9-4 lead.

The Bruins put two more runs on the board in the bottom of the seventh, but it wasn't enough to overcome the Lions.

For the game, Rouse had 5 RBI off her two homeruns, Taylor earned two RBI and Phillips and Wheeler had one each.

Pitcher Emily Simon got the win for the Lions, after pitching four innings. Her sister Katie Simon, both from Athens, came in for relief for the final three innings.

Games can be viewed on the NJCAA network via www.njcaa.org.

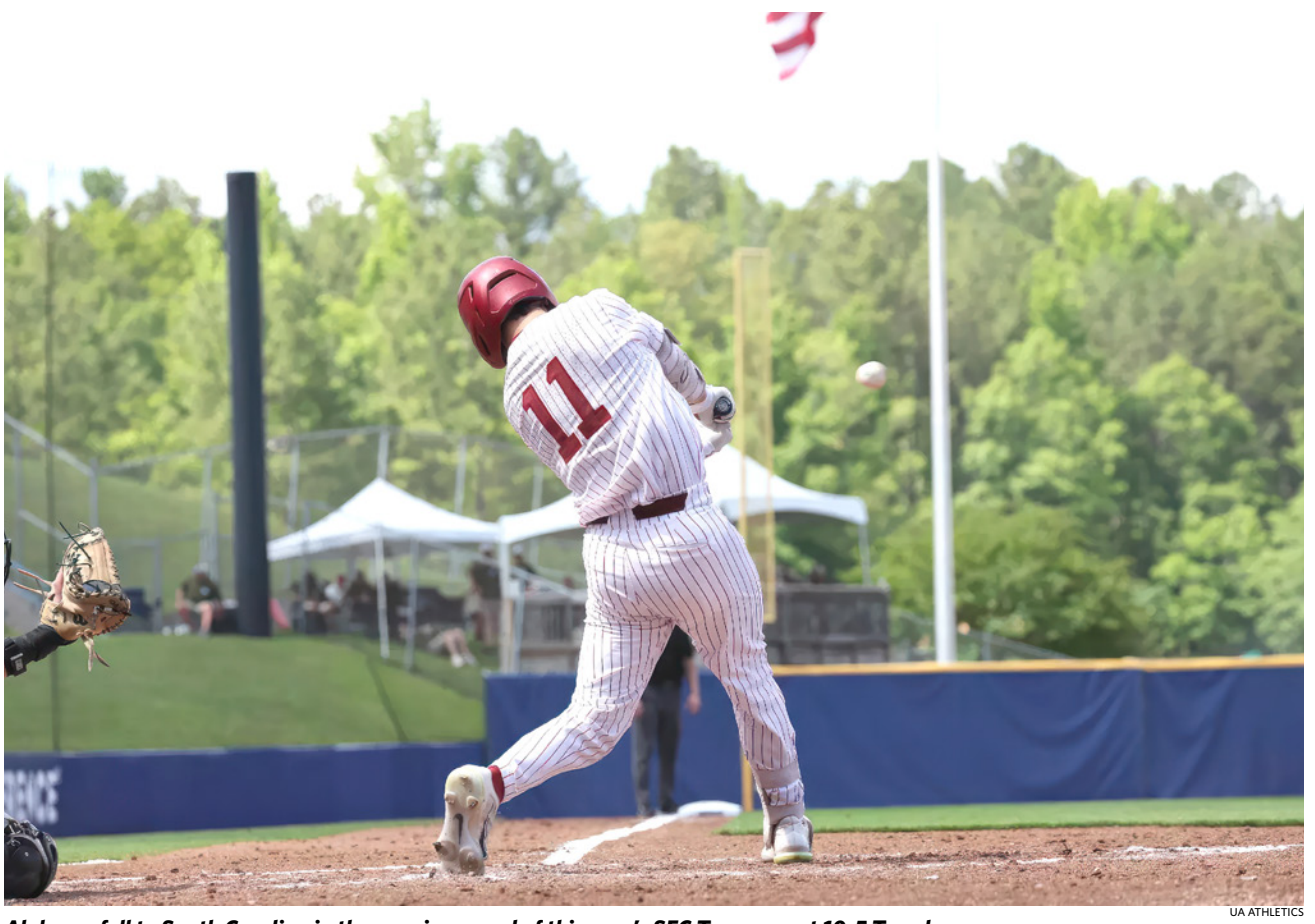

This year marks the Lions fourth straight appearance at the NJCAA World Series and their 16th overall. The Lions won the national title in 2013.

HOOVER, Ala. – Alabama baseball dropped its opening game of the Southeastern Conference Tournament, 10-5, to South Carolina on Tuesday afternoon at Hoover Metropolitan Stadium. With the loss, the Crimson Tide moves to 33-22 overall on the year.

Alabama was first to score on Tuesday, plating three runs over the first two innings with one in the first and two in the second. South Carolina then responded and never looked back, posting a six-run third to gain the advantage for good. The Tide cut the lead to one with a two-run fourth but would get no closer as SC plated single runs in the fifth and eighth to go with a two-run sixth for the 10-5 final.

South Carolina reliever Chris Veach (4-1) earned the win, throwing the final 5.2 scoreless innings with three hits and six strikeouts. The loss went to Alabama reliever Aidan Moza (3-3).

From Head Coach Rob Vaughn

"We are not thrilled with the result, but South Carolina played well – you have to tip your cap to them. Now we kind of sit and wait. We'll go back and practice, continue to prepare, and hopefully we get a chance to keep playing baseball next week."

How It Happened

- B1 | With one away, Ian Petrutz beat out an infield single and advanced to second on an errant throw. After a groundout in the following at-bat moved Petrutz to third, William Hamiter brought home the game's first run on an RBI-single to center. (1-0, Alabama)
- B2 | Mac Guscette got things started with a single and was followed by a double off the bat of TJ McCants to put a pair in scoring position. A hit-by-pitch for Will Hodo loaded them up before a second consecutive HBP, this one to Bryce Eblin, pushed a run across. With the bases still loaded, Gage Miller added one more on a sacrifice fly. (3-0, Alabama)
- T3 | The Gamecocks scored six runs on five hits, highlighted by solo homers from Gavin Casas and Ethan Petry along with a grand slam off the bat of Dalton Reeves. (6-3, South Carolina)
- B4 | Miller got the rally started with a one-out single and was followed by Petrutz' single to put runners on the corners. After a SC pitching change, Miller scored on a 6-3 groundout followed by an RBI-double from Hamiter to plate one more. (6-5, South Carolina)
- T5 | Cole Messina lifted a solo shot to move the lead to two. (7-5, South Carolina)
- T6 | A pair of two-out singles came around to score on a bases-clearing double to add to the SC advantage. (9-5, South Carolina)
- T8 | With the bases loaded, a 6-4-3 double play allowed the man from third to cross. (10-5, South Carolina)

Postgame Notes

- Alabama recorded double-digit hits for the 35th time this season.
- William Hamiter extended his hitting streak to 10 games. Over that stretch, the graduate is hitting .450 (18-40) with four doubles, a triple, two homers, 17 RBI, five runs scored, six walks and two hit-by-pitch.
- Mac Guscette extended his hitting streak to seven games. Over that stretch, the senior is batting .360 (9-25) with three RBI, six runs scored, two walks and four hit-by-pitches.
- Justin Lebron's on-base streak ended at 18 games.

Alabama will now await its NCAA postseason fate. The NCAA Regional host sites will be announced on Sunday evening with the entire bracket being released on Monday morning.

ALEA, W.C. Mann

MONTGOMERY, Ala. — The Alabama Law Enforcement Agency's (ALEA) Marine Patrol Division joined organizations across the nation to participate and observe National Safe Boating Week, a global initiative which runs from May 18-24. Boating is a cherished pastime in Alabama, especially during the Memorial Day weekend, which starts at the end of National Safe Boating Week and marks the unofficial start of the summer boating season. With this in mind, the Agency held a press event at the Alabama State Capitol on Tuesday, May 21, to emphasize the importance of safety on the water, along with announcing recent legislation that was signed into law and will greatly enhance safety on the water across the state.

One monumental legislative update was the emergency cut-off switch or "kill switch," which brought state law into compliance with federal law. The law requires the emergency cut-off switch link to be in use on covered vessels while the vessel is above displacement speed. Covered vessels are any motorized vessel less than 26-feet in length with a propulsion system capable of producing 115 pounds of static thrust, which is essentially a motor of 3 horsepower and greater. It is required of all such vessels constructed on or after Jan. 1, 2020, or such vessels that were already equipped with an emergency cut-off switch prior to or at the time of passage of the federal law.

This new requirement is aimed at protecting occupants of the boat and other vessels from runaway boats by ensuring the engine immediately stops when the operator leaves the helm or is displaced for any reason.

"The safety of all individuals enjoying Alabama's waterways is paramount," stated Matt Brooks, chief of ALEA's Marine Patrol Division.

"Boats can make sudden turns with enough force to throw an operator from the helm or completely out of the boat, causing the vessel to become a deadly hazard to the ejected operator and creates a danger to others in the area. By requiring operators to utilize these switches, ALEA aims to prevent these types of accidents, thus reducing the potential for injuries and fatalities."

Another legislative act addressed the regulation of wakeboarding and wakesurfing on specific impounded waters of the state. This measure seeks to mitigate potential hazards associated with these activities while preserving the natural beauty and recreational value of Alabama's bodies of water.

This act, which went into effect on Sept. 1, 2023, regulates wakeboarding and wakesurfing on the waters of the state impounded by Lewis Smith Dam (Lewis Smith Lake), R.L. Harris Dam (Lake Wedowee or the R.L. Harris Reservoir) and on Shoal Creek in Lauderdale County north of Highway 72. According to the new law, a person may not engage in wakeboarding or wakesurfing between sunset and sunrise, on portions of water where the width is less than 400 feet, within 200 feet from any shoreline, dock, pier, boathouse or other structure located on the impounded waters, and while not wearing a personal flotation device approved by the United States Coast Guard.

Law enforcement will issue a warning for a first offense until Sept. 1, 2024. A second or subsequent offense within the same calendar year will be treated like a first offense with regard to penalties. Penalties for a first offense are a fine of no less than $100.

Lake Martin and Weiss Lake were recently added to this law. The law will take effect on those bodies of water on Oct. 1, 2024.

"We recognize the growing popularity of wakeboarding and wakesurfing in Alabama," Colonel Jonathan Archer, director of ALEA's Department of Public Safety (DPS) said. "Through thoughtful regulation, we aim to foster a safe and enjoyable environment for enthusiasts while respecting the needs and concerns of other recreational users. This week and every week, we aim to promote public safety and save lives on the water."

ALEA Secretary Hal Taylor said, "We would also like to extend our sincere gratitude to the Alabama Legislature and Governor Kay Ivey for their unwavering support and specifically to Representatives Ginny Shaver and Ed Oliver and Senator Jay Hovey, for their collaborative efforts in prioritizing public safety on Alabama's waterways during the previous legislative session. With their assistance, we cancontinue our mission of ensuring safe and enjoyable experiences for all who navigate our state's scenic waterways."

ALEA's Marine Patrol Division remains committed to promoting water safety and enforcing regulations that protect the well-being of all individuals utilizing Alabama's water resources. These legislative acts underscore ALEA's ongoing dedication to enhancing public safety and preserving the natural beauty of Alabama's waterways.

To promote water and boating safety, the Alabama Marine Patrol Division offers the following tips:

- Wear a Life Jacket Always wear a U.S. Coast Guard-approved life jacket while boating, fishing or participating in water sports. Ensure that life jackets fit properly and are suitable for each passenger.

- Avoid Alcohol Operating a boat under the influence of alcohol or drugs is illegal and significantly increases the risk of accidents. Designate a sober driver or skipper to ensure safe navigation.

- Check the Weather Stay informed about weather conditions before heading out on the water. Postpone boating activities if inclement weather is forecasted and be prepared to seek shelter if necessary.

- Follow Navigation Rules Observe speed limits, maintain a safe distance from other vessels, and adhere to all navigational markers and buoys. Practice courteous boating etiquette and be mindful of other boaters, swimmers and wildlife.

- Equip Your Boat Ensure that your boat is properly equipped with essential safety gear, including fire extinguishers, navigation lights and a first aid kit. Regularly inspect and maintain your vessel to prevent mechanical failures.

- Be Prepared Familiarize yourself with local boating regulations and emergency procedures. Carry a charged cell phone or marine radio for communication in case of emergencies and inform someone ashore of your boating plans.

Cheyenne Sharpe
cheyenne@cullmantribune.com

CULLMAN, Ala. – The Cullman County Board of Education (CCBOE) at its monthly meeting Monday, May 20, heard a very positive update from Superintendent Dr. Shane Barnette regarding the systems' third graders.

This school year is the first for the retention portion of the Alabama Literacy Act, which was passed in 2019. Essentially, third graders not reading at grade level by this August could be held back. According to Barnette, 705 students were tested, and 99.3% were assessed as reading at or above that level.

"That is absolutely incredible and I am super proud of them," Barnette said. "They've worked hard; everyone has worked really hard and it shows."

Barnette also shared that 31 students graduated from Wallace State Community College or completed their certificate or program before high school graduation through the system's Dual Enrollment and Fast Track programs.

The Crossing hosting bass tournament June 8 at Smith Lake Park

Gauge Day
gauge@cullmantribune.com

CULLMAN, Ala. — The Crossing, a local nonprofit dedicated to providing food and other services to those in need in Cullman, is excited to host its first-ever bass tournament on June 8 at Smith Lake Park. Anglers from the community and beyond are invited to participate. Check-in will begin at 5 a.m. with final weigh-ins scheduled for 3 p.m.

The tournament features two-person teams, a five-bass limit and a $10 entry for the biggest fish pot. Entry fees are $100 per team, with substantial prizes for the top four teams: $1,500 for first place, $750 for second place, $500 for third place and $350 for fourth place.

All proceeds from the tournament will benefit The Crossing's food bank ministry, which provides essential food assistance to those in need in the community.

Founder and director of The Crossing, Melissa Hudson, shared the inspiration behind the event: "Matthew 4:19 says 'And he saith unto them, follow me, and I will make you fishers of men.' The Crossing was created to feed His sheep. We provide food for the body and food for the soul. The funds from this fishing tournament will allow us to continue doing what we were called to do... 'feed His sheep.'"

Participants can expect a straightforward tournament format. Each team will weigh in their five largest fish, with the total weight determining the winners. Additionally, those entering the biggest fish pot will compete for an extra cash prize.

The funds raised from the tournament are vital for The Crossing, especially as food costs continue to rise.

"The money raised from this tournament will assist The Crossing in purchasing much-needed food for our participants.

The cost of food has increased dramatically, and it is hurting those in our community that have limited income. Some of our participants have stated that they have to decide whether to pay bills, buy medicine or buy food.

At The Crossing we hope to be able to lift some of that burden," Hudson shared.

For more information or to register, visit The Crossing's website at thecrossing-cullman.org. You can also scan the QR code on event flyers to access the registration page directly.

For further questions about The Crossing and its ministry, contact Melissa Hudson at 256-709-2780 or email thecrossingcullman@yahoo.com.

For any questions about the rules of the tournament, those interested can contact Jeff Kenney, who is helping facilitate the tournament, at 256-736-3689.
